**CONSIDER, DISCUSS AND ACT UPON FINANCIAL STATEMENTS FOR
DECEMBER 2018**

On a motion from Mr. Collins to accept financial statements as presented, second by Mr. Tedford, motion passed unanimously.

**REVIEW CURRENT CITY OF FARMERSVILLE PLANNING AND ZONING
ORDINANCE AND MAKE RECOMMENDATIONS FOR IMPROVEMENTS WITH
REGARDS TO INDUSTRIAL DEVELOPMENT**

Mr. White reviewed all uses of agriculture zoning, review permitted uses to farm, ranch, garden usage, especially related to single family (1), mapping college university, and this is what we discovered during our first review.

Next section will be highway commercial, Mrs. Piwko's first comment, if we have someone come forward example an auto shop, we have several months of permitting. Mrs. Piwko said special permits are required. Mr. White stated when he thought through this there are 2 ways we can handle this, either we can carve out and hold things back anything along the corridor of highway 380, the other way would be to go through this and pick and choose the ones you want to keep. For instance what Mrs. Piwko is talking about maybe there should be an exception paragraph, stating this does not apply to the heavy industrial area. Does anyone have any other suggestions? Mrs. Piwko stated what we are doing is running businesses through the ringier. Mr. White said we could add a paragraph that with certain business's this does not apply. Mr. White stated let's review and then come back.

Mrs. Piwko said we don't want storage, but mid-size businesses. Mr. White stated let's review. Example item 3 does not seem appropriate for the City of Farmersville, section (4) removes carwash. Mr. White stated he could see a need for a truck storage facility, Contract shops, self-storage, game rooms we have to have an allowed area for game rooms, but we could further restrict this type of business. Mr. Tedford stated if they wanted to put in a carwash can they do it. Mr. White stated if the primary use is a car wash it is not allowed in Highway commercial area. Mr. Collins asked how far back does the Highway Commercial go. Mr. Tedford stated he believes it is 200 foot from center of the road. Mrs. Piwko said you can add sexually oriented businesses to section (4).

Section (5) Mr. White asked for comments. Please note this is the only one with height limitation of 40'. Mrs. Piwko asked if the new Palladium apartments are meeting those requirements. Mr. White stated they are meeting those requirements.

Section (6) item a façade requirement of 75 percent masonry, suggesting we remove this requirement. This is for industrial use. Mrs. Piwko what if you did (a) or (b), create an attractive entrance, Mrs. Piwko said she would keep one or the other to make it more attractive. Mr. Smith stated he leans toward if it is industrial make it look industrial. Mrs. Piwko feels a front entrance needs to be attractive. Mr. White stated what he is hearing from the EDC Board is to keep (a) or (b), but in (b) only main entrance, and no modular buildings.

Mr. White stated section (d) suggest no material.

Mr. White stated section (f) mechanical screening, very basic requirement. Some may have very large heating and air. Board agrees with section (f)

Mr. White stated on section (g), and (h), removing, do not think it is practical. Section (h) stating loading in a particular place, to restricting get rid of section (h)

Section (i) Mr. Smith stated salvage yard is in 3.66 heavy industrial, special use permit. Mr. White stated adding in the prohibited use area add towing, salvage, Mr. Collins stated feels this needs to have more review. Mr. White stated what happened when this document was done we did not have an industrial area, we just don't want to be so restrictive. Mr. Smith suggested removing section (i)

Section (j) cross access, Mr. White suggested this is not required. It does not fit well with our City, remove section (j).

Under 7 (b) (ii), private drives two lane or greater. Mrs. Piwko asked about the 40 foot tree, is it needed. Mrs. Piwko suggested removing 40 foot or make it 80 foot tree.

Item 7 © screening of parking areas to much for industrial area, Mrs. Piwko suggested leave section (d) (ii) entries should be accented.

Mrs. Piwko suggested adding under prohibited uses; animal rendering, other than a vets office, what about adding cemetery. Mr. White said we could try, but would not be good use of that area. Mr. Collins asked do we allow recycle operations. Add this to prohibited uses as well. Mrs. Piwko stated since we removed outside storage. Mr. White stated that is a retail facility, not manufacturing. They would not fall into industrial use area. Mr. Lane stated on the rendering, slaughter houses need to be added as well.

