City of Farmersville Proclamation

WHEREAS, our society has become increasingly dependent on household chemicals to perform labor-saving, time-saving miracles; and on medicine to provide health-giving, life sustaining benefits;

WHEREAS, these products, when not used as intended or directed, may be hazardous, particularly if children gain access to them;

WHEREAS, over the past 55 years, the nation has been observing Poison Prevention Week to call attention to these hazards and how proper handling and disposal of these substances and proper use of safety packaging can help eliminate them;

WHEREAS, the efforts of our community organizations, complemented by the efforts of the North Texas Poison Center have reduced childhood poisonings in Farmersville, Texas;

WHEREAS, the North Texas Poison Center, a regional poison center, located at Parkland Memorial Hospital, provides the ultimate in human service programming, immediate, accessible emergency information to save lives of victims of poison-related emergencies, and;

WHEREAS, these programs must continue as long as even one child swallows a household product or medicine by mistake.

NOW, THEREFORE, I, Diane C. Piwko, by virtue of the authority vested in me as Mayor of the City of Farmersville, do hereby proclaim the week of March 19-25, 2017 as

Poison Prevention Week

and I direct the appropriate agencies in our local government to continue their cooperation with concerned citizens and community organizations, including our schools, to develop programs which will alert our people to the continued danger of misusing medicines and household products and to promote effective safeguards against accidental poisonings among young children.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City to be affixed this 14th day of March, 2017.

Diane C. Piwko, Mayor

**FARMERSVILLE CITY COUNCIL
REGULAR SESSION MINUTES
For
February 28, 2017, 6:00 P.M.**

I. PRELIMINARY MATTERS

- Mayor Piwko called the meeting to order at 6:00 p.m. Council members John Klostermann, Donny Mason, Michael Hesse, Mike Hurst, and Leaca Caspari were all present. City staff members Ben White, Sandra Green, Kim Morris, Rick Ranspot, Daphne Hamlin, Trisha Dowell, Mike Sullivan, and City Attorney, Alan Lathrom, were also present.
- Prayer was led by Shawn Parker with the Farmersville High School Fellowship of Christian Athletes followed by the pledges to the United States flag and Texas flag.

II. PUBLIC COMMENT

- No one present to speak

III. CONSENT AGENDA

- A. City Council Minutes
- B. City Financial Report
- C. Library Report

- Mayor Piwko pulled the City Council Minutes for a few corrections to be made.
 - Motion to approve reports B and C made by Leaca Caspari
 - 2nd to approve was made by Donny Mason
 - All council members voted in favor

- Mayor Piwko requested the City Council minutes be changed to remove the date February 28, 2017, on page 5 where it was discussed that numbers would be brought back to Council regarding water rates outside the city limits. She expressed that no date to come back to Council was given.
- Michael Hesse pointed out the wording on page 6, 7th bullet point down did not read correctly. He asked that it be fixed to where the statements made sense.
 - Motion to approve City Council minutes with changes made by Michael Hesse
 - 2nd to approve was made by Donny Mason
 - All council members voted in favor

D. City Manager's Verbal Report

- Oak Grove Apartments
 - Ben White addressed Council and he explained the letters that were given to Council in the packet were in reference to the Oak Grove Apartment complex. He stated the problem with the Oak Grove Apartments escalated because they had a huge water leak. The City found out through tenants regarding the status of the complex. The apartment complex has been current with their bill until January and February. They currently owe the City a utility bill in the amount of \$1,2437.97. The water has been left on until all tenants have moved out of the buildings. It is the City's understanding that all three apartment complexes owned by this company are in foreclosure. Chief Mike Sullivan has been instructed to patrol the area and keep people out of the buildings while they are vacant. The City will place a lien on the property and it will be foreclosed on in April. Then, the property will be placed on the County website and sold on the County steps. At the time of sell, the City will be paid as a result for placing a lien on the property. Ben explained the USDA holds the loan. But, the property is privately owned.
 - Donny Mason inquired about where the leak had been located.
 - Ben White explained the leak was in between the units.
 - Mayor Piwko asked if the people in the other complexes are subject to eviction as well.
 - Ben White stated the other apartments are able to be lived in and utilized at this time.
 - Mike Hurst asked when they had stopped paying their bill.

