Independent Auditors' Report

Honorable Mayor and City Council
City of Crosbyton, Texas
221 W. Main
Crosbyton, Texas 79322

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Crosbyton, Texas, as of and for the year ended March 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Crosbyton, Texas, as of March 31, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report
Page 2

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, identified as Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

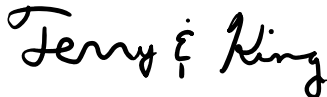

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Crosbyton's basic financial statements. The accompanying other schedules listed in the table of contents as Other Supplementary Information are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 24, 2020, on our consideration of the City of Crosbyton's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Crosbyton's internal control over financial reporting and compliance.

Respectfully submitted,

A handwritten signature in black ink that reads "Terry & King". The signature is written in a cursive, flowing style.

Terry & King, CPAs, P.C.
Lubbock, Texas

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the City of Crosbyton's financial performance provides an overview of the City's financial activities for the fiscal year ended March 31, 2020. Please read this in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The City's net position increased as a result of this year's operations. While net position of our business-type activities increased by \$138,454, net position of our governmental activities increased by \$396,190.
- During the year, the City had expenses that were \$17,744 less than the \$969,998 generated in tax and other revenues for governmental programs before transfers.
- In the City's business type activities, charges for services decreased \$14,879 to \$735,556 (or 2%) while operating expenses decreased \$15,631 to \$647,102.
- The General Fund reported a deficit this year of \$45,577 prior to inter-fund transfers.
- The resources available for appropriation were \$3,944 less than budgeted for the General Fund. Expenditures for the General Fund were less than the budgeted amounts by \$132,697.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements start on page 14. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Reporting the City as a Whole -- The Statement of Net Position and the Statement of Activities

Our analysis of the City as a whole begins on page 6. One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's *net position* and changes in it. You can think of the City's net position—the differences between assets and liabilities—as one way to measure the City's financial health, or *financial position*. Over time, *increases or decreases* in the City's net position are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the City's property tax base and the condition of the City's roads, to assess the *overall health* of the City.

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- Governmental activities – Most of the City's basic services are reported here, including the ambulance, fire, police, sanitation, streets, cemetery, and parks departments, and general administration. Property taxes, franchise taxes, charges to customers, and state and federal grants finance most of these activities.
- Business-type activities – The City charges a fee to customers to help it cover the cost of certain services it provides. The City's water and sewer services are reported here.

Reporting the City's Most Significant Funds – Fund Financial Statements

Our analysis of the City's major funds begins on page 10. The fund financial statements begin on page 15 and provide detailed information about the most significant funds—not the City as a whole. Some funds are required to be established by State law and by bond covenants. At times, a city council may establish other funds to help it control and manage money for particular purposes such as special projects or to show that it is meeting legal responsibilities for using certain Federal or State grants. Currently the City's governmental funds consist of the General Fund, Airport Fund, Court Technology Fee Fund, and the Community Technology and Economic Development Center Fund. The City's two kinds of funds – *governmental* and *proprietary* – use different accounting approaches.

- *Governmental funds*—Most of the City’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The Governmental fund statements provide a detailed *short-term view* of the City’s general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* in reconciliation on Exhibits C-1R and C-3.
- *Proprietary funds*—When the City charges customers for the services it provides—whether to outside customers or to other units of the City—these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City’s enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds.

THE CITY AS A WHOLE

The City’s combined net position was \$4,620,671. Our following analysis focuses on the net position (Table 1) and changes in net position (Table 2) of the City’s government and business-type activities.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net position. The City's combined net position was \$4,620,671 at March 31, 2020. (See Table A-1).

The City's total revenues were \$1,705,554. A significant portion, 43%, of the City's total revenue comes from the water and sewer operations. Revenues available to fund governmental activities consist of property taxes (29%), non-property taxes (22%), charges for services (32%), grants and contributions (13%) and other (4%).

The total cost of all programs and services was \$1,599,356; 40% of these costs were for water and sewer production and administration expenses. Expenses for governmental activities consisted of costs for general administration (31%), public safety (19%), streets and services (5%), sanitation (25%), health and welfare (4%), culture and recreation (11%), airport (1%), and the Community Technology and Economic Development Center (4%).

Governmental Activities

Revenues for the City's governmental activities decreased 5%, while total expenses decreased 8%.

- Property tax rates decreased from \$0.7711 to \$0.7182 per \$100 valuation. The ad valorem tax levy for the previous fiscal year was \$278,160, compared to \$279,924 for the current year. Total tax collections decreased from \$280,526 in the prior year to \$266,871 in the current year.
- Sales tax revenues decreased \$23,334 or 16%.
- The cost of all *governmental* activities this year was \$952,254. As shown in the Statement of Activities, the amount that our taxpayers ultimately financed for these activities through tax collections was \$281,958 because some of the costs were paid by those who directly benefited from the programs (\$315,022), by nonproperty taxes (\$210,599), or proceeds from grants and contributions (\$121,617).

