## Description of Responsibilities & Daily Duties

Jeramy Jones

Electric Department Supervisor/Foreman

As with the majority of City of Farmersville employees, I am required to wear multiple hats at any given time; safety inspector, material manager, tool & equipment manager, fleet manager, budget analyst, automated meter infrastructure coordinator, trouble shooter, crew foreman, journeyman lineman, gofer, customer service representative, project engineer, jobsite inspector, warehouse manager, etc. (in no particular order). Also, there's the moments when my duties overlap into account maintenance, human resources, and other departments within public works and the rest of the city.

On any given day I could be expected to be found doing any and all of the following:

- working in the field
- ordering material
- inspecting completed jobs
- engineering new jobs
- job briefings
- maintaining the AMI (automated metering infrastructure)
- assigning service orders to field personnel
- completing service connects, disconnects, and reading requests
- coding and consolidating expenditures
- investigating trouble calls
- picking up material
- repairing tools and equipment
- ordering tools and equipment
- investigating delinquent accounts
- maintaining statistical reports
- generating usage reports
- maintaining account records
- researching electrical codes
- coordinating with surrounding power providers
- coordinating with the rest of public works
- electrical line locates
- outage response
- time entry approval
- budget analysis
- coordinating with outside contactors
- electric system inspection
- vegetation control
- coordinating with supply vendors
- most of the things that Loni wants
- anything Paula Jackson wants
- everything that Ben White wants
- supervising job sites
- communicating with customers

  - City offices will be closed on Monday, May 30<sup>th</sup> in observance of Memorial Day
  - Final votes for the May 7<sup>th</sup> election will be not be tabulated until overseas and military voting is complete on Friday, May 13<sup>th</sup>. A special meeting will be called to swear in newly elected officials. The Meeting will be held May 17<sup>th</sup> at 7:15pm.
  - The Farmersville Chamber of Commerce Annual Banquet will be on Friday, May 13<sup>th</sup> at Bear Creek Ranch Event Center at 7pm. Tickets are available at [www.FarmersvilleChamber.com](http://www.FarmersvilleChamber.com) or at the Chamber of Commerce Office. Tickets to the event have now sold out but raffle tickets are available.
  - The Fire Department's Annual Fish Fry is Saturday, May 14<sup>th</sup> at the High School from 4-9p.m. Cost is \$11.00 for adults and \$6.00 for children. There is a raffle with prizes of 50" television, \$250.00 visa card, smoker, and a quilt. Tickets are \$1.00 each. There will also be a silent auction for items donated from various businesses and individuals. You do not need to be present to win.
  - Proclamation of May as Motorcycle Safety & Awareness Month: 5 local groups were present to accept the Proclamation.

## II. CONSENT AGENDA

- Mayor Helmberger pulled Item G: Public Works Report, Michael Hesse pulled Items C & D: Code Enforcement/ Animal Control and Fire Department Report
- Motion to approve all other reports was made by Leaca Caspari
- 2<sup>nd</sup> to approve was made by Jim Foy
- All council members voted in favor thereby approving City Council Minutes, Police Department Report, Municipal Court Report, Warrant Officer Report, Library Report and City Manager's Report
  
- Item C: Code Enforcement/ Animal Control: Michael Hesse questioned the form and look of the Animal Control report as it is difficult to read. He asked if an Excel format could be used for this. Chief Sullivan said that at this time, the report is generated from a specific program that cannot be manipulated. However, he will look into it.
  - Motion to approve was made by Michael Hesse
  - 2<sup>nd</sup> to approve was made by Leaca Caspari
  - All council members voted in favor thereby approving the reports
- Item D: Fire Dept. Report: Michael Hesse pointed out that the report was for January 2016 instead of April 2016. This was an oversight by city staff. Mr. Hesse did not request to see the April report.
- Item G: Public Works Report: Mayor Helmberger asked Ben White to explain the electrical report and in particular the FISD electrical situation. Mr. White went into detail regarding an error that resulted from an incorrect demand reading. The city billing clerk at the time, did not catch the error and neither did FISD. The school recently called the City within the last month and questioned the rates. The City looked at it and recognized the error. Because the City grossly overcharged the FISD, the FISD requested a one-time refund check with the understanding that the City may not be able to do that right away. Ben White said he will be refunding FISD and will bring that to Council's attention when that takes place. Mayor Helmberger asked how we can prevent something like this from happening in the future. Ben White explained that the software program for billing has to be run completely. The past billing clerk overlooked this. The current billing clerk is on top of doing this and is very thorough. Mr. White also asked that the FISD always check their bill and call the City if they questions or concerns. Michael Hesse asked if there were similar problems with other commercial businesses. Ben White responded that he does not think so, and he had one of the electrical employees review all of those accounts.
- Jim Foy asked if Rambler Park and the splash pad were ready to open. Ben White said they are about ready to go.
  - Motion to approve was made by Jim Foy
  - 2<sup>nd</sup> was made by Michael Hesse
  - All council members were in favor thereby approving the Public Works report