- Ben White explained they had only been late with the last payment. It all really happened within a short period of time.
 - Mayor Piwko asked if there was going to be an issue with the other apartment's bills since they were also in foreclosure.
 - Ben White indicated the other complexes are current right now.
 - Michael Hesse shared that he was approached by citizens and they were upset because there was nothing else in Farmersville vacant.
 - Ben White explained that all of it happened at a really bad time because there are no affordable apartments or houses being built in Farmersville. The City contacted the Texoma Housing Partners to see if anything could be done, but was told nothing could be done.
 - Michael Hesse inquired as to whether Texoma Housing Partners would consider expansion.
 - Ben White explained there were restrictions with the USDA. The Texoma Housing Partners and the USDA are somewhat incompatible.
- U.S. Highway 380 Force Main Project
 - Ben White updated Council that along U.S. Highway 380 to the east the force main construction started in front of AFI and goes to the west to Floyd Road. The construction is 2/3 completed and the City is trying to establish easements. The project is using bond money and it will exhaust the sewer portion of the bond money. Ben White explained it was going where the railroad tracks snug up against U.S Highway 380 and it was being designed to support a large wastewater area. It will be able to take the wastewater from the north and push it to the east.
- Jackson Street Project
 - Ben White indicated that most of the concrete work has been completed. There is a flume area that is the last concrete work to be done. The contractors are about to start lining and begin asphaltting.
 - Mayor Piwko was concerned if residents were able to get into their homes.
 - Ben White explained the contractors have been good about working with residents and he has not heard of any complaints.

- Mike Hurst inquired as to when the completion date would be for the road.
 - Ben White indicated the work would be substantially completed in the next week, and that would mean it could be driven on.
 - Donny Mason asked what the outlook on sealing cracks was.
 - Ben White stated the City will employ Reyes to complete crack sealing.
- Wastewater System
 - The City is still in the phase of completing inputs for the environmental report. The procurement information for professional services are in City Hall and staff has been in the process of combing through them. To prevent any errors from being made it was decided to hold the information until the next Council meeting for approval. The loan application paperwork is still in progress.
 - Planning Engineer
 - The City Council will go over rate negotiations and contract information at the next City Council meeting.

IV. REGULAR AGENDA

- A. Presentation from Angela Richardson regarding USDA Rural Development Program.
 - Angela Richardson Woods with the USDA Rural Development Program addressed Council and spoke regarding the great rates and other information they have available for the City and its citizens. Their interest rate is currently 3.75% on the market and they also partner with the Texas Water Development Board. With some of the programs they have assisted cities with fire trucks, city halls, police cars, and housing programs. If residents qualify, they have the Housing 502 program which allows individuals with low income to utilize low monthly payments.
 - Ben White explained that it was his understanding there were emergency shelter arrangements that could be made with loans or grants to where the facility could also be used as a multi-purpose building.
 - Angela Richardson Woods explained the USDA Program would allow something as described by Ben White but it would be a community facilities loan. The City of Farmersville would qualify for

a limited number of grants because the average household income is a little too high. But, the City could take advantage of the low interest loans. They do offer emergency fund programs for water mains that burst or similar incidents.

- Michael Hesse asked if these programs are available to our citizen right now and was there a way citizens could find out about these programs.
- Angela Richardson Woods indicated that the City could hold church or town hall meetings that could help bring information to citizens. She also stated citizens could come into the McKinney office at any time, or citizens could call her. She suggested the City include an information sheet about the programs in a mail out to residents.
- Michael Hesse stated if citizens were awarded these grants and/or loans they would need to have a list of contractors.
- Angela Richardson Woods explained home owners would have to obtain contractors themselves. The USDA Rural Development Department have specialists in McKinney that check to make sure the health and safety issues are being addressed. With the 504, you have to be 62 years old or older to qualify for the grant fund and it has a lifetime maximum of \$7,500. Payments for loans are made on a monthly basis and the amount due would be very small.

B. Presentation regarding the North Texas CART Event.

- Chief Mike Sullivan addressed Council and explained that it is not an event, but CART stands for Child Abduction Response Team. He stated that a lot of police departments have combined resources, man power, and investigators so if there was ever a child abduction in the area the cities would work together to find the child. There is no cost, but there is an agreement that would have to be signed.
- Michael Hesse asked if other agencies around the area are participating in the program.
- Chief Mike Sullivan stated that Royce City is the hosting agency, but Rockwall, Rowlett, and two others are participating.
 - Motion to approve and the sign the agreement made by John Klostermann
 - 2nd to approve was made by Michael Hesse
 - All council members voted in favor

C. Update regarding Camden Park.

- Ben White addressed Council and stated there were 277 lots for homes that are planned. Camden Park will also include multi-

family and commercial lots. He spoke with Ted Zeta and he is working on financing for the apartment complex in order to move forward. Ted Zeta wants to work with the City on getting a development agreement. The sewer gravity main that is being installed will be beneficial for this project. They have verbally talked about who would be responsible for easements and dirt work around the roadways. The agreement will protect him and the City. Ben White has asked Alan Lathrom to craft an agreement and then it will be presented to Council.

