

Sec. 8-89. On-Site burial of waste prohibited.

The burial on a construction site of construction and demolition waste, liter, tree trunks, logs, limbs, and tops is prohibited.

Sec. 8-90. Collected Items. The public works department shall collect items of refuse upon the following conditions:

1. Refuse shall be collected from residential property wholly within the corporate limits.
2. The refuse shall be generated wholly by the residential property owner or his/her lessee.
3. Refuse shall be placed upon the residential property on the curbside where the property and the right-of-way meet and shall not be placed upon any city street, alley or right-of-way.
4. The maximum volume per collection pickup shall be one truck load per weekly pickup days per resident.
5. Tree limbs, yard trimmings, leaves and other refuse. Provided, however, tree limbs trunks, branches or cuttings shall not exceed eight feet or 200 pounds in weight in the units to be handled, and shall be stacked separately with the butts end parallel to the center line of the street.
6. Leaves, yard trimmings, limbs and other yard debris shall be separate into separate piles and placed curbside. Yearly, leave pickup routes will begin on October 1st and ending the second week in February.
7. Carpet-related waste, metal and appliances shall be separated from other effuse.

A. Limitations. The public works department shall not collect the following items of refuse.

1. Tires.
2. Paint and paint-related products in liquid form.
3. Construction debris, demolition debris that were not from the residential dwelling
4. Refuse generated from commercial activity.
5. Brush, stumps, tree trunks, and rocks, concrete which result from ground clearing, grading and other activities involving the use of heavy equipment and machinery.

B. Schedule: Refuse shall be collected from residents on weekly business days of Monday and Thursday, exceptions of holiday schedules.

Sec. 8-91. Yard trimmings.

(a) *Yard trimmings disposal regulations.* Definitions:

Commercial solid waste. All types of solid waste generated by stores, offices, restaurants, warehouses and other non-manufacturing activities, excluding residential and industrial wastes.