Business-type Activities

Revenues of the City's business-type activities (see table A-2) decreased by 2% (\$735,556 from \$750,435) and expenses decreased by 2% (\$647,102 from \$662,733).

THE CITY'S FUNDS

As the City completed the fiscal year, its governmental funds (as presented in the balance sheet on Exhibit C-1) reported a *combined* fund balance of \$813,789, which is an increase from the prior year's total of \$898,051. The following items effecting fund balance should be noted:

- In the prior year, expenditures were more than revenues by \$13,238 prior to transfers. In the current year, expenditures were more than revenues by \$45,577 prior to transfers.
- The revenues in the governmental funds decreased \$71,888 or 7% from the prior period and expenses for governmental funds increased \$44,015 or 5% from the prior period.

General Fund Budgetary Highlights

Over the course of the year, the City Council revised the City's budget several times. Even with these adjustments, actual revenues were \$3,944 less than budgeted amounts and expenditures were \$132,697 less than final budget amounts.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2020, the City had \$7,878,747 invested in a broad range of capital assets, including ambulance and fire equipment, buildings, furniture and equipment, and utilities facilities (see Table A-3). This amount represents a net increase (including additions and deductions) of \$586,994, or 8%, over last year.

Table A-3
Fixed Assets

Governmental Activities:	Balance 04-01-19	Additions	Deletions/ Reclassifications	Balance 03-31-20

Net Capital Assets	<u>\$ 1,729,673</u>	<u>\$ (30,571)</u>	<u>\$ -</u>	<u>\$ 1,699,102</u>

More detailed information about the City's capital assets is presented in the notes to the financial statements.

Debt

A municipal government can finance activities such as capital improvements and acquisitions through general tax bonds or revenue bonds. Additionally, a government may purchase items through the use of capital leases or notes payable with a financial institution.

The City has a contractual agreement along with 3 other cities to purchase water from White River Municipal Water District. Additionally, each of the 4 cities has a contractual obligation to provide the funding necessary to retire \$1,055,000 of bonded indebtedness held by White River Municipal Water District. Each City is required to pay a monthly fee to fund the retirement of the indebtedness. The City accounts for these payments in the proprietary fund for water & sewer activities. The interest charged to expense in the current fiscal year was \$6,366.

<u>Business-Type Activities:</u>	<u>Balance 04-01-19</u>	<u>Additions</u>	<u>Decreases</u>	<u>Balance 03-31-20</u>	<u>Due Within One Year</u>
WRMWD Debt	<u>\$ 160,344</u>	<u>-</u>	<u>\$ 4,395</u>	<u>\$ 155,949</u>	<u>\$ 4,395</u>
Total Notes Payable	<u>\$ 160,344</u>	<u>\$ -</u>	<u>\$ 4,395</u>	<u>\$ 155,949</u>	<u>\$ 4,395</u>

More detailed information about the City's long-term obligations is presented in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City's elected officials considered many factors when setting the fiscal year 2021 budget, tax rates, and fees. Factors considered include the current economy, property tax values and the needs of the City in the coming year. The Council has adopted tax rates, budgets and set fees accordingly.

If these estimates are realized, the City's budgetary general fund fund balance is not expected to change appreciably by the close of 2021.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the City Administrator at the City's office located in Crosbyton, Texas.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
March 31, 2020

Total Fund Balances -- Governmental Funds Balance Sheet	\$ 813,789
Amounts reported for governmental activities in the statement of net position (A-1) are different because:	
Other long-term assets are not available to pay for current-period expenditures and therefore are unavailable in the funds	61,472
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	1,658,668
Compensated absences liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly, are not reported as fund liabilities	(8,140)
Some liabilities, including notes payable are not due and payable in the current period and therefore are not reported in the funds	-
Included in the items related to noncurrent liabilities is the recognition of the City's proportionate share of the net pension asset/liability required by GASB 68 in the amount of \$72,634, a deferred resource outflow related to Pensions in the amount of \$16,206, and a deferred resource inflow in the amount of \$57,043. This resulted in an increase in net position by \$31,797.	31,797
Included in the items related to noncurrent liabilities is the recognition of the City's proportionate share of the net OPEB liability required by GASB 75 in the amount of \$56,040, a deferred resource outflow related to OPEB in the amount of \$3,983, and a deferred resource inflow of \$3,171. This resulted in a decrease in net position by \$55,228.	<u>(55,228)</u>
Net Position of Governmental Activities -- Statement of Net Position	<u>\$ 2,502,358</u>

CITY OF CROSBYTON
Crosbyton, Texas

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended March 31, 2020

Net Change in Fund Balances -- Total Governmental Funds \$ (84,262)

Amounts reported for governmental activities in the statement of activities
("SOA") are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their useful lives as depreciation expense. This is the amount of capital outlays during the current period. 567,502