- Mayor Piwko stated even though Phase I and Phase II have gone through final platting it appears he will be starting on the apartments that have not be platted.
- Ben White explained that all the areas have been platted and Ted Zeta could build the apartments at any time. Although, he still has to go through the process of obtaining a building permit. If he needed a thoroughfare through the multi-family portion he would have to come back in to plat that. But, all the roadways appear to be in relation to the single family lots and those have already been platted.
- Mike Hurst asked Ben White if he thought Ted Zeta's finances would allow him to complete the entire project, or if that was the reason he has not started on the project.
- Ben White indicated he believed Ted Zeta wanted to complete the project all at once instead of piecing it.

D. Consider, discuss, and act upon Resolution #R-2017-0228-001 designating authorized signatories for the Texas Capital Fund Main Street Program, Contract No. 7216322.

- Mayor Piwko stated the document will be assigning Ben White as City Manager and Sandra Green as City Secretary to be the authorized signatories.
- Ben White explained only one section allowing signatories for invoices were assigned to Ben White and Sandra Green. He was looking for another name to be placed as a signatory besides Mayor Piwko and Mike Hurst because they own property downtown and it could cause a possible conflict of interest.
- Mayor Piwko recommended Michael Hesse be a signatory since he could already sign for City accounts.
 - Motion to approve made by Donny Mason
 - 2nd to approve was made by John Klosterman
 - Councilmember Mike Hurst abstained from the vote due to a conflict of interest, all other council members voted in favor

E. Presentation relating to the North Texas Council of Governments and new roadways.

- Ben White addressed Council and stated he had been invited to take part in the North Texas Council of Governments presentation of roadways with other City Managers. The North Central Council of Governments will be reaching out to elected officials soon. He indicated the importance of keeping Council informed, but he was not sure of all the numbers or information at this point. He was just trying to obtain Council's understanding that roadways were in the planning phases, but roadway alignments were not formed yet. Ben White went through and explained a few slides in the PowerPoint and stated how the North Texas Council of Governments wanted a plan that focused on not having toll roads. The North Texas Council of Governments are trying to plan ahead for right-of-way acquisition, and they want to be proactive. Some plans are the same as the Collin County action plan, but Collin County shows general alignments. The North Texas Council of Governments are more concerned about the north-south passage ways. They stated their number one priority is the widening of State Highway 78, even though it is not funded right now. They also indicated they look at traffic flow when considering the areas in most need.
- Mayor Piwko asked if State Highway 78 was made a limited access roadway what Ben White believed it would be like.
- Ben White indicated it would look a lot like it does in Wylie.
- Mayor Piwko inquired if Collin County would drop the limited access roadways.
- Ben White explained the County would do the up-front planning and the roads would not necessarily have to go where they are shown now. The idea is to have different plans and have the City look at them after all the planning was completed.
- Leaca Caspari asked if the North Texas Council of Governments was going to address the areas of State Highway 121. She stated that everything appears like it is coming to Farmersville and will stop.
- Ben White explained there was a slide that showed that and the roadway action plan for Collin County is just a draft. The County is saying they needed to start planning now or it could cause a lot of issues later.
- Mayor Piwko indicated the presentation did not talk about a loop from State Highway 121 to the northern side of U.S. Highway 380.
- Ben White indicated that the plan did not show funding for that. He stated he had asked them to consider going to the south and maybe consider another bridge. If they did agree to that it would

leave U.S. Highway 380 alone and it would allow a freeway to be built on the south of Farmersville. It would benefit Farmersville and allow citizens to travel to places faster.