CONSIDER, DISCUSS AND ACT UPON ITEMS RELATING TO STREETS AND UTILITIES FOR THE NEW COLLIN COLLEGE CAMPUS

Mr. White stated the bond is approved, we have a match through Collin County for the same amount. Mr. Collins asked are we going to extend Collin Parkway further to the north. Mr. White stated not sure how far we will go beyond that. Mr. White showed the rendering from McCord, designed a loop feed. Along County Road 611 and Farmersville Parkway, goes behind the industrial area then behind Tedford Chevrolet. Idea is to create a loop throughout the complex. This would allow to feed from one direction or the other. All of this was not in the original plans. College approached us and ask for the City to pay. Startup cost is approximately \$160k, asking EDC Board for funding. Believe the estimate is pretty good. This would supply the College a transformer and meter at the site, this would able the College to move forward. Mr. White stated he may ask the college for the remaining electrical cost at a 50/50. Mr. White stated this would be an additional 160k. Mr. Tedford what is the pay back of the

160k, is it in our best interest to go ahead, Mr. Tedford asked to see the numbers. Mrs. Piwko asked if the college will have demand rates. Mr. White stated yes not sure if it will be medium or high. Mr. White will come back with a budget amendment. Mr. Collins stated the infrastructure in place will be more advantageous for the City. Mr. Lane asked for Mr. White if we can go into executive a session to discuss at next meeting.

RECEIVE UPDATE ON CONCRETE FACILITIES

No news with Nelson or Reliable, no contact with Martin Marietta. Mrs. Piwko said since reliable is moving equipment does it meet TCEQ. Mr. White stated does not have anything to do with age. Mr. Lane stated on these facilities it matters how they operate and keep records. Mr. White stated he is receiving a lot of interest in the area for cement facilities. Mr. White stated he had a KCS meeting today there is a large interest with these facilities. KCS has a need for a Trans load facility in this area. Mr. White feels KCS looks at Farmersville as a strategic place. KCS also mentioned tax free zones. Mr. White suggested we start developing that and make it available. Farmersville needs to be able to compete. Mr. White suggested a line item to discuss at the next meeting. Mrs. Piwko stated Greenville has a lot of land and facilities available.

RECEIVE UPDATE ON CAMDEN COMMERCIAL LOTS

Mr. White said there really is no news. It is zoned commercial, Have not heard of anything happening. Not ready to develop.

RECEIVE UPDATE ON PERMITS ISSUED TO BUSINESSES

Mr. White stated the permits sheet is not divided up yet. Once we get this divided it will show different permits issued. Mrs. Piwko asked for names of business and locations. Mr. White stated he has list and will forward.

RECEIVE UPDATE ON OPENGOV.

CONSIDER, DISCUSS AND ACT UPON MEETING MINUTES FOR DECEMBER 20TH, 2018

3.14 SPECIAL DISTRICT REGULATIONS

3.14.1 HIGHWAY COMMERCIAL OVERLAY DISTRICT

1) **Purpose**

The Highway Commercial (HC) Overlay District is intended to provide for retail, service, and office uses within the Highway 380 and Highway 78 corridors, with the high traffic volumes and high visibility. The regulations and standards of this district are designed to enhance the aesthetic and functional characteristics of this transportation corridor. Overlay zoning district regulations apply in combination with underlying (base) zoning district regulations and all other applicable standards of this zoning ordinance. All applicable regulations of the underlying base zoning district apply to property in an overlay zoning district unless otherwise expressly stated. When overlay district standards conflict with standards that otherwise apply in the underlying, base zoning district, the regulations of the overlay zoning district govern.

2) **Permitted Uses**

All applicable land uses of the underlying base zoning district apply to property in the HC overlay zoning district unless otherwise expressly stated. See Subsection 3.6 Schedule of Permitted Uses for a complete listing.