The depreciation of capital assets is not reported in the funds. This is the amount of current depreciation on these assets (111,199)

Certain property tax revenues are unavailable in the funds. These are the amounts that have not been collected and are therefore do not provide current financial resources. This is the amount that these accounts have changed during the current period. 4,978

Under the modified accrual basis of accounting used in the governmental funds compensated absences are recognized when paid. In the statement of activities, however, which is presented on the accrual basis, compensated absences are reported as it accrues. (2,458)

Proceeds from the issuance of long-term debt, such as notes payable are reported as other resources in the governmental funds. In the statement of net position, these amounts are reflected as an increase to the long-term debt section -

Repayment of debt principal is an expenditure in the governmental funds, but is a reduction of long-term debt in the statement of net position. This amount is the total debt principal repaid on long-term debt. -

The implementation of GASB 68 required that certain expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date caused the change in the ending net position to increase in the amount of \$9,168. Contributions made before the measurement date and during the 2020 fiscal year were also expended in the 2020 fiscal year and recorded as an increase in net pension expense for the District. This caused a decrease in the change in net position totaling \$5,408. The District's proportionate share of the pension expense on the plan as a whole had to be recorded as an expense. The net pension expense increased the change in net position \$19,450. The result of these amounts is to increase the change in net position by \$23,210. 23,210

The implementation of GASB 75 required that certain expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of 12/31/19 caused the change in the ending net position to increase in the amount of \$396. Contributions made before the measurement date and during the 2020 fiscal year were also expended in the 2020 fiscal year and recorded as an increase in net OPEB expense for the City. This caused caused the changed in ending net position to decrease \$533. The City's proportionate share of the OPEB expense on the plan as a whole had to be recorded as an expense. The net OPEB expense decreased the change in net position \$1,444. The result of these amounts is to decrease the change in net position by \$1,581. (1,581)

Change in Net Position -- Statement of Activities \$ 396,190

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS
March 31, 2020

Note A: Summary of Significant Accounting Policies

The basic financial statements of the City of Crosbyton have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") applicable to governmental units. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board ("GASB") and the American Institute of Certified Public Accountants (AICPA).

1. The Reporting Entity

The City of Crosbyton, Texas was chartered under the provisions of the State of Texas on November 21, 1917. The citizens elect the mayor at large and six council members by wards. The accompanying financial statements present the City's primary government and component units over which the City exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the City.

2. Basis of Presentation, Basis of Accounting

a. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities include the financial activities of the overall government. Eliminations have been made to minimize the over-reporting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The City does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all of taxes, are presented as general revenues.

CITY OF CROBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 2
March 31, 2020

Note A: Summary of Significant Accounting Policies (Continued)

Fund Financial Statements: The fund financial statements provide information about the City's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The City reports the following major governmental funds:

General Fund: This is the primary operating fund of the City. It accounts for all financial resources of the general government except those required to be accounted for in another fund.

In addition, the City reports the following fund types:

Enterprise Funds: Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

Component Unit: This fund reports the activities of the Pioneer Memorial Museum. The city council appoints the Museum's board of directors and approves its annual budgets. The Component Unit is discretely presented because the Component Unit's board of trustees is comprised of board members only from the primary government and those who were appointed by the primary government. Also, the Component Unit has the potential to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

b. Measurement Focus, Basis of Accounting

Government-wide Financial Statements: These financial statements are reported using the economic resources measurement focus. They are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 3
March 31, 2020

Note A: Summary of Significant Accounting Policies--Continued

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims, and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Proprietary Fund Types are accounted for on a flow of economic resources measurement focus utilizing the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. The fund equity is segregated in net investment in capital assets, restricted net position, and unrestricted net position.

c. Fund Balance Classification

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Currently, the City's restricted fund balances are made up of \$71,808 restricted by donors for Cemetery perpetual care, \$12,486 restricted for swimming pool donations, and \$1,637 restricted for Court Technology.

Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. Currently, the City has fund balances committed of \$8,201 for disaster relief, \$33,064 for the airport, and \$7,550 committed for the Community Technology and Economic Development Center.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 4
March 31, 2020

Note A: Summary of Significant Accounting Policies (continued)

c. Fund Balance Classification (continued)

Unassigned: This classification includes the residual fund balance for the General Fund.

When the City incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the City's policy to use restricted resources first, then unrestricted resources.

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

The District reserves the right to selectively spend Unassigned/Unrestricted resources first to defer the use of these other classified funds.

3. Financial Statement Amounts

a. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

For purposes of the statement of cash flows, the City considers all highly liquid investments purchased with maturity of three months or less to be cash equivalents.

Investments for the City are reported at fair value.

b. Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1st for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1st of the year following the year in which imposed. On January 1st of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period.