### **III. INFORMATIONAL ITEMS**

- Leaca Caspari pulled Item F.: Main Street Report and Item H.: Library Report
- Adah Leah Wolf addressed the Council on the status of the National Register Nomination saying that THC has pushed it back again and intends to present to State Board of Review in September. She read Greg Smith's email stating that he was not able to get everything done in time for May's meeting.
- Trisha Dowell address the Council regarding the library and Civic Center. Ms. Caspari noticed that the Civic Center is in the black and asked Ms. Dowell if fees have increased. She said they have not, there is just more use that generates more rent. Ms. Dowell went on to explain the current state of obtaining funds from Collin County for the library. The county libraries have been getting together to put a plan in place to take to Judge Self and Commissioner Hill. They had their meeting with them and the plan suggested dropping the funding for the larger libraries so that the money gets to the smaller libraries that really need it. Ms. Dowell said the larger libraries were extremely supportive in fighting for the smaller libraries. The money is to be used for economic development, children's advocacy, or libraries and will not be given annually; they (library) will probably have to fight for it every year.

### **IV. READING OF ORDINANCES**

- A. Second reading to consider, discuss, and act upon the Average Billing Ordinance
  - Alan Lathrom, City Attorney, explained that there was a change in the title, as well as some modifications to wording as requested in the previous council meeting. Mr. Foy said the changes took care of his previous concerns.
    - Motion to approve was made by Jim Foy
    - 2<sup>nd</sup> to approve was made by Leaca Caspari
    - All council members voted in favor thereby approving the ordinance
- B. Second reading to consider, discuss, and act upon the Master Fee Schedule for Average Billing
  - Mr. Lathrom said there was a slight change in the title section so that this ordinance correctly correlates with the Average Billing Ordinance
    - Motion to approve was made by Jim Foy
    - 2<sup>nd</sup> to approve was made by Leaca Caspari
    - All council members were in favor thereby approving the ordinance

### **V. REGULAR AGENDA**

- A. Consider, discuss, and act upon pursuing a Watershed Management Plan for the City of Farmersville
  - Galen Roberts from NTMWD spoke to Council about developing strategies for water management. NTMWD is looking to member cities for feedback on doing this if there is an understanding and desire to do this.

Mr. Roberts used a power point presentation. The slides can be found at the end of this documents or by clicking the below link:

## Watershed Planning and Protection for Lavon Lake

**Galen Roberts**  
*Watershed Manager*  
NTMWD

*May 10, 2016*

- After Mr. Roberts concluded his presentation and asked for comments or questions. Ben White mentioned that there is no cost to the city to participate. NTWMD will cover all costs. Mr. Roberts reiterated that NTWMD is simply looking for feedback from cities and asking for their participation. Ben White feels this is a good preventative measure. Mayor Helmberger agrees that this would help with controlling water quality, though he is a little confused as to how it is not regulatory. He asked what the repercussions are if it is not followed. Mr. Roberts said there are none; the document serves as a guide and living document.
  - Michael Hesse asked how other cities have responded. Roberts said the plan has been very well received, mostly because it will the plan will help to keep TCEQ out. Jim Foy asked what kind of management is required. Roberts responded that the plan can be defined specifically to what you want. The plan can provide what may be needed or required on the horizon. Michael Hesse asked what the timeline was for implementation. Mr. Roberts stated the NTMWD is currently collecting information (Phase I); development (Phase II) should begin later this year.
  - Mayor Helmberger said we should move forward with this and directed staff to proceed with participation.
- B. Consider, discuss, and act upon a resolution adopted by the Farmersville Economic Development Corporation (4A) recommending approval of a project to study the Zoning Ordinance
- Mayor Helmberger said 4A wants to fund a rewrite of the zoning ordinance. It is in dire need of this. Mr. Foy stated that they are recommending that it goes through the planning and approval phases. He