- Mike Hurst asked if the roadway came to the lake and if they built bridges where did Ben White see the road going after it crosses the bridge.
- Ben White stated he believed there would be some separation and the City could have access going directly to Princeton and then a bypass of Princeton going to McKinney. He assumed it could go further south around County Road 550 or 555, but that was just an opinion. Our city limits will eventually go past those roads.
- Leaca Caspari said when the Council discussed this in December it was talked about having an engineer look at the routes.
- Ben White explained TxDOT will supply the engineer and the City will make recommendations on the limited access roadways. They will want to hear from the community members. The City has an opportunity in the future to work with them on the roadways. There is some money at hand and the money is coming in fast so the North Texas Council of Governments want to accelerate planning.
- Mike Hurst asked what time frame the City was looking at.
- Ben White explained the time frame was a least ten years for roadways based on what he has seen. It is possible State Highway 78 will open up pretty quickly. The City is well positioned with wastewater treatment and other things that are all healthy for Farmersville.

F. Consider, discuss and act upon Resolution #R-2017-0228-002 designating authorized signatories for the First National Bank of Trenton.

- Mayor Piwko stated the Resolution is adding Sandra Green, City Secretary, as an authorized signatory.
 - Motion to approve made by Donny Mason
 - 2nd to approve was made by Leaca Caspari
 - All council members voted in favor

G. Consider, discuss and act upon areas of common interest and boundary agreements with the Cities of Nevada, Lavon, and Josephine.

- Mayor Piwko suggested a workshop be conducted with the various cities to see if their thoroughfare plans and the City of Farmersville thoroughfare plans line up. She wanted to see what they were

doing in regards to wastewater and wanted City Council's opinion on meeting with those cities so boundaries can be established.

- Ben White explained in the past the City had a boundary agreement worked out with Princeton. The City has shaped the lines with the other cities, but we have no formal agreement with any of them.
- Leaca Caspari asked if it would be better if staff were to open up discussions with these cities and not Council at this time.
- Ben White explained the City has paper work, but did not follow through with the agreements. He suggests staff talk to the cities first.
- Mike Hurst asked how well the boundaries were drawn.
- Ben White stated it was easy with Princeton, but the City did not come to an agreement with Blue Ridge. There were small areas of interest that Blue Ridge wanted. Most of those boundaries followed County Roads. Staff will resurrect the documents and bring them to a future City Council meeting.
- Mayor Piwko suggested having the City Manager and the Mayor present the plans to the other cities.
- Leaca Caspari said she believed the City should not meet with any other cities until the Council agrees on what needs to be done.
- Mike Hurst agreed that staff needed to resurrect the paperwork and look at it first to see if it was appropriate and then Council could make rational decisions to discuss with the other cities.
- John Klostermann stated that Council needed to direct staff to resurrect plans and compare.
 - Council directed staff to obtain information regarding boundary lines and email the information to Council and then bring the information to a future City Council meeting.

H. Consider, discuss and act upon Resolution #R-2017-0228-003 allowing surplus items to be sold at auction.

- Ben White explained the Resolution was for the old generator that was outside of City Hall.
 - Motion to approve made by Leaca Caspari
 - 2nd to approve was made by John Klosterman
 - All council members voted in favor

I. Consider, discuss and act upon reorganizing key issues for the City of Farmersville.

- Ben White asked the Council to rank their choices and he would present them again at the next meeting.
 - Council ranked priorities and staff will bring to next Council meeting.

V. REQUESTS TO BE PLACED ON FUTURE AGENDAS

- Mayor Piwko wanted information regarding funding options for the fire department radios, but Ben White indicated that it was not ready for discussion at this time.
- Mayor Piwko also wanted a topic to discuss a possible town celebration when the City receives the National Historical Designation.

VI. ADJOURNMENT

- Meeting was adjourned at 7:51p.m.

- 3.) implements a process by which an individual may file a complaint with the Farmersville Police Department if the individual believes that a peace officer employed by the Farmersville Police Department has engaged in racial profiling with respect to the individual;
- 4.) provides public education relating to the agency's complaint process;
- 5.) requires appropriate corrective action to be taken against a peace officer employed by the Farmersville Police Department who, after an investigation, is shown to have engaged in racial profiling in violation of the Farmersville Police Department's policy adopted under this article;
- 6.) require collection of information relating to motor vehicle stops in which a citation is issued and to arrests made as a result of those stops, including information relating to:

a.) the race or ethnicity of the individual detained;

b.) whether a search was conducted and, if so, whether the individual detained consented to the search; and

c.) whether the peace officer knew the race or ethnicity of the individual detained before detaining that individual; and

7.) require the chief administrator of the agency, regardless of whether the administrator is elected, employed, or appointed, to submit an annual report of the information collected under Subdivision(6) to:

a.) the Commission on Law Enforcement; and

b.) the governing body of each county or municipality served by the agency, if the agency is an agency of a county, municipality, or other political subdivision of the state.