Allowances for uncollectible tax receivables within the General Fund are based upon historical experience in collecting property taxes. As of March 31, 2020, the amount deemed uncollectible by this estimate was \$72,668. Uncollectible personal property taxes are periodically reviewed and written off, but the City is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 5
March 31, 2020

Note A: Summary of Significant Accounting Policies (continued)

c. Inventories and Prepaid Items

The City records purchases of supplies as expenditures, utilizing the purchase method of accounting for inventory.

Certain payments to vendors reflect cost applicable to future periods and are recorded as prepaid items.

d. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair market value at the date of the donation. The City has elected not to retroactively report its infrastructure assets. Infrastructure assets acquired after the implementation of GASB 34 will be capitalized. The cost of normal maintenance and repairs that do not add to the value of the assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	50
Buildings	40-50
Building Improvements	20-25
Vehicles	5-10
Office Equipment and Furniture	5-10
Computer Equipment	3

e. Receivable and Payable Balances

The City believes that sufficient detail of receivable and payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

There are no significant receivables which are not scheduled for collection within one year of the period end.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 6
March 31, 2020

Note A: Summary of Significant Accounting Policies (continued)

f. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

g. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of management's estimates. Actual results could differ from those estimates.

h. Compensated Absences

The liability for compensated absences reported in the government-wide consists of unpaid, accumulated vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for employees eligible or expected to become eligible in the future to receive such payments upon termination are included.

i. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Governmental Funds: In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. These amounts are deferred and recognized as an inflow of resources in the period when the amounts become available.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 7
March 31, 2020

Note B: Compliance and Accountability

1. Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures", violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

<u>Violations</u>	<u>Action Taken</u>
None Reported	Not Applicable

Note C: Deposits and Investments

The City's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the City's agent bank approved pledged securities in an amount sufficient to protect City funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

Cash Deposits

At March 31, 2020, the carrying amount of the City's deposits (cash, certificates of deposit, and interest bearing saving accounts included in temporary investments) was \$1,274,791 and the bank balance was \$1,274,717. The City's cash deposits at March 31 and during the year then ended, were entirely covered by FDIC insurance or by pledged collateral held by the City's agent bank in the City's name.

Investments

The City is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the general purpose financial statements disclosed that in the areas of investment practices, management reports an establishment of appropriate policies, the City adhered to the requirements of the Act. Additionally, investment practices of the City were in accordance with local policies.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 8
March 31, 2020

Note C: Deposits and Investments (continued)

State statutes and Council policy authorize the City to invest in 1) obligations of the U.S. or its agencies and instrumentalities; 2) obligations of state, agencies, counties, cities, and other political subdivisions of any state having been rated as to investment quality by a nationally recognized investment rating firm and having received a rating of not less than "A" or its equivalent; 3) guaranteed or secured certificates of deposit issued by state or national banks domiciled in Texas; 4) obligations of the state of Texas or its agencies; 5) other obligations guaranteed by the U.S. or the state of Texas or their agencies and instrumentalities; 6) fully collateralized repurchase agreements; and 7) public funds investment pools. Temporary investments are reported at cost, which approximates market, and are secured, when necessary, by the FDIC or obligations of items 1-4 above at 102% of the investment's market value.

The City's investments at March 31, 2020 included certificates of deposit (\$389,079), and investment pools (\$332,924).

<u>Investment Pool</u>	<u>Fund Rating (Standard & Poor's)</u>	<u>Wtd Average Maturity</u>	<u>Amount</u>
Texpool	AAAm	32 Days	\$ 332,924

Public Funds Investment Pools

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of now lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The City's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 9
March 31, 2020

Note C: Deposits and Investments (continued)

Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the City was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized agencies are designed to give an indication of credit risk. At year end, the City was not significantly exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the City's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the City's name.

At year end, the City was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the City was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the City was not exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the City was not exposed to foreign currency risk.

NOTES TO FINANCIAL STATEMENTS, Page 12
March 31, 2020

Note E: Interfund Balances and Activities

Interfund balances at March 31, 2020 consisted of the following individual fund balances:

<u>Fund</u>	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>
<u>General Fund:</u>		
Special Revenue Funds	\$ 4,042	\$ 4,077
Proprietary Fund	32,233	-
Component Unit	<u>13,162</u>	<u>-</u>
<u>Total General Fund</u>	<u>49,437</u>	<u>4,077</u>
<u>Special Revenue Fund:</u>		
General Fund	<u>4,077</u>	<u>4,042</u>
<u>Proprietary Fund:</u>		
General Fund	<u>-</u>	<u>32,233</u>
<u>Component Unit:</u>		
General Fund	<u>-</u>	<u>13,162</u>
<u>Total</u>	<u>\$ 53,514</u>	<u>\$ 53,514</u>

These interfund receivables and payables arise out of the normal course of business where the general fund is owed for operating expenses paid for the other funds. All balances are expected to be paid within one year.