is in agreement that it needs to be rewritten. Doing so will help make it less cumbersome to interpret. Council recommendation is to have staff instruct P&Z to perform rewrite of zoning ordinance. Mayor pointed out that Item V.C. notes this change on the 4A Project list.

- Motion to approve was made by Jim Foy
  - 2<sup>nd</sup> to approve was made by Leaca Caspari
  - Michael Hess asked which item was added to the project list as he is confused by the cost and project list. He asked if the list could be amended/updated to reflect the project and cost.
  - Motion to amend the project list and move forward with rewrite was made by Jim Foy.
  - 2<sup>nd</sup> to approve was made by Leaca Caspari.
  - All council members were in favor thereby approving the project list and potential zoning ordinance rewrite
- C. Consider, discuss, and act upon an amended project list for the Farmersville Economic Development Corporation (4A) (SEE ABOVE)
- D. Consider, discuss, and act upon a contract between the City of Farmersville and Morton Construction for the Audie Murphy Parkway East wastewater project
- Ben White asked that no action be taken because the incoming council needs to be consulted to be sure they support the project before moving forward. Mayor Helmberger agreed.
  - NO ACTION, NO MOTION
- E. Consider, discuss, and act upon possible TxDOT landscaping and monument sign projects
- Ben White spoke to TxDOT landscape architect. TxDOT will install anything the City wants if the City pays for it and maintains it. Mr. White suggested that the City come up with a low-maintenance landscape plan for the right-of-ways, but noted that it this can apply anywhere. He wanted to let council know that this option to use TxDOT is available. Mayor Helmberger said to move forward.
- F. Consider, discuss, and act upon a resolution authorizing that the City of Farmersville supports the creation of the North Texas Regional 9-1-1 Emergency Communications District
- Mayor Helmberger informed Council that Leaca Caspari received a letter regarding the 911 Emergency Communications District. He thinks it is important to support NTXCOG in doing this as it brings money from Austin and puts it back into North Texas region. Michael Hesse would like to see the wording changed a bit to guarantee that the money makes it back to North Texas.
  - Motion to approve was made by Leaca Caspari
  - 2<sup>nd</sup> to approve was made by Michael Hesse
  - All council members were in favor thereby approving the resolution

G. Consider, discuss, and act upon a resolution objecting to and opposing the planning, design, conversion and designation of HWY 380 and HWY 78 as limited access roadways

- Mayor Helmberger stated that he brought this before Council last meeting and reiterated that there is a need for further planning and funding for other alternatives. Mr. Foy said the resolution says what it needs to say especially Section 4, "Other options".
  - Motion to approve was made by Leaca Caspari
  - 2<sup>nd</sup> to approve was made by Jim Foy
  - All council members were in favor thereby approving the resolution

**VI. PUBLIC COMMENT**

1. Donna Williams: Thanked Mayor Helmberger for his service. Stated that at the last council meeting, council approved the removal of the trees at the corner near her store. She said the trees present a safety hazard and block the stop signs. She would like to know when the trees will be removed.
2. Pam Serdo: She was not allowed to vote in the election. She wants to know how people outside of the city limits but within the ETJ can better work with the city to have a voice.
3. Linda Barnett: Before removing an element of beauty, she believes we need to take a step back and think about what makes Farmersville unique.
4. Anne Hall: Thanked the people that got voted out.

**III. REGULAR OF ORDINANCES**

- A. First and only reading to consider, discuss and act upon Atmos Energy RRM.

