Matt Joki, 16411 Seymour Rd. is requesting a variance to build a 40 foot by 40 foot pole barn larger which will be larger than his home square footage to store equipment to maintain his property. Described as 01-35-552-001.

Chairman R. Kelley asked Mr. Joki if he would stand and address the Board and the audience in attendance.

Mr. Joki told the Board that he and his wife wanted to build the pole barn to house their personal and home equipment inside the barn, thus, allowing them to park their cars inside their current garage.

There was minimal discussion between Board members relative to the applicant's request.

There being no further discussion by the Board, the Chair asked the audience if they had any comments or questions. There were none.

Motion Member J. Rzepecki, seconded by Member M. Ruhlig to approve the request for the variance as presented.

There being no other discussion and/or business before the Board, the Chair adjourned the meeting at 7:20 p.m.