Note F: Interfund Transfers

Interfund transfers for the year ended March 31, 2020 consisted of the following:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
<u>General Fund:</u>		
Proprietary Fund	<u>-</u>	<u>50,000</u>
<u>Total General Fund</u>	<u>-</u>	<u>50,000</u>
<u>Proprietary Fund:</u>		
General Fund	<u>50,000</u>	<u>-</u>
<u>Total</u>	<u>\$ 50,000</u>	<u>\$ 50,000</u>

These interfund transfers represent cash flow transfers from the general fund in the normal course of business.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 13
March 31, 2020

Note G: Long-Term Obligations

Short term loans are accounted for through the applicable fund. General Fund proceeds from loans (except those issued and retired during the current year) are shown in the financial statements as Other Resources and principal payments as expenditures. Enterprise fund loans are shown in the appropriate fund.

The City has a contractual agreement along with 3 other cities to purchase water from White River Municipal Water District. Additionally, each of the 4 cities has a contractual obligation to provide the funding necessary to retire \$1,055,000 of bonded indebtedness held by White River Municipal Water District. Each City is required to pay a monthly fee to fund the retirement of the indebtedness. The City accounts for these payments in the proprietary fund for water & sewer activities. The interest charged to expense in the current fiscal year was \$6,366.

Interest expense incurred during the current fiscal year was \$0 for governmental activities and \$6,366 for business-type activities.

Changes in long-term obligations for the year ended March 31, 2020 are as follows:

<u>Governmental</u> <u>Activities:</u>	<u>Beginning</u> <u>Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending</u> <u>Balance</u>	
Compensated Absences	\$ 5,682	\$ 2,458	\$ -	\$ 8,140

Note H: TMRS-Pension Plan

Plan Description

The City of Crosbyton participates as one of 888 plans in the non-traditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8 Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tmrs.com.

All eligible employees of the City are required to participate in TMRS.

Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

	<u>Plan Year 2019</u>	<u>Plan Year 2018</u>
Employee deposit rate	6.0%	6.0%
Matching ratio (City to employee)	1.5 to 1	1.5 to 1
Years required for vesting	5	5
Service retirement eligibility (expressed as age / years of service)	60/5, 0/20	60/5, 0/20
Updated Service Credit	100%	100%
Annuity Increase (to retirees)	0% of CPI	0% of CPI

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 16
March 31, 2020

Note H: TMRS-Pension Plan (continued)

Employees covered by benefit terms

At the December 31, 2019 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	11
Inactive employees entitled to but not yet receiving benefits	16
Active employees	<u>9</u>
Total	36

Contributions

The contribution rates for employees in TMRS are either 5%, 6% or 7% of employee gross earnings, and the city matching percentages are either 100%, 150% or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City of Crosbyton were required to contribute 6% of their annual gross earnings during the fiscal year. The contribution rates for the City of Crosbyton were 4.87% and 5.02% in calendar years 2019 and 2020, respectively. The City's contributions to TMRS for the year ended March 31, 2020 were \$17,448, and were equal to the required contributions.

Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2019, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial assumptions:

The Total Pension Liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	2.75% per year, adjusted down for population declines, if any
Investment Rate of Return	6.75% net of pension plan investment expense, including inflation

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 17
March 31, 2020

Note H: TMRS-Pension Plan (continued)

Salary increases were based on a service-related table. Mortality rates for active members are based on the PUB (10) mortality tables with the Public Safety table used for males and the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the Gender-distinct 2019 Municipal Retirees of Texas mortality tables. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by Scale UMP to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees is used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by Scale UMP to account for future mortality improvements subject to the floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2014 to December 31, 2018. They were adopted in 2019 and first used in the December 31, 2019 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of real rates of return for each major asset class in fiscal year 2020 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return (Arithmetic)</u>
Global Equity	30.00%	5.30%
Core Fixed Income	10.00%	1.25%
Non-Core Fixed Income	20.00%	4.14%
Real Return	10.00%	3.85%
Real Estate	10.00%	4.00%
Absolute Return	10.00%	3.48%
Private Equity	<u>10.00%</u>	7.75%
Total	100.00%

Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 18
March 31, 2020

Note H: TMRS-Pension Plan (continued)

Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Change in the Net Pension Liability

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balance at 12/31/18	\$ 1,493,625	\$ 1,448,594	\$ 45,031
Changes for the year:

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended March 31, 2020, the city recognized pension expense of \$(27,550).

At March 31, 2020, the city reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ -	\$ 53,436
Changes in actuarial assumptions	\$ -	\$ 1,085
Difference between projected and actual investment earnings	\$ -	\$ 49,791
Contributions subsequent to the measure date December 31, 2019	\$ 4,492	\$ -
Total	\$ 4,492	\$ 104,312

\$4,492 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending March 31, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended Dec 31:	
2020	\$ (69,659)
2021	(15,134)
2022	5,584
2023	(25,103)

Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 20
March 31, 2020

Note I: TESRS-Pension

The City provides volunteer firefighters with pension coverage through the Texas Emergency Services Retirement System (TESRS).