Jeanette Mosier with ATMOS was there to answer any questions. Michael Hesse asked several questions and Ms. Mosier handed out the following explanation:

**Atmos 2016 RRM Rate Filing**

- Atmos Energy Mid-Tex Division initiated a Rate Review Mechanism (RRM) process, in collaboration with its cities, from 2008 through 2011. Following the 2012 rate case (i.e., GUD 10170), Atmos Energy and the city coalitions expressed mutual interest in creating a new RRM process.
- The RRM is a systematic process collaboratively developed by Atmos Energy (Mid-Tex Division) and the city coalitions, specifying how rates will be set over a specified period of time.
- Benefits of the RRM process:
  - Suspends Gas Reliability Infrastructure Program (GRIP) filings
  - Avoids costly rate case expenses that would be borne by customers
  - Provides transparent process for annual review of all Company expenses and investment
  - Provides for certain caps and discounts negotiated by your attorneys
  - Limits growth to residential customer charge
- Overall impact to customers:

- Average Residential customer (using 46.8 Ccf a month) will have an increase of \$1.26/month or 2.43%
- Average Commercial customer (using 376.4 Ccf a month) will be an increase of \$3.81/month or 1.43%
- Average Industrial customer (4,379 MMBtu) will have an increase of \$102.72/month or 1.98%
- Average Transportation customer (4,379 MMBtu) will have an increase of \$102.72/month or 2.80%
- Motion to approve was made by John Klostermann
- 2<sup>nd</sup> to approve was made by Michael Hesse
- All council members were in favor

B. First and only reading to consider, discuss, and act upon Sharyland Rate Structure

Council turn to City Manager Ben White for information, he stated that Schneider Engineering has reviewed the information and agrees the Ordinance to deny is in order. Mr. White also conformed this is only for the Farmersville Utility area

- Motion to approve was made by Leaca Caspari
- 2<sup>nd</sup> to approve was made by Michael Hesse
- All council members were in favor

#### IV. REGULAR ADGENDA

## MEMO

To: Benjamin White, City Manager  
From: Daphne Hamlin, City Accountant  
Date: May 19th, 2016  
Subject: April 2016 Budget Report

The monthly budget report will focus on the analysis of budgetary variances of the revenues and expenditures of each of the major operating funds and project the impact on available fund balance. As a benchmark for comparison, we'll bear in mind that as of the end of April, 7/12 months or 58.33% of the fiscal year has passed. For revenues and expenditures occurring evenly throughout the year, we expect to have used or collected close the 58.33% level, and to have 41.67% remaining budget for the remaining of the year.

Presented in this format are: 1) an executive summary describing current budget issues, 2) budgetary comparison schedules of each major operating fund of the city, and 3) a fiscal year to date activity summary for cash and investments.

### **Executive Summary**

The major operating funds that are part of the annual operating budget of the city are the general, water & wastewater, refuse, and electric funds.

#### **General Fund**

Total revenues in the general fund are 66.08% collected and total expenses are 60.37%

Ad Valorem collections currently received is 94.48%. Previous month was at 100%. Due to decrease transferred \$54,833.94 to the TIRZ Fund.

Sales Tax current collection rate @ 59.62%.

Municipal Court Revenues currently collected is 38.64%. Court is expecting to see increase in fine payment within the next few months.

Interest Earned is up from last year. We are currently have exceeded expectations and budget amendments will follow to allow for changes.

#### **Refuse Fund**

Total revenues are 58.87 and total expenses are 48.02%.

#### **Water & Wastewater Fund**

Total revenues for the Water Fund are 56.08% Total revenues for the Wastewater Fund are 55.72%

Water expenses in Administration are 59.16%. Water Department overall expenditures are 53.86%

Wastewater expenses are 59.07%.

#### Electric Fund

Total revenues are 47.13%; the expenses are at 56.71% and include transfers to general fund.

#### Cash Summary

The cash summary is attached.

