“PUD” PLANNED UNIT DEVELOPMENT DISTRICT

SECTION 1. INTENT. The intent of the Planned Unit Development District is to encourage innovation in residential, commercial and industrial development by greater variety in type, design, and layout of buildings; to encourage a more efficient use of land reflecting changes in the technology of land development; to encourage the expansion of urban areas incorporating the best features of modern design while conserving the value of land; and to provide a procedure which relates the type, design, and layout of development to the particular site and the particular demand at the time of development in a manner consistent with the preservation of property values within established neighborhoods.

The “PUD” District in this ordinance is an overlay zone which may be used in conjunction with any of the standard residential, commercial or industrial zones. Although the specific conditions within this district are predetermined, the location of a proposed district must be carefully reviewed to assure that these conditions can be met. A development plan shall be submitted by each applicant for “PUD” zoning in accordance with the provisions and conditions that follow.

SECTION 2. PERMITTED USES. All uses, however, such uses must be approved as shown on the development plan and as specified in the regulations.

SECTION 3. GENERAL PROVISIONS.

1. The Planning Commission shall make a report to the Governing Body setting forth its reasons for recommendation of approval or denial of the application, along with specific evidence and facts showing that the proposed Planned Unit Development meets or does not meet the following conditions:

Any “PUD” which has combined two or more types of use into a single plan shall have a minimum allowable size for the “PUD” equal to the sum of the minimum land areas required for each of the two or more types contained therein.

4. Height, bulk and setback requirements may be varied so as to promote an efficient and creative “PUD”.

SECTION 4. STANDARDS AND CONDITIONS FOR PLANNED UNIT DEVELOPMENT.

1. 2. A Planned Unit Development shall not be inconsistent with the following general standards for use of land, and the use, type, bulk, design, and location of buildings, the density or intensity of use, open space, public facilities and the development by geographic division of the site.

In the case of residential Planned Unit Developments, the Governing Body may permit in each unit deviations from the number of dwelling units per acre established for the entire planned development, provided such deviation shall be adjusted for in other sections of the development so that the number of dwelling units per acre authorized for the entire planned development is not affected.

- c. The developer shall provide and record easements and covenants, shall make such other arrangements, and shall furnish such performance bonds, escrow deposit, or other financial guarantees as may be determined by the Planning Commission and approved by the Governing Body, to be reasonably required to assure performance in accordance with the development plan and to protect the public interest in the event of abandonment of said plan before completion.

- m. The "PUD" shall include such provisions for the ownership and maintenance of the common open spaces as are reasonably necessary to insure its continuity, care, conservation and maintenance, and to insure that remedial measures will be available to the Governing body if the common open space is permitted to deteriorate, or is not maintained in a condition consistent with the best interests of the Planned Unit Development or of the entire community.
- n. Modifications of the zoning or other regulations that would otherwise be applicable to the site may be permitted, providing the design of the Planned Unit Development and the amenities incorporated in it are not inconsistent with the interest of the public generally.

All members of the Board so appointed shall be residents of the City; provided, however, that if the City shall administer zoning regulations outside the City limits, one member of the board shall be a resident of the zoning jurisdiction outside the city limits. The members first appointed shall serve respectively for terms of one (1), two (2), and three (3) years, divided equally or as nearly equal as possible, among the members. Thereafter, members shall be appointed for terms of three (3) years each. Vacancies shall be filled by appointment for the unexpired term. All members of said Board shall serve without compensation. One member may be a member of the Planning Commission.

SECTION 2. ELECTION OF OFFICERS: The Board shall annually elect one (1) of its members as chairman and shall appoint a secretary who may be an officer or an employee of the City.

SECTION 6. FILING FEE: For the purpose of wholly or partially defraying the cost of the proceedings prescribed herein, including publication costs, the applicant, upon filing an appeal, shall pay to the City Clerk a fee in the amount as determined by a schedule of fees maintained by the Governing Body. Promptly upon filing the appeal and required filing fee, the City Clerk shall refer said appeal to the secretary of the Board of Zoning Appeals.

SECTION 7. PUBLIC HEARING AND NOTICE: The Board of Zoning Appeals shall fix a reasonable time for hearing of an appeal or other matter referred to it. Notice of the time, place, and subject of such hearing shall be published once in the official newspaper at least twenty (20) days prior to the date fixed for hearing. A copy of said notice shall be mailed to each party to the appeal and to the Board of Zoning Appeals.