**FARMERSVILLE FIRE DEPARTMENT
CITY COUNCIL MONTHLY REPORT
FEBRUARY 2017**

1. The Department will be celebrating its Annual Retiree/Spouse Banquet March 4th at the new Brushy Creek Event Center located on CR 656 in Farmersville.
2. We have a new member of the Department, Mr. Nick Powell of Farmersville. Mr. Powell is a certified firefighter and EMT.
3. The Department is beginning its planning for our Annual Fish Fry which is scheduled for May 20th at the High School.
4. The officers have added the new MetLoop app to their phones as we prepare for the tornado and bad weather arriving very soon.
5. The Department is putting together an Emergency Medical Technician's course and will open it up to not only our members but outside individuals as well. The class should open up within the next two months and will be taught by our EMS Coordinator Joseph Brigandi.

6. Pole change outs and new poles
 - a. Installed new service pole at 800 block of S Main St
7. Wire upgrade. Copper to aluminum/resizing
8. Transformer resizing.
9. Capital Projects

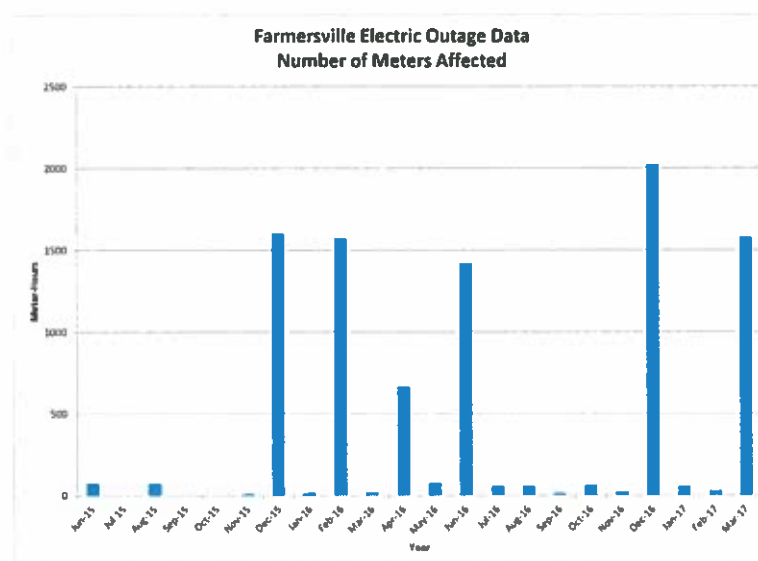

1400 Duraedge Way: Engineering is almost complete to replace the electric source for Penvesco's 1400 duraedge facility. This will include installing new poles, underground cables, underground transformer, and associated hardware to replace the current. Currently, this facility is being feed by a method that is aging and in a dangerous configuration; overhead lines to underground lines, back to overhead, back to underground, feeding 3 overhead transformers sitting on the ground in cabinets that were never designed for housing this application. The project will address the safety issues, create a new 20-30 lifespan for electrical service to this facility, and allow the customer to utilize their newly installed solar panel array through a net metering point in which the customer will actually be supplying the city with generated electricity that will flow unto our grid. Thus reducing load upon the substation metering point. Estimates are in the 1 to 1.5 megawatt a day territory.

Update: An interconnect agreement has been drafted and once finalized will be presented to council for approval. Also, ordinances concerning customer generation will be analyzed to ensure the latest information applicable will be evaluated to determine if the ordinances required any changes.
10. Lighting upgrades
 - a. JW Spain Complex
 - b. 200 Block of Maple
 - c. 200 Block of Windom
11. Fusing & Sectionalizing.
 - a. The capacitor bank located near Hwy 78 and McKinney St. has been taken off line.
12. Removal of open wire secondary. (replaced with triplex unless omitted)
13. Automated Meter Infrastructure System

- a. Replacement hardware has been ordered. This was necessary to have on site in the event that key components in the AMI system, such as collector stations modules and antennas, were to fail or be destroyed by acts of nature such as, lightning strikes or wildlife damage.
- b. To date, approximately 1554 meters have been replaced with smart meters. Currently, there are approximately 2 dozen meters that have yet to be changed out to new AMI meters.