## Farmersville Police Department

### Overview

**ABOUT US:** The Farmersville Police Department is comprised of 9 sworn members (police officer's) and three civilian personnel. The department positions include: Chief of Police, Lieutenant, Sergeant, and six police officers. The department has three civilian positions to include an Administrative Assistant who provides administrative assistance to both the police and fire department; two Public Service Officers, who provide code and animal control services for the city. A further breakdown of duties and responsibilities for each position will include the following:

**Chief of Police** is also the Emergency Management Coordinator for the City. The Chief also serves as a State commissioned Fire Fighter/ECA for the Farmersville Volunteer Fire Department. Historically, the Chief of Police has been called upon to be acting City Manager in the absence of the City Manager.

**Administrative Assistant** provides administrative support to the operation of the police and fire department. Answers the phone for police and fire from 8 to 5 Mon-Fri and provides customer service to people who visit the police station. She also oversees the budget, manages cash transactions, applies for and manages department grants, records, and processes reports.

**Lieutenant** has overall oversight of operations and support staff to include patrol, traffic, internal affairs, records, TPCA Best Practices Accreditation, and training.

**Sergeant** has overall oversight of all criminal cases filed and investigated by the Farmersville Police Department. The Sergeant also oversees the Reserves, Crime Prevention, Citizens Police Academy, and Citizens on Patrol program.

**PSO-Karen Dixon** regular duties include code and animal control services but she also oversees property and evidence, records, and managing our local sex offenders who reside in the city.

**Six Patrol officers** in addition to providing 24/7 patrol duties, we do have officers that also assist in other administrative duties to include managing volunteers, background investigations for new hires, field training for new hires, crime prevention, equipment accountability, and event planning/execution.

**Hours of Operations (24/7)** The Chief of Police generally works Mon-Fri 8 to 5 but is subject to call out or consultation 24/7. The Chief also serves as Incident Commander for all natural and man-made disasters to include all city events. The Lieutenant and Sergeant also work Mon-Fri 8 to 5 but also is subject to call out and consultation 24/7. As an administrative staff we also cover patrol shifts when needed or work cases when needed. PSO's also work Mon-Fri 7 to 4 but are subject to call out in emergencies.

**Patrol Staff** works a twelve hour shift 24/7. In total we have two shifts 6am to 6 pm and 6pm to 6am each 24 hour day. There is an 8 hour swing day (Wednesday's) in which each officer works one 8 hour day in a two week pay period. We have one officer who works a 10 hour power shift four days a week

Patrol staff continued...

that runs from Wednesday to Saturday. This officer provides coverage on the Wednesday swing days as well as provides an additional officer until either 12 am or 2 am on the busiest times of the week. This power shift officer will be pulled if needed to cover shift shortages due to illness, injuries, vacations, or comp-time used by patrol members. There is no other buffer to cover shifts other than administrative sworn-staff, who covers patrol from time to time.

### Accomplishments:

In 2011, the department began the process of obtaining accreditation and/or compliance with the Texas Police Chief's Association "Best Practices Program". The Best Practices Program evaluates a Police Department's compliance with over 166 Best Business Practices for Texas Law Enforcement. These Best Practices were carefully developed by Texas Law Enforcement professionals to assist agencies in the efficient and effective delivery of service and the protection of individual's rights. These Best Practices cover all aspects of law enforcement operations including use of force, protection of citizen rights, vehicle pursuits, property and evidence management, and patrol and investigative operations.

In February of 2012, we applied for and received "Recognized Status" through the TPCA Best Practices program after an on-site inspection and review of over 166 Best Practices policies & internal procedures. Police agencies recognized by the TPCA must undergo an onsite inspection every 4<sup>th</sup> year and this makes the second successful onsite inspection by the Farmersville Police Department. We recently achieved Re-Recognition status on May 25<sup>th</sup>, 2016.

The Chief of Police and Lieutenant also serve as Team Assessor's for TPCA "Best Practices" program in which we inspect and evaluate other law enforcement agencies throughout Texas. The Chief of Police is also as a Board Member for the Texas Police Chiefs Association's Recognition Committee.

The department also participates and are active members in the North Texas Crime Commission, North Texas Police Chief's Association, and the International Association of Chiefs of Police. The department also has an active partnership and collaboration with the Collin County Sheriff's Department, Collin County Children's Advocacy Center, and the Collin County Department of Homeland Security. The police and fire chief also serve as board members for the Collin County Local Emergency Planning Committee (LEPC).

