For Immediate Release

Officer arrest three suspects in connection to a string of burglaries

On August 24, 2010 Mansfield Police Officers received a report from a resident of Gibbs Street in Mansfield that a freezer had been stolen from his property. Officers had no suspects. Then, on September 1, the same resident of Gibbs Street, reported miscellaneous items including metal and scrap iron was taken from his property. After an investigation, officers were able to recover much of the scrap metal and iron.

As a result of the investigation, officers arrested three (3) individual on one charge each of theft over \$500 for the combined metal and an additional charge of theft under \$500 for the stolen freezer.

Arrested were:

Christopher Price, 23, black male

John Matthew Price, 18, black male

Charmenia Price, 17, black female

Additional charges were placed on Christopher and John Matthew Price in connection to a burglary that also occurred on September 1 at the Golden Palace on the 300 Block of Louise Street. Suspects took two (2) money boxes from pool tables.

Charmenia Price is also facing an additional charge of theft over \$500 from an earlier burglary that occurred on Willard Street back in January. Officers recovered a laptop computer reported stolen from that residence during the burglary.

Mansfield Police Captain Gary Hobbs said anyone with additional information about these cases should call Mansfield Crime Stoppers at 318-872-8888 or contact the Mansfield Police at 318-872-0520. Capt. Hobbs also urges anyone who has received any of these stolen items to contact authorities. All calls are confidential.
