

Cherokee Regional Library System Public Use of Fax Machines Policy

The public may use the library's fax machine to send or receive messages. The patron may ask at the circulation desk for a fax to be sent or received. The library's fax machine will produce a report indicating a successful/unsuccessful transmission.

A person wishing to receive a fax at the library may call the library for the fax number. If the person has a library card, s/he may use the number and arrange to come to the library to pick up the transmission. If s/he does not have a library card, s/he must come to the library to get the fax number.
