Re: Mansfield High School Burglary

On Wednesday- May 26, 2013 Mansfield Police responded to Mansfield High School in regards to a burglary. Upon contact with school officials it was discovered that someone had entered the building through a window and removed approx. 80 ipads. While processing the crime scene Investigators were able to recover blood near the entry point. That evidence was submitted to the crime lab and was recently matched to one of the suspects. Investigators obtained an arrest warrant for that suspect and through their investigation were able to develop additional accomplices to the burglary.

On Tuesday- October 29, 2013 Christian Turner, 17 year old black male of Mansfield, was arrested and charged with Simple Burglary. Other arrests are pending and the investigation is ongoing. Anyone who is in possession of one of the ipads has until December 1, 2013 to turn the ipad over to authorities. After this deadline anyone possessing one of the ipads could face criminal charges.