SECTION 8. POWERS AND JURISDICTIONS: The Board of Zoning Appeals shall administer the details of appeals or other matters referred to it regarding the application of the Zoning Ordinance. The Board shall have the following specific powers:

1. To hear and decide on appeals where it is alleged that there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of the Zoning Ordinance.
2. To interpret the provisions of the Zoning Ordinance in such a way as to carry out the intent and purposes of the adopted comprehensive plan, and to correct the several districts accompanying and made a part of this Ordinance where the actual street layout varies from the street layout as shown on the zoning district map.
3. To authorize, in specific cases, a variance from the specific terms of the regulations which will not be contrary to the public interest and where, due to special conditions, a literal enforcement of the provisions of the regulations, in an individual case, results in unnecessary hardship, and provided that the spirit of the regulations shall be observed, public safety and welfare secured, and substantial justice done. Such variance shall not permit any use not permitted by the zoning regulations in such district.

The Board must find that the granting of such variance will not merely serve as a convenience to the applicant, but will alleviate some demonstrable or unusual hardship or difficulty.

4. To grant exceptions through special use permit authorization to the provisions of the zoning regulations in those instances where the board is specifically authorized to grant such special user permits and only under the terms of the zoning regulations. In no event shall exceptions to the provisions of the zoning regulation be granted where the special use permit contemplated is not specifically listed in the zoning regulations. Further, under no conditions shall the Board of Zoning Appeals have the power to grant a special use permit when specific conditions, as established in the zoning regulations by the Governing Body, are not found to be present.

SECTION 9. PROCEDURE:

1. Appeals to the Board of Zoning Appeals may be taken by any person aggrieved, or by any officer of the City or County, or any governmental agency or body affected by any decision of the official administering the provisions of this Zoning Ordinance.
2. Appeals shall be taken within a reasonable time, as provided by the rules of the Board, by filing a notice of appeal specifying the grounds thereof and payment of the required filing fee.
3. Appeals and requests to the Board for variances and exceptions to this Zoning Ordinance shall be prepared and submitted on forms approved by the Board.

4. After filing the required appeal or request and payment of the required fee, the Board of Zoning Appeals shall advertise and hold a public hearing as provided in SECTION 7 above.
5. Notice of the decision of the Board of Zoning Appeals shall be in writing and transmitted to the appellant. A copy of such decision shall also be transmitted to the City Building Inspector for filing and action, if action is required.
6. Any person, official or governing agency dissatisfied with any order or determination of said Board may bring an action within thirty (30) days in the District Court of the County, to determine the reasonableness of any such order or determination.

SECTION 10. VARIANCES TO THIS ZONING ORDINANCE:

1. The Board may authorize, in specific cases, a variance from the specific terms of this Zoning Ordinance which will not be contrary to the public interest and where, because of special conditions, a literal enforcement of the provisions of the Zoning Ordinance will, in an individual case, result in unnecessary hardship, providing that the spirit of the Zoning Ordinance is observed, public safety and welfare are secured, and substantial justice is done. Such variance shall not permit any use not permitted by this Zoning Ordinance.

The following requirements must be met before the Board may grant a variance:

- a. The applicant must show that his property was acquired in good faith.
- b. The request for a variance must arise from a condition which is unique to the property in question, is not ordinarily found in the same zone or district, and is not created by an action or actions of the property owner or applicant.
- c. The granting of a variance shall not adversely affect the rights of adjacent property owners or residents.
- d. The strict application of this Zoning Ordinance will cause unnecessary hardship upon the property owner represented in the application.
- e. The granting of a variance shall not adversely affect the public health, safety, morals, order, convenience, prosperity, or general welfare.
- f. The granting of a variance will not violate the spirit and intent of this Zoning Ordinance.

