Please review the Technology Lending Policy and list of charges that are included on this information sheet.

Your checkout receipt is attached to this sheet.

Please contact your library if you have any questions about the items you checked out today.

Technology Lending Policy

Lendable technology is available on a first-come first-serve basis. Technology can be borrowed for up to 14 days, is not eligible for holds or renewals, and is available to be checked out by library card holders 18 years and older, whose card is in good standing. Patrons must complete the lending agreement form in order to check out a device or computer equipment.

Patrons understand and acknowledge that while using the Bartow County Library System technology:

- Patron agrees to abide by the Rules for Library Users Policy, Circulation Policy & Procedures, the Internet & Computer Acceptable Use Policy, and any other policy of BCLS.
- Use of a BCLS device or computer equipment for illegal purposes is expressly forbidden, in accordance with applicable legal statutes.
- BCLS does not provide content filtering on devices or computers. Use of BCLS technology is at the patron's own risk.
- Patrons create, use and store personal data at their own risk. BCLS is not responsible for the loss of any personal data, including but not limited to files, folders and media.
- Reconfiguring or disassembly of devices or computers is not allowed.
- Misuse of technology may result in suspension or termination of borrowing privileges.
- Patrons must return the technology to the member library circulation desk where it was checked out.
- Patrons will be responsible for any and all damages to the technology or any missing parts. The replacement value of the individual parts will be outlined on the Technology Lending Agreement form. In the event of damage, the patron who checked out the device or computer equipment will be responsible for the cost of repairs or replacement cost.

Technology Lending Policy cont.

- At the time the technology is returned, a staff member will note the condition of the device or computer equipment on the Technology Agreement Form, note any apparent damage, and note if any individual parts are missing. Before signing off on the return, the staff member will boot up the device to make sure that it is in good working order. If there is a doubt that the technology is in good and working order, the device will be inspected by BCLS IT personnel within a reasonable period of time and the condition will be reported to the patron.
- For Chromebooks a late fee of \$5 per day will be charged to your account. For the Launchpad a late fee of \$1 per day will be charged.
- Patron will be required to complete the Technology Lending Agreement Form which patron signs for themselves and their heirs, executors, administrators and assigns, hereby release, waive, discharge and hold harmless, BCLS and its successors, assigns, libraries, directors, officers, employees, agents, and subcontractors from any and all liability, claim and demands of whatever kind of nature, either in law or in equity, which arise and acknowledges that this Agreement discharges BCLS from any liability or claim that patron may have against BCLS with respect to bodily injury, illness, death, property damage, or any other claim that may result from the technology or occurring while patron is borrowing BCLS technology.