The police department also operates and manages a social media platform to communicate with our citizens. These media platforms include Nixel (Community Notification System), Facebook (dept page), and Twitter (dept page).

In 2014, the department had its first Citizens Police Academy Class. The program is designed with the hopes of building a greater relationship between the police department and the citizens of Farmersville, ultimately improving the quality of service to the community, while offering the citizens some insight to the challenges their officers face on a daily basis. The academy is a twelve week program meeting once a week. We recently graduated our third Citizens Academy class on April 29<sup>th</sup>, 2016 with another one scheduled for October of this year.

### Accomplishments continued...

The department also has a Citizens on Patrol (COP's) program. Once a person graduates from the Citizens Police Academy they have the option to join the COP's. We currently have nine (9) COP volunteers, who assist the department in critical incidents, disasters, extra patrols, and community events. The department also has an active partnership with the East Texas Citizens Emergency Response Team (CERT). Currently, we are considering joining the North East Texas Child Abduction Response Team (CART) Mutual Aid Task Force.

Since 2010, the department has come a long way in regards to professionalizing law enforcement services in Farmersville. In light of the aforementioned efforts toward "Best Practices" the department has completed the following:

- Rebranded and changed organizational culture through internal collaboration and accountability.
- Implemented and purchased the first department record management system. Implemented electronic bar code tracking system for processing and handling of evidence.
- Implemented and established the first department in-car computer system and agreement with Collin County Sheriff Department.

- Implemented personal body camera system to include more efficient server storage system.
- Implemented and established new technology systems, software, and storage capability to improve department efficiency and accountability processes.
- Implemented equipment and resource audit program to include all police equipment to include vehicles, uniforms, and department resources.
- Completed major renovations to the police station to include outside and internal security cameras, power generator installed for public safety building, and improved safety and security measures for staff and the public who visits the police department.
- Instituted improved tracking system to keep up with code enforcement and animal control issues to include improved reporting processes, history tracking, and problem resolution measures.
- Manage and operate several inter-local agreements with Collin County to include dispatch services, jail services, animal shelter, and children's advocacy center.

## FARMERSVILLE FIRE DEPARTMENT

### SUMMARY OF 100 S. MAIN ST. FIRE

I felt it would be good to give the council a brief summary of the fire that took place May 28<sup>th</sup> in our downtown area. The initial call came in at 10:06 a.m. and Farmersville Fire Department dispatched at 10:09 a.m. They arrived on scene at 10:14 a.m. and began fighting the fire.

The fire appears to have started in the Gazebo Manufacturing Bldg. and had already quickly spread into the next two adjoining buildings. Initial mutual aid was called into Princeton and Josephine. The County Fire Marshal's office responded as well. Public works were on scene and were shutting down electrical lines.

The incident had grown to a multi-agency unified command system so incident command was turned over to them. Chief Morris began duties as an operations chief on the "A" (front side) of the structures. Additional department were called in for assistance and included Nevada, Blue Ridge, Caddo Mills, and Wylie. The Red Cross were also notified. AMR set up rehabilitation for the firefighters at the Onion Shed.

The fire had begun to work its way through the windows into Clay Potters Auction. This was where the majority of efforts were done to stop the growth of the fire. The fire was brought under control and extinguished. The scene officially ended at 4:04p.m.

**FARMERSVILLE FIRE DEPARTMENT  
CITY COUNCIL MONTHLY REPORT  
MAY, 2016**

1. The Department hosted a vehicle fire training class taught by Collin County College. The new training vehicle was brought and set up in the high school parking lot. Josephine and Nevada Fire Departments sent members as well for the training.
2. The Department participated in Farmersville High School's Special Olympics.
3. The Annual Fish Fry was held at the High School again and was a huge success. The evening seemed to be enjoyed by the many that attended.
4. The Departments Annual Ladder Test was performed again this year by American Test Center. All ladders including the aerial passed.
5. Farmersville suffered a large structure fire in the downtown area May 28<sup>th</sup>. This resulted in requiring mutual aid from several agencies. Josephine, Nevada, Blue Ridge, Princeton, Caddo Mills and Wylie Fire Departments were called in. Collin County Fire Marshals, Red Cross and Farmersville Public Works additionally responded. There were also numerous businesses that donated food and water to firefighters as well. I would like to personally thank all those that assisted in these efforts.