Plan Description

The TESRS administers a cost-sharing multiple employer pension system (the System) established and administered by the State of Texas to provide pension benefits for emergency services personnel who serve without significant monetary remuneration. The System is governed by a nine-member board of trustees, with at least five of the trustees being active members of the pension system, one of whom must represent emergency medical services personnel. One trustee may be a retiree of the pension system, and three trustees must be persons who have experience in the fields of finance, securities investment, or pension administration. The System issues a stand-alone financial report that is available to the public at www.tesrs.org. The System operates on a fiscal year ending August 31 with the fiscal year ending August 31, 2019 being the latest available financial data. At August 31, 2019, there were 237 contributing fire and/or emergency services department members participating in TESRS. Eligible participants include volunteer emergency services personnel who are members in good standing of a member department. On August 31, 2019, the pension system membership consisted of:

	<u>System</u>
Retirees and beneficiaries currently receiving benefits	3649
Terminated members entitled to benefits but not yet receiving them	1842
Active participants (vested and nonvested)	<u>3702</u>
Total	9193

Benefits Provided

Senate Bill 411, 65th Legislature, Regular Session (1977), created TESRS and established the applicable benefit provisions. The 79th Legislature, Regular Session (2005), re-codified the provisions and gave the TESRS Board of Trustees authority to establish vesting requirements, contribution levels, benefit formulas, and eligibility requirements by board rule. The benefit provisions include retirement benefits as well as death and disability benefits. Members are 50% vested after the tenth year of service, with the vesting percent increasing 10% for each of the next five years of service so that a member becomes 100% vested with 15 years of service.

Upon reaching age 55, each vested member may retire and receive a monthly pension equal to his vested percent multiplied by six times the governing body's average monthly contribution over the member's years of qualified service. For years of service in excess of 15 years, this monthly benefit is increased at the rate of 6.2% compounded annually. There is no provision for automatic postretirement benefit increases.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 21
March 31, 2020

Note I: TESRS-Pension (continued)

On and off-duty death benefits and on-duty disability benefits are dependent on whether or not the member was engaged in the performance of duties at the time of death or disability. Death benefits include a lump sum amount or continuing monthly payments to a member's surviving spouse and dependent children.

Funding Policy

Contributions are made by the City for the emergency services personnel. No contributions are required from the individuals who are members of the System, nor are they allowed. The City is required to make contributions for each month a member performs emergency services (this minimum contribution is \$36 per member and the City may make a higher monthly contribution for its volunteers). This is referred to as a Part One contribution, which is the legacy portion of the System contribution that directly impact future retiree annuities.

The State is required to contribute an amount necessary to make the System "actuarially sound" each year, which may not exceed one-third of the total of all contributions made by participating governing bodies in a particular year.

The board rule defining contributions was amended in 2014 to add the potential for actuarially determined Part Two contributions that would be required only if the expected future annual contributions from the State are not enough with the Part One contributions to provide an adequate contribution arrangement as determined by the most recent actuarial valuation. This Part Two portion, which is actuarially determined as a percent of the Part One portion (not to exceed 15%), is to be actuarially adjusted every two years based on the most recent actuarial valuation. Based on the actuarial valuation as of August 31, 2016, the Part Two contributions were established by the board to be 2% of the Part One contributions beginning September 1, 2017. Based on the August 31, 2018 actuarial valuation, Part Two contributions are not required for an adequate contribution arrangement.

Additional contributions may be made by governing bodies within two years of joining the System, to grant up to 15 years of credit for prior service per member. Prior service must have occurred before the department began participation in the System.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 22
March 31, 2020

Note I: TESRS-Pension (continued)

Contributions Required and Contributions Made

The contribution requirement per active emergency services personnel member per month is not actuarially determined. Rather, the minimum contribution provisions were set by board rule, and there is no maximum contribution rate. For the fiscal year ending August 31, 2019, total contributions of \$3,480,509 were paid into TESRS by the political subdivisions served by the member volunteer emergency services personnel. The State appropriated \$1,329,224 for the fiscal year ending August 31, 2019. The City contributed \$6,588 to the System during its fiscal year ending March 31, 2020.

The purpose of the biennial actuarial valuation is to determine if the contribution arrangement is adequate to pay the benefits that are promised. Actuarial assumptions are disclosed below.

The most recently completed biennial actuarial valuation as of August 31, 2018 stated that TESRS has an adequate contribution arrangement for the benefit provisions recognized in the valuation based on the expected total contributions, including the expected contributions both from the governing body of each participating department and from the state. The expected contributions from the state are state appropriations equal to (1) the maximum annual contribution (one-third of all contributions to TESRS by governing bodies of participating departments in a year) as needed in accordance with state law governing TESRS and (2) approximately \$725,000 each year to pay for part of the System's administrative expenses.