The following uses are allowed by right within the HC overlay zoning district:

- a. Big box retail development

3) **Specific Use Permit Required**

The following uses require a specific use permit within the HC overlay zoning district:

- a. Automobile repair, major
- b. Building materials and hardware sales, outside storage
- c. Equipment and machinery sales and rental, major
- d. Print shop, major
- e. Warehouse/distribution center

4) **Prohibited Uses**

The following uses are prohibited within the HC overlay zoning district:

- a. Car wash, self-service
- b. Contractor's shop and storage yard
- c. Game rooms
- d. Mini-warehouse/self-storage

5) Area, Yard and Bulk Requirements

Description		Requirements
Minimum Lot Area		None
Minimum Lot Width		None
Minimum Lot Depth		None
Minimum Front Yard		25 feet
Minimum Side Yard	<i>Interior Lot</i>	10 feet
	<i>Corner Lot</i>	25 feet
Minimum Rear Yard		20 feet
Maximum Lot Coverage		50%
Maximum Height		None, unless single family or two family zoning districts or developments are within 200 feet of the property line, in which a 40 foot height maximum shall apply.
Maximum Floor Area Ratio		1.5:1

6) Highway Commercial Overlay District Regulations

- a. Façade Design and Exterior Materials and Products – 75 percent of any front and side exterior wall must be faced with individual unit masonry consisting of brick, native or precast stone, glass and textured concrete masonry. Precast tilt wall systems may be used for 100 percent of the rear façade if it does not face a public street. Precast panels on all sides of the building shall be scored or seamed to provide visual interest and a repeating pattern.
- b. Buildings shall be articulated at all entrances facing streets by a minimum of two offsets (façade articulations that extend outward from the building must be set back at some point in a corresponding manner) in the façade of a minimum two (2) feet in depth. Main building entrances shall be covered by an awning, canopy or building overhang.
- c. The Planning and Zoning Commission may consider waivers of the building façade material and design requirements for expansions and reconstruction of buildings that existed within the HC district on the date of adoption of this ordinance in accordance with the requirements below:

- i. The expansion or reconstruction does not increase the square footage of the existing building by more than 50 percent; and
 - ii. Strict compliance with these standards would result in significant inconsistency in appearance between existing and proposed sections of the building.
- d. Prohibited Exterior Materials and Products – the following materials and products shall not be used for exterior walls or exterior accents on any building within the HC district: metal panels, wood siding, Masonite, particle board, stucco foam insulation systems, vinyl siding, and aluminum siding. Metal panels may only be used for decorative architectural features, awnings and canopies and may not constitute the exterior building material of any wall.
- e. Building Orientation – Bays for car washes, auto repair and other automotive uses shall not be oriented to face public streets.
- f. Mechanical Screening – Roof mounted mechanical units shall be screened from view at a point 5' 5" above the property line by solid panels, parapet walls, mansard roofs or other architectural feature. Ground mounted mechanical units, compressors, generators and other equipment must be screened by a minimum six (6) foot tall solid screening wall or solid, irrigated landscape screen of shrubs that will achieve a height of six (6) feet within two (2) years of planting.
- g. Open Storage and Outside Display – No outside storage and display, sales, or operations shall be permitted unless such activity is visually screened from all streets and adjacent residential property in accordance with Section 4.8. Outside garden centers are allowed only if attached to the main building and screened by masonry walls constructed of the same materials and manner of construction as the main building. The walls may be interspersed with ornamental metal panels.
- h. Loading Area Placement and Screening – Loading areas shall be located on the side and/or rear sides of buildings within the HC district. The loading areas shall be screened from view of public streets and from adjacent residential uses by wing walls, landscaping or other screening features.
- i. Screening of Automobile Storage Areas – Storage areas for automobiles that have been towed, are being staged before or after repairs, and/or stored for auction shall be screened by a minimum six (6) foot tall masonry wall or a solid, irrigated landscaped screen of shrubs that will achieve a height of 6 feet within two (2) years of planting.
- j. Cross Access – Cross access easements shall be required between properties within the HC district to allow access to existing and proposed median openings and left turn lanes and to provide access to two public streets. Access drives/aisles/access easements should be extended to the development's property boundary in order to provide for connectivity with future development(s). The Planning and Zoning Commission may determine that cross access is not appropriate for security reasons or where topography and existing site conditions make cross access difficult.

- k. Utility services – All utility service lines shall be underground.