# City of Farmersville Texas Municipal Court

## Warrant Division- Rick Ranspot- Officer

The duties and responsibilities of the warrant office continue to encompass duties that are normally the responsibility of a City Marshal. The warrant officer is under direction of the Municipal Court, but licensed under the jurisdiction of Farmersville Police Department. We maintain a good working relationship.

The Warrant Division performs the law enforcement duties of the Municipal Court. These duties include arresting defendants in warrant status, transporting prisoners being held on Farmersville Class C warrants and serving summons and subpoenas issued by the Municipal Court. The Warrant Officer also provide security support for court operations. Special training in court security techniques to maintain order in the court and ensure the safety of the judge, prosecutor and all courtroom participants is paramount so we have been taking classes to achieve Courtroom Security certification.

My normal activities consist of, but are not limited to the following outline:

Upon arrival each day I do a site check for anything or anyone unusual or out of place, both outside and inside the building. I also do this throughout the day, and some weekends.

Collin County Jail Record for the previous day is checked name by name against our records to see if any of our wanted persons are incarcerated in county jail. On Monday's the record for arrests on Friday, Saturday, and Sunday are checked. I also check recent arrests in other contiguous counties and take appropriate action to secure a hold on subjects wanted.

We attempt to make contact with persons I have placed on payment plans that have either missed payments or not paying the amount agreed upon. This will a lot of times require a whole new round of research to locate the individual.

Each wanted person is researched to see if we can find a valid and current address, telephone, place of employment, known associates, latest arrests (and where they happened) as well as social media contacts and many other factors to determine where they are. We have collected fines from as far away as New York and even some paid by family prior to release from Texas Department of Corrections.

Managing the time pays takes up a large portion of each day. We attempt to contact by phone, US Mail, and personal visits wherever we can locate the individual at any time day or night.

Many times the only solution is to go out and make arrests. We take our prisoners to the Collin County Jail in McKinney TX. It is always my goal to resolve these cases by payment of fines and will go a long way to achieve this, but we do what it takes to clear cases. Each Patrol Officer is provided a list of wanted persons and have my telephone number. They know they are free to call me 24/7 if the violator they are in contact with shows to have warrants. We will either confirm or non- confirm their warrant status. If we confirm (either non cleared or not current on payment plan) I come to city court, get them the warrant(s) and deliver them to the officer.

We also perform all the functions of Bailiff for the court. This includes courtroom set up, check in, maintaining the peace, courtroom security, collecting fines, arresting and transport of prisoners by court order.

We also serve Subpoena's, Summons, Show Causes and any process issued by Municipal Court

As my office is located in City Hall, we also act as security for City Hall. There are a number of things such as cash, property, sensitive records and people's lives we keep safe.

We deliver important documents to Mayor and City Council Officers. We also deliver important documents to board members.

We are here to serve the citizens and visitors of Farmersville, there is not a task that needs to be done that we will not successfully undertake.

## FARMERSVILLE TEXAS WARRANT OFFICE

### MISSION STATEMENT

- In our pursuit of excellence of service we strive to give people the opportunity to take care of their misdemeanor mistakes and at the same time maintain their self-respect and dignity.

### OPERATIONS

- This office was started from scratch with the hiring of Warrant Officer Rick Ranspot late in the year 2013.