2. In exercising the above powers, the Board may reverse or affirm wholly or partly, or may modify, the order, requirement, decision, or determination appealed from the City Building Inspector. The Board may make such order, requirement, decision, or determination as ought to be made, and to that end shall have the same powers as the City Building Inspector from whom the appeal is taken. If the Board approves the variance, they shall notify the City Building Inspector of their decision and shall instruct him to issue a permit. A time limit may be specified as a condition for granting the appeal.
3. Every variation granted or denied by the Board shall be accompanied by the written finding of fact, based on testimony and evidence, and specifying the reason for granting or denying the variance, a copy of which shall be filed in the office of the City Clerk to be available for public inspection.

SECTION 11. EXCEPTIONS TO THIS ZONING ORDINANCE:

1. Exceptions to this Zoning Ordinance, as authorized by the district regulations, shall be made by special use permit after the request has been duly advertised and a public hearing held as required by law. All special use permits shall be subject to the following requirements.
2. Prior to review of the request of an exception by the Board of Zoning Appeals, the applicant shall:
 - a. File an application on forms provided.
 - b. File with the application a statement certifying that the applicant is the lawful owner of the real estate upon which the excepted use is proposed or that he has the lawful right to receive a conveyance thereof if the application is granted.
 - c. File a form of declaration of restrictions indicating use which is to be made by the legal owner if the application is granted. Said restrictions must show that use of the land will be solely that which was applied for as an excepted use. The restriction must provide that, if such use is abandoned or is proposed to be changed, the subsequent use shall be in conformity with the zoning restrictions in effect as to the land prior to authorization of the exception, unless a new application for an excepted use is made and granted.
3. A site plan shall be filed with the application showing:
 - a. Legal dimension of the tract to be used.
 - b. Location of all proposed improvements including curb-cut access, off-street parking, and other such facilities as the applicant proposes to install.
 - c. Grade elevations.

- d. Building setback from all property lines.

 - f. Perspective drawings of the proposed improvements, in such detail as will clearly show the finished appearance of the improvements proposed.
 - g. Location and type of planting, screening, or walls.
 - h. Such other items as the Board shall deem necessary to process the application properly.
4. In considering any application for an exception hereunder, the Board of Zoning Appeals shall give consideration to the comprehensive plan, and the health, safety, morals, comfort, and general welfare of the public, including, but not limited to, the following factors:
- a. The stability and integrity of the various zoning districts.
 - b. Conservation of property values.
 - c. Protection against fire and casualties.

 - m. Encouragement of improvements and land uses in keeping with overall planning.
 - n. Provision for orderly and proper urban renewal, development, and growth.

SECTION 12. PERFORMANCE:

1. In making any decision varying or modifying any provisions of this Zoning Ordinance or in granting an exception to the district regulations, the Board of Zoning Appeals shall impose such restrictions, terms, time limitations, landscaping, improvement of off-street parking lots, and other appropriate safeguards as required to protect adjoining property.
2. In lieu of actual construction of an approved off-street parking lot, the Board of Zoning Appeals may accept, in the name of the City, a corporate surety bond, cashier's check, escrow account, or other like security in an amount to be fixed by the City and conditioned upon actual completion of such improvement within a specified time, and the City may enforce such bond by all equitable means. Bonds or other security shall be filed with the City Clerk.
3. In accordance with state statute authorization (KSA 12-759) the Planning Commission may be designated to act as the Board of Zoning Appeals and where so designated shall have all powers and responsibilities as outlined above.

ARTICLE XXXIII

AMENDMENTS

SECTION 1. AMENDMENTS: The Governing Body may, from time-to-time, amend, supplement, or change the district boundaries or regulations contained in this Zoning Ordinance. A proposal for an amendment or a change in zoning may be initiated by the Governing Body or by the Planning Commission or upon application of the owner of the property affected. All such proposed changes shall first be submitted to the Planning Commission for Public Hearing, recommendation and report. The Planning Commission shall hold a public hearing thereon and shall cause an accurate, written summary to be made of the proceedings.

SECTION 2. APPLICATIONS:

1. Any party desiring any change in zoning district boundaries or regulations contained in this Zoning Ordinance, as to any lot, tract, or area of land, shall file with the City Clerk an application upon forms provided, and such application shall be accompanied by such data and information as may be prescribed by the Planning Commission. At the time of filing said application with the City Clerk, the applicant shall provide the City Clerk with the names and addresses of all owners of any land within the City's boundary located within two hundred (200) feet of the outer limits of said area to which the applicant desires change of zoning.