Approximately 98% of all the meters in the city have been converted to AMI meters. Barring an unforeseen need, there will not be any more meters ordered this fiscal year. The remainder of meters in the system that haven't been replaced are either, non-typical meters in that they're used in large commercial applications and there wasn't enough of these types to justify a partial order, or the meter bases need to be upgraded to accept a typical meter application. In either case, these issues will be remedied by 2018 when it makes more financial sense to purchase a small surplus of meters for replacement and/or growth when the city can benefit from bulk purchase bundles.

Planning

1. Kimley-Horn down-selected as Planning Engineer. Contract approval scheduled for Council on 14 Mar 2017.

Policy/Procedural Changes

1. Financial procedure. Accounts payable process.
2. Logo policy.

Personnel Related Matters

1. No new news.

Customer Service Window

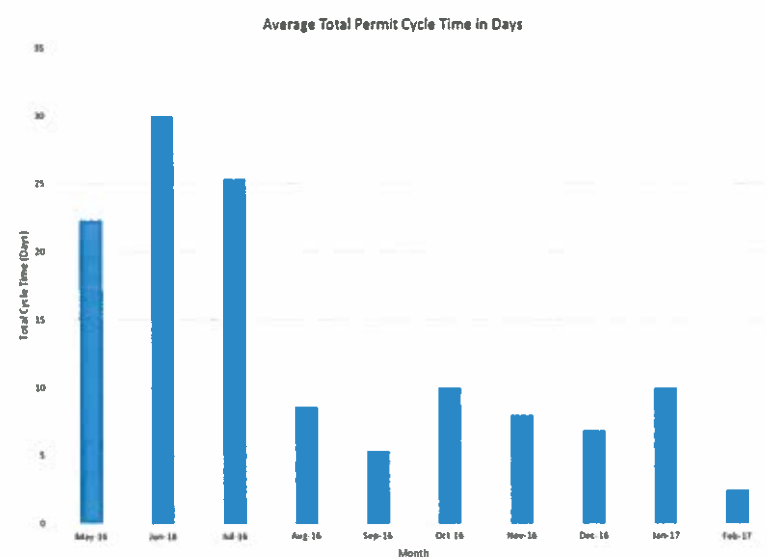

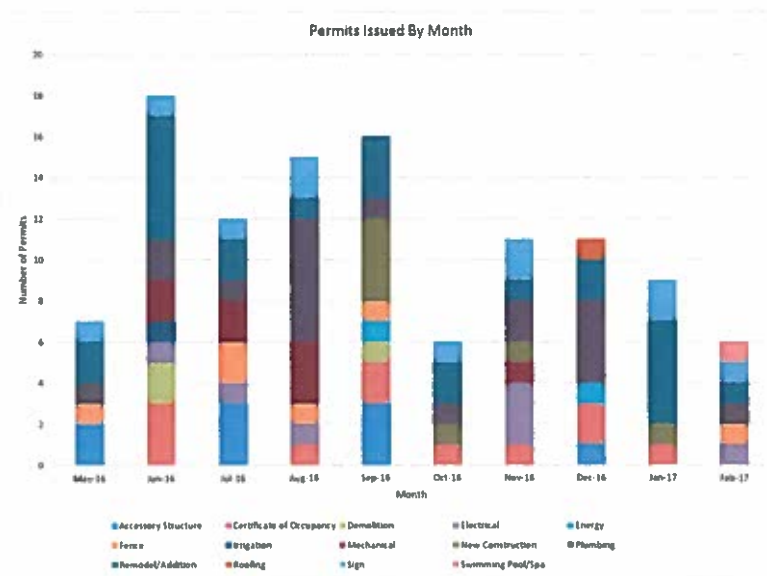

1. Customer Service area back up and operational! Drive-thru window operational and Customer Service Associate sitting in her regular spot.

Budget/Finance

1. Final report in progress.
2. New depository agreement will be necessary starting in May.
3. Completed researching new credit card service companies. Negotiated reduced transaction cost with ETS our current provider. Under new credit card rules we had to purchase new chip reading credit card machines. We will no longer be able to process credit cards at the drive thru window because of the new rules.

Development Services

1. See metrics following.

Information Technology

1. Started installation and configuration of the new server to implement high availability.
2. Completed relocation of customer service area computer components.
3. Found problem with one of our current network switches. Replacement on order that will allow us to implement Voice over IP (VoIP).