- We began with a desk, chair, telephone, computer, and a large file cabinet full of unresolved cases.
- We have been successful in systematically beginning a contact regimen by developing material to mail to the defendant at the best address we can obtain for them. Many of the warrants are several years old and information is not valid. Many telephone numbers are no good as many people have switched to cell phones only and change providers often. We added software that gives us more up to date information as well as software related to statewide offender's information.
- It is a goal to keep from having to arrest people. They are not doing themselves or the public any good by sitting in jail on the misdemeanor offenses. Often times, the arrest will cost them their employment leading to other problems for them, their family and the citizens. Instead our court has allowed us to be flexible on working out payment plans based on what the defendant can reliably do successfully.
- This involves a tremendous amount of repetitive work keeping the defendant up to date on their plan. They have things happen in their lives to get them off track, costing them time and money. Management of the payment plans consumes many hours each week. Each plan is done on a case by case evaluation. Special consideration is presented to the court in extreme cases.
- The success of this program is largely based on the desire not only to clear the case, either by arrest or the fines being paid, but by getting the defendant to feel the sense of accomplishment in doing what it takes to rectify a bad situation and either become or continue to be a productive member of society.
- When going out to make physical contact with the defendant we have developed a door placard which I leave on the front door of the dwelling along with my business card that alerts the person of the urgency to contact me quickly.
- In addition our Warrant Officer serves as bailiff for our court to ensure security of all those participants. Bailiff also will serve as arresting officer if necessary and transport prisoners to or from the county jail. The Warrant officer also serves the civil process, summons, subpoena's etc. issued from the city court.
- We are also working in conjunction with the court to identify cases in need of closing due to issues such as deaths, grave illness, massive medical issues, and very old class C misdemeanors.

- We have initiated relationships with Warrant Officers from various other jurisdictions and share information on wanted persons. We are always available to back up one of our officers or any other agency as the need arises.
- We do a lot of community policing especially in the business district including membership in civic organizations. This allows for relationships to develop, and we obtain a lot of good information about our defendants from the public.

### We are committed to the following values:

- Honesty - truthfulness regardless of circumstances
  - Integrity - honest in word and deed
  - Loyalty - being true to staff and community.
- Professionalism -efficient, proficient, and prepared
  - Diversity - meeting the needs of the community
    - Accountability - responsible for our acts
  - Citizenship - proactive support of our community
- Commitment - to the community and our chosen profession

# Rike Memorial Library

203 Orange Street, Farmersville, Texas

972-782-6681 - [www.rikelibrary.com](http://www.rikelibrary.com)

Librarian: Trisha Dowell - [t.dowell@farmersvilletx.com](mailto:t.dowell@farmersvilletx.com)

## Library Vision:

We recognize that the Rike Memorial Library is a gateway to the community. Our vision is to provide quality educational, informational, recreational, and cultural resources and services to a diverse population. We are committed to giving individuals, families and businesses an opportunity to expand their knowledge, encouraging personal growth, and enhancing the quality of life in our dynamic and changing community. The Library seeks to offer a broad and relevant collection to promote lifelong reading and learning, using current technology to increase access to information resources.

## State Accreditation

The Rike Memorial Library is an accredited and fully qualified member of the Texas Library System. To maintain this accreditation the library must submit an annual report and meet the qualifications set by the Texas Library System. The library has maintained this accreditation since 1982. (The library opened in January, 1981.)

## County Funding

Each year the librarian coordinates with the other library directors in the county to submit a request to Collin County for additional funding. This funding helps pay for library personnel, materials and programs. It also keeps the library membership free, allowing anyone to utilize library resources.

## Community Partnerships

The Farmersville Times—Summer Reading Club.

Farmersville Food Pantry—Food for Fines program.

Audie Murphy Day—extended hours for Audie Murphy memorabilia display.

We have a community message board where anyone can come post business cards, sale listings or information flyers. We also have a digital display above our circulation desk to promote community events.

# MAIN STREET PROGRAM

## General Program Description

Farmersville has been in the Texas Main Street Program since the year 2000. It is one of 87 cities in the program in Texas. The Main Street Program is downtown revitalization within the context of historic preservation, within the downtown business district. Farmersville Main Street has received the designation of *Nationally Recognized Main Street Program* for each year it has been in the program. These general work elements guide this approach to downtown revitalization:

- Organization of downtown interests in a unified manner working towards common end objectives.
- Approaching design issues, a means to create or preserve an attractive and sympathetic physical setting, and using proper preservation techniques.
- Coordination of promotional activities to attract new economic life and develop new vigor in the community.
- Structuring of economic opportunities through reuse of existing buildings and underutilized space, attracting new business opportunities and development of viable marketplace enterprises.