Where the proposed zoning amendment will include property located adjacent to or outside the City's limits, the applicant shall provide the City Clerk with the names and addresses of all owners of any land located within one thousand (1,000) feet in the unincorporated area.

2. An applicant for a change in zone to "PUD" Planned Unit Development, or "M – P" Manufactured Home Park District must satisfy the Planning Commission that he has the ability to carry out the proposed plan and shall prepare and submit a schedule for construction. The proposed construction shall begin within a period of eighteen (18) months following approval by the Governing Body, and forty (40) percent of the total planned construction shall be completed within a period of three (3) years following such approval.

Such applicant shall also prepare and submit a preliminary development plan for review and approval by the Planning Commission and Governing Body. Applicants for the "PUD," or "M – P" zones shall submit a plan prepared in accordance with the requirements of the individual district regulations.

Upon approval of the zoning application and preliminary development plan by the Planning Commission, the applicant shall prepare and submit a final development plan which shall incorporate any changes or alterations requested. The final development plan and the Planning Commission recommendation shall be forwarded to the Governing Body for their review and final action.

In the event that, within eighteen (18) months following approval by the Governing Body of an “PUD” or “M – P” District, the applicant does not proceed with construction substantially in accordance with the plan so approved, the Planning Commission shall initiate action to rezone the property. A public hearing, as required by law, shall be advertised and held, at which time the applicant shall be given an opportunity to show why construction has been delayed. Following the hearing, the Planning Commission shall make findings of fact and shall submit their recommendation to the Governing Body for official action.

SECTION 3. FILING FEE: For the purpose of wholly or partially defraying the costs of the proceedings prescribed herein, including publication costs, the applicant, upon the filing of the application, shall pay to the City Clerk a fee in an amount as required by a schedule of fees determined by the Governing Body. Promptly upon the filing of any such application, the City Clerk shall refer the application to the Planning Commission for study and recommendation.

SECTION 4. PUBLIC HEARING AND NOTICE: Before the Planning Commission shall, by proper action, formulate its recommendation to the Governing Body on any such proposed or requested change of zoning district boundary or regulation, whether initiated by the Governing Body or Planning Commission or by others, the Planning Commission shall hold a public hearing on such proposal. The secretary of the Planning Commission shall cause a notice of public hearing to be published once in the official newspaper and at least twenty (20) days shall elapse between the date of such publication and the date set for the hearing. Such notice shall fix the time and place for such hearing and shall contain a statement regarding the proposed changes in the regulations or restrictions or in the boundary of any district, and if such proposed amendment will affect specific property, the legal description and general street address shall be given; provided that, in addition to such publication notice, at least twenty (20) days before the hearing written notice of such proposed change shall be mailed to all the owners of land within the City’s boundary located within two hundred (200) feet of the area proposed to be altered, except that where the change will include property located adjacent to or outside the City’s limits, the written notice shall also be mailed to all owners of land outside the City’s boundary located within one thousand (1,000) feet of the area proposed to be altered. Failure to receive such notice shall not invalidate any subsequent action taken when the notice has been properly addressed and deposited in the mail. Whenever five or more property owners of record owning 10 or more contiguous or non-contiguous lots, tracts or parcels of the same zoning classification initiate a rezoning of their property from a less restrictive to a more restrictive zoning classification, such amendment shall require notice by publication and hearing, however, such zoning amendment shall not require written notice and shall not be subject to protest petition.

SECTION 5. ZONING CLASSIFICATIONS OF LESSER CHANGE: In accordance with the provisions of K.S.A. 12-757, the Planning Commission and the Governing Body may recommend and approve a lesser change in zoning districts without re-publication of a notice or re-distribution of notices to property owners when such change is more restrictive than the district which is applied for as shown on the table below; ***provided, however, that such recommendation and approval shall not be for a lesser classification than the existing zoning district.*** If the applicant at the Governing Body meeting, at which a zoning amendment is being considered, desires to amend the application and/or the Governing Body desires to consider a “lesser” zoning change, then such a proposed change shall be returned to the Planning

Commission for reconsideration and further recommendation to the Governing Body without further publication or notice.

