- Conducts fire prevention visits and/or inspections as assigned in accordance with applicable local, state, and other regulations and guidelines.
- Attends outside training programs as assigned in fire prevention, suppression, rescue, emergency management, emergency medical services and other related skills or duties particularly if assigned as area of responsibility as delegated by the Chief.
- Provides for cleaning, general maintenance and specialized maintenance or repair (as assigned) of Department apparatus, equipment, and property. Includes weekly apparatus and SCBA inspections. Informs Shift Commander of any defects.
- Performs duties in a safe manner and reports unsafe activity and conditions to supervisors. Follows City and Department safety procedures, policies, handbooks, and requirements and enforces such safety requirements with any assigned personnel.
- Completes necessary reporting of job functions and duties including into department records management systems or forms.
- Completes project assignments and performs assigned areas of responsibility as directed and within a timely manner to meet or exceed required deadlines.
- Acquires and retains a thorough knowledge of the city, including streets, buildings, water supply, unusual hazards, and related items.
- Participates and is assigned to station responsibilities.
- Performs related work as assigned.
- As assigned and upon verification of necessary required training, the following additional duties and responsibilities may be assigned:
  - Respond to emergency medical calls according to Department Standard Operating Guidelines.

*Part-Time Firefighter Additional Essential Duties & Responsibilities*

- Respond to emergency medical calls according to Department Standard Operating Guidelines. Performs duties at the First Responder level and provides assistance as requested to County Rescue.
- Performs pre-shift equipment inspection to ensure equipment and personal protective equipment is functional and ready for emergency use.
- Assists in the planning, acquisition, and evaluation of Department facilities, apparatus and equipment which may include assigned grant or other funding source applications and requests.
- Additional duties and responsibilities as assigned for community public education, public relations, and general promotion of an environment of public safety within the City.

- Performs and/or assists in keeping fire stations, facilities, equipment, and apparatus in a clean and orderly condition.
- Works with other City Departments during emergency incidents and in preparedness planning as well as other intergovernmental partners and agencies.
- Provides written and/or verbal reports as necessary on projects assigned and areas of responsibility.
- Attends department wide employee meetings unless excused by a Chief Officer.
- Assists the Fire Chief with annual budgeting and capital planning for department as assigned.
- Provides recommendations and supporting documentation to Fire Chief for department improvements, purchases, studies, evaluations, incident critiques, etc. as assigned.
- Performs record keeping in Fire House software program and other records management systems, so that the information meets all department and legal requirements and can be readily accessed.
- Assists in assuring department compliance with applicable State, Federal and local laws including regulations for safety.

### **ESSENTIAL KNOWLEDGE, SKILLS, AND ABILITIES**

- Knowledge of modern firefighting and EMS methods and principles, equipment and applicable operations, apparatus operations, emergency reporting and communication, firefighter personal protective equipment and City geography.
- Ability to establish and maintain effective working relationships with other members of the department, community officials, public and other public safety providers.
- Ability to learn a wide variety of firefighting duties and skills within a reasonable working test or probationary period.
- Ability to work under extremely stressful conditions, day, and night, including the responsibility to maintain composure and appropriate judgement in execution of duties.
- Ability to recognize signs and symptoms of unsafe building or site conditions in an emergency and when to change tactics or cease operations.
- Ability to plan and organize multiple work duties and schedule/prioritize, as necessary.
- Knowledge and ability to apply policies, rules, and regulations, SOG's of the Fire Department and the City.
- Basic knowledge of fire planning policies and procedures and basic disaster preparedness and procedures.
- Ability to operate fire apparatus, fire pumps and other department equipment under emergency conditions.
- Basic computer skills (i.e., Microsoft Office, Fire House (as assigned), Internet and e-mail).
- Ability to communicate well orally and in writing and follow verbal and written instructions.
- Ability to operate and communicate on required communication systems (radios, public safety computers, cell phone).
- Continued demonstration of City values, integrity, ethical decision making and commitment to innovation in performance of assigned duties.

*Part- Firefighter Additional Essential Knowledge, Skills & Abilities*

- Advance knowledge of City, State, and National Fire Protection Association; ordinances, codes and standards and ability to apply such knowledge to City operations.
- Advance skills in the ability to operate fire apparatus, fire pumps and other department equipment under emergency conditions and ability to instruct others on operations.
- Ability to quickly learn and use new skills and knowledge from changing information, new technology and new training.
- Proficient computer skills (i.e., Microsoft office, Fire House, Internet, e-mail, and audio-visual aids).
- Above average mechanical aptitude for maintenance, repair and operations of equipment, facilities, and apparatus.

## **PHYSICAL REQUIREMENTS AND WORKING CONDITIONS**

Duties may require an employee to work under extreme weather conditions and in environmental conditions of work site and may be exposed to hazardous work environments and personal danger. Exposures may include, but are not limited to, extreme heat or cold, rain, snow, ice, pollutants, odors, and fluids. Work may also be performed in an office setting. Position requires the individual to work under various physically demanding conditions and requires the individual to maintain adequate physical conditioning and abilities.

Therefore, the following physical abilities are deemed essential:

- Sufficient clarity of speech and hearing and other communication capabilities, with or without reasonable accommodation, which permits the employee to communicate effectively, including during emergency situations which may involve a high degree of noise.
- Sufficient vision and other powers of observation, with or without reasonable accommodation, which permits the employee to effectively operate at a fire or related emergency scene.
- Sufficient manual dexterity with or without reasonable accommodation, which permits the employee to operate equipment use in firefighting.
- Sufficient personal mobility and physical reflexes, with or without reasonable accommodation, which permits the employee to perform all duties involved in protecting life and property.
- Ability to meet medical and physical requirements specified under Federal law and set by the Department to perform full duties without restrictions.

## **REQUIRED EDUCATION, TRAINING AND EXPERIENCE**

- High School diploma or equivalent
- Desire to care for sick and injured.
- Desire to attend firefighting school.
- Desire to attend EMT basic school.
- Valid unrestricted MI. driver's license