Net Pension Liability

The System's net pension liability was measured as of August 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2019.

	<u>System</u>	<u>City of Crosbyton</u>
Total pension liability	\$ 143,501,039	\$ 196,596
Plan fiduciary net position	\$ 115,155,476	\$ 157,763
Net pension liability	\$ 28,345,563	\$ 38,833
Fiduciary net position as a percentage of the total pension liability	80.25%	80.25%

Actuarial Assumptions

The total pension liability in the August 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00% per year
Overall payroll growth	N/A
Investment Rate of Return	7.75% net of pension plan investment expense, including inflation

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 23
March 31, 2020

Note I: TESRS-Pension (continued)

Mortality rates were based on the RP-2000 Combined Healthy Lives Mortality Tables for males and for females projected to 2024 by scale AA.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future net real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These components are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage (currently 5.01%) and by adding expected inflation (3.00%). In addition, the final 7.75% assumption was selected by "rounding down" and thereby reflects a reduction of 0.26% for adverse deviation. The target allocation and expected arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Net Real Rate of Return</u>
Equities		
Large cap domestic	32.00%	5.81%
Small cap domestic	15.00%	5.92%
Developed international	15.00%	6.21%
Emerging Markets	5.00%	7.18%
Master limited partnership	5.00%	7.61%
Real Estate	5.00%	4.46%
Fixed Income	23.00%	1.61%
Cash	<u>0.00%</u>	0.00%
Total	100.00%	
Weighted Average		5.01%

Discount Rate

The discount rate used to measure the total pension liability was 7.75%. No projection of cash flows was used to determine the discount rate because the August 31, 2018 actuarial valuation showed that expected contributions would pay the normal cost and amortize the unfunded actuarial accrued liability (UAAL) in 30 years using the conservative level dollar amortization method. Because of the 30-year amortization period with the conservative amortization method, the pension plan's fiduciary net position is expected to be available to make all projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 26
March 31, 2020

Note J: Supplemental Death Benefits Plan

1. Plan Description

The City participates in the single-employer unfunded defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

2. OPEB Plan Fiduciary Net Position

Detailed information about the fiduciary net position of the Supplemental Death Benefits Fund is available in the separately-issued TMRS Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.tmr.com> or by writing to TMRS at P.O. Box 149153, Austin, TX 78714-9153.

3. Benefits Provided

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death). The death benefit for retiree is considered an other postemployment benefit ("OPEB") and is a fixed amount of \$7,500. As the SDBF covers both active and retiree participants, with no segregation of assets, the SDBF is considered to be an unfunded OPEB plan (i.e. no assets are accumulated).

At the December 31, 2019 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	12
Inactive employees entitled to but not yet receiving benefits	1
Active employees	<u>9</u>
Total	22

4. Contributions

The City contributes to the SDBF monthly based on the covered payroll of employee members. The contractually required contribution rate is determined annually for each city. The rate is based on the mortality and service experience of all employees covered by the SDBF and the demographics specific to the workforce of the city. There is a one-year delay between the actuarial valuation that serves as the basis for the employer contribution rate and the calendar year when the rate goes into effect. The contributions to the SDBF are pooled for investment purposes with those of the Pension Trust Fund. The TMRS Act requires the Pension Trust Fund to allocate investment income to the SDBF on an annual basis. The funding policy of this plan is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to prefund retiree term life insurance during employees' entire careers.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO THE FINANCIAL STATEMENTS, Page 27
March 31, 2020

Note J: Supplemental Death Benefits Plan (continued)

As such, contributions are utilized to fund active member deaths on a pay-as-you-go basis; any excess contributions and investment income over payments then become net position available for benefits.

City	<u>Contribution Rates</u>	
	<u>2019</u>	<u>2020</u>
	0.82%	0.77%
Current Fiscal Year Employer Contributions	\$ 2,879	

5. Actuarial Assumptions

The total OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions:

Summary of Actuarial Methods and Assumptions

Valuation Date	December 31, 2019
Actuarial Cost Method	Entry Age Normal
Inflation	2.50%
Salary increases	3.50% to 11.5% including inflation
Discount Rate*	2.75%*
Retirees' share of benefit-related costs	\$0
Administrative expenses	All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB Statement No. 68
Mortality rates – service retirees	2019 Municipal Retirees of Texas Mortality Tables. The rates are projected on a fully generational basis with scale UMP.
Mortality rates – disabled retirees	2019 Municipal Retirees of Texas Mortality Tables with a 4 year set-forward for males and a 3 year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by Scale UMP to account for future mortality improvements subject to the floor.