For the purposes of this section, zoning classifications of lesser change shall be as shown below, based on descending order of use restriction:

1. Most Restrictive to Least Restrictive.

- “AG – 1” Agriculture District
- “AG – 2” Suburban Agriculture District
- “R – S” Residential Suburban District
- “R – 1” Single-Family Dwelling District
- “R – 2” Two-Family Dwelling District
- “R – 3” Multiple-Family Dwelling District
- “C – S” Highway Service District
- “C – 2” General Commercial District
- “I – 1” Light Industrial District
- “I – 2” Heavy Industrial District

2. Zones Not Included.

Because of the highly specialized purposes of the “PUD” Planned Unit Development; “M – P” Manufactured Home Park; “C – 1” Central Business; and “C – 3” Adult Entertainment Districts, they are not included in the table of lesser zoning changes, and are excluded from designation through the lesser change provisions.

SECTION 6. ZONING AMENDMENT CONSIDERATIONS. When a proposed amendment would result in a change of the zoning district classification of any specific property, the report of the Planning Commission, accompanied by a summary of the hearing, shall contain statements as to (1) the present and proposed district classifications, (2) the applicant’s reasons for seeking such reclassification, and (3) a statement of the factors where relevant upon which the recommendations of the Commission is based using the following factors as guidelines:

1. What are the existing uses of property and their character and condition on the subject property and in the surrounding neighborhood?
2. What is the current zoning of the subject property and that of the surrounding neighborhood in relationship to the requested change in zoning classification?
3. Is the length of time that the subject property has remained undeveloped or vacant as zoned a factor in the consideration for a change in zoning?
4. Would the requested change in zoning correct an error in the application of these regulations as applied to the subject property?

5. Is the change in zoning requested because of changed or changing conditions in the area of the subject property and, if so, what is the nature and significance of such changed or changing conditions?
6. Do adequate sewage disposal and water supply and all other necessary public facilities including street access exist or can they be provided to serve the uses that would be permitted on the subject property if the change in zoning was approved?
7. Would the subject property need to be platted or re-platted or in lieu of dedications made for rights-of-way, easements, access control or building setback lines if the change in zoning was approved?
8. Would a screening plan be necessary for existing and/or potential uses of the subject property if the change in zoning was approved?
9. Is the general amount of suitable vacant land or buildings available or not available for development that currently has the same zoning district classifications as is requested for the subject property?
10. In the event that the subject property is requested for business or industrial uses, are such uses needed to provide more services or employment opportunities?
11. Is the subject property suitable for the current zoning to which it has been restricted?
12. If the change in zoning were approved, would the uses which would be permitted on the subject property be compatible with the uses permitted on other property in the neighborhood?
13. Would the change in zoning as requested be consistent with the purpose of the zoning district classification and the intent and purpose of these regulations?
14. Is the request for the zoning change in conformance with the Comprehensive Plan and does it further enhance the implementation of the Plan?
15. What is the nature of the support or opposition of the requested change in zoning?
16. Are there any informational materials or recommendations available from professional persons knowledgeable on this request which would be helpful in its evaluation?
17. Does the relative gain to the public health, safety and general welfare outweigh the loss in value or the hardship imposed upon the applicant by not approving the requested change in zoning?

Of those factors considered as relevant to the requested change in zoning district classification or boundary, not all factors need to be given equal consideration by the Commission in deciding upon its recommendation.

SECTION 7. PROTEST: If a protest against such amendment is filed in the office of the City Clerk within fourteen (14) days after the date of the conclusion of the public hearing pursuant to said publication notice, said protest being duly signed and acknowledged by the owners of twenty (20) percent or more of any real property proposed to be rezoned or by the owners of twenty (20) percent of the area, excepting public streets and ways located within the corporate limits of the City and located within two hundred (200) feet of the boundaries of the property proposed to be rezoned, or within one thousand (1,000) feet in the unincorporated area if the property to be rezoned is located adjacent to or outside the City's limits, such amendment shall not be passed except by at least three-fourths (3/4) vote of the members of the Governing Body.

Whenever the City initiates a rezoning from a less restrictive to a more restrictive zoning classification of 10 or more contiguous or non-contiguous lots, tracts or parcels of the same zoning classification having five or more owners of record, only such owners shall be eligible to initiate a protest petition.

ARTICLE XXXIV

VALIDITY

SECTION 1. If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this Ordinance.

ARTICLE XXXV