*The discount rate was based on the Fidelity Index's "20-Year Municipal GO AA Index" rate as of December 31, 2019.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study for the period December 31, 2014 to December 31, 2018.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO THE FINANCIAL STATEMENTS, Page 28
March 31, 2020

Note J: Supplemental Death Benefits Plan (continued)

6. Discount Rate

As of December 31, 2019, the discount rate used in the development of the Total OPEB Liability was 2.75% compared to 3.71% as of December 31, 2018. In accordance with GASB No. 75, paragraph 155, the applicable discount rate for an unfunded OPEB is based on an index of tax exempt 20-year municipal bond rates rated as AA or higher. The projection of cash flows used to determine the discount rate assumed that contributions are made at the actuarially determined rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to *not be able to* make all future benefit payments of current plan members. Therefore, the municipal bond rate was applied to all periods of projected benefit payments to determine the total OPEB liability. The source of the municipal bond rate was Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-year Municipal GO AA Index" as of December 31, 2019.

7. Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Total OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.71%) in measuring the Total OPEB Liability.

	1% Decrease in Discount Rate (1.75%)	Discount Rate (2.75%)	1% Increase in Discount Rate (3.75%)
Total OPEB Liability	\$ 97,923	\$ 88,002	\$ 79,611

8. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At March 31, 2020, the City reported a liability of \$88,002 for total OPEB liability. The total OPEB liability was measured as of December 31, 2019 by an actuarial valuation as of that date.

Changes Since the Prior Actuarial Valuation – The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

As of December 31, 2019, the discount rate used in the development of the Total OPEB Liability was 2.75% compared to 3.71% as of December 31, 2018. Beginning with the December 31, 2019 actuarial valuation, mortality rates are based on the 2019 Municipal Retirees of Texas Mortality Tables. Prior to the December 31, 2019 actuarial valuation, mortality rates were based on the RP2000 Combined Mortality Table with Blue Collar Adjustment.

For the year ended March 31, 2020, the City recognized OPEB expense of \$5,471.

CITY OF CROSBYTON
Crosbyton, Texas

NOTES TO FINANCIAL STATEMENTS, Page 30
March 31, 2020

Note K: Litigation

There is no reportable litigation at March 31, 2020.

Note L: Extraordinary Items

During fiscal year 2019, the City experienced an extraordinary wind and hail storm that damaged the roofs of substantially all City owned buildings. The City expended \$428,446 to repair and replace roofs in fiscal year 2020. This expenditure is reported as an extraordinary expense which is offset by the recognition of insurance proceeds of \$428,446 reported as extraordinary revenue. The City completed these roofing projects in fiscal year 2021. There is an additional \$59,456 of insurance proceeds which will be realized in fiscal year 2021 along with final expenditures amounting to \$64,550.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
March 31, 2020

Schedule of Pension Contributions – TMRS

Valuation Date:

Notes

Actuarially determined contribution rates are calculated as of December 31 and become effective in January, 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	N/A
Asset Valuation Method	10 year smoothed market; 12% soft corridor
Inflation	2.50%
Salary Increases	3.50% to 11.5% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2019 valuation pursuant to an experience study of the period 2014-2018
Mortality	Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. The rates are projected on a fully generational basis with scale UMP. Pre-retirement: PUB(10) mortality tables, with the Public Safety table used for males and the General Employee table used for females. The rates are projected on a fully generational basis with scale UMP.

Other Information:

Notes

There were no benefit changes during the year.

Crosbyton, Texas

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
March 31, 2020

Schedule of Contributions for OPEB – TMRS

Valuation Date:

Notes

Actuarially determined contribution rates are calculated as of December 31 and become effective in January, 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Asset Valuation	For purposes of calculating the Total OPEB Liability, the plan is considered to be unfunded and therefore no assets are accumulated for OPEB.
Inflation	2.5%
Salary Increases	3.50% to 11.5% including inflation
Discount Rate*	2.75%
Retirees' share of benefit-related costs	0\$
Administrative expenses	All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB Statement No. 68
Mortality rates – service retirees	2019 Municipal Retirees of Texas Mortality Tables. The rates are projected on a fully generational basis with scale UMP.
Mortality rates – disabled retirees	2019 Municipal Retirees of Texas Mortality Tables with a 4 year set-forward for males and a 3 year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by Scale UMP to account for future mortality improvements subject to the floor.

*The discount rate was based on the Fidelity Index's "20-Year Municipal GO AA Index" rate as of December 31, 2019.

Independent Auditors' Report

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and City Council
City of Crosbyton, Texas
221 W. Main
Crosbyton, Texas 79322

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Crosbyton, Texas, as of and for the year ended March 31, 2020, and the related notes to the financial statements, which collectively comprise the City of Crosbyton's basic financial statements, and have issued our report thereon dated July 24, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Crosbyton's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Crosbyton's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Independent Auditors' Report
Page 2

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

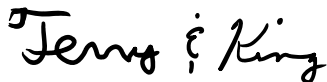

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Crosbyton's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

A handwritten signature in black ink that reads "Terry & King". The signature is written in a cursive, flowing style.