7) Highway Commercial Overlay District Landscape Regulations

Landscaping shall conform to the following:

- a. Landscaping shall be required on all developments and shall be completed prior to the issuance of the certificate of occupancy. All detention ponds shall be landscaped.
- b. Landscaping adjacent to public right-of-ways
 - i. Every site adjacent to the highway right-of-way shall include a buffer strip, landscaped and irrigated, being ten (10) feet in depth adjacent to the highway right-of-way.
 - ii. A minimum 10 foot landscape buffer adjacent to the right-of-way of any minor thoroughfare is required. If the lot is a corner lot, all frontages on minor thoroughfares and private drives of 2 lanes or greater shall be required to observe the ten-foot buffer.
 - iii. Developers shall be required to plant 1 large canopy tree per 40 linear feet or portion thereof of street frontage, not including entry drives or visibility triangles. These required trees must be planted within the landscape setback along thoroughfares, unless otherwise approved. Trees may be grouped or clustered to facilitate site design. Ornamental trees may be substituted for canopy trees at the ratio of 2:1 along the street frontage for up to 50 percent of the required canopy trees.
- c. Screening of parking areas and drive aisles adjacent to public right-of-way
 - i. Landscaped screening is required for all parking areas and drive aisles within 50 feet of the property line.
- d. Landscaping adjacent to buildings
 - i. Foundation plantings with a minimum 6 foot depth are required along 50 percent of a building façade facing a major or minor thoroughfare.
 - ii. Entries should be accented.
- e. General landscaping standards
 - i. All trees shall be a minimum of 4 feet from all pavement and underground utilities.
 - ii. Canopy trees shall be a minimum of 3 inches in caliper (measured 6 inches above the ground) and 7 feet in height at time of planting.
 - iii. Accent or ornamental trees shall be a minimum of 1-inch in caliper (measured 6 inches above the ground) and 5 feet in height at time of planting.
 - iv. Evergreen shrubs shall be a minimum height of 24 inches at time of planting.

**CITY OF FARMERSVILLE
ORDINANCE #2018-1023-002**

AN ORDINANCE OF THE CITY OF FARMERSVILLE, TEXAS, AMENDING THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF FARMERSVILLE, AS HERETOFORE AMENDED, THROUGH THE AMENDMENT OF CHAPTER 77, "ZONING," BY AMENDING SECTION 77-41, "ESTABLISHMENT OF ZONING DISTRICTS," AND SECTION 77-53, "NON-RESIDENTIAL AND MIXED-USE ZONING DISTRICT REGULATIONS," TO ESTABLISH A NEW "HII - HIGH IMPACT INDUSTRIAL" ZONING CLASSIFICATION INCLUDING THE IDENTIFICATION OF THE PURPOSE AND CERTAIN PERMITTED USES, PROHIBITED USES AND DEVELOPMENT STANDARDS; AMENDING SECTION 77-46, "SCHEDULE OF PERMITTED USES," TO IDENTIFY USES ALLOWED IN THE NEW "HII - HIGH IMPACT INDUSTRIAL" ZONING CLASSIFICATION; AND, AMENDING SECTION 77-54(A), "HIGHWAY COMMERCIAL OVERLAY DISTRICT," AS IT APPLIES TO USES ALLOWED IN THE NEW "HII - HIGH IMPACT INDUSTRIAL" ZONING DISTRICT; PROVIDING FOR SEVERABILITY; PROVIDING A REPEALER CLAUSE; PROVIDING A PENALTY; PROVIDING FOR PUBLICATION; PROVIDING ENGROSSMENT AND ENROLLMENT; PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Farmersville, Texas ("City") is a Type A General – Law Municipality located in Collin County having a population of less than 5,000 persons as determined by the most recent federal census, created in accordance with the provisions of Chapter 6 of the Local Government Code, and operating pursuant to the enabling legislation of the State of Texas; and

WHEREAS, Chapter 211 of the Texas Local Government Code, as amended, authorizes a municipality to adopt and update zoning ordinances for the purpose of promoting the public health, safety, morals, or general welfare and protecting and preserving places and areas of historical, cultural, or architectural importance and significance; and

SECTION 4. AMENDING SECTION 77-54(A), "HIGHWAY COMMERCIAL OVERLAY DISTRICT," AS IT APPLIES TO USES ALLOWED IN THE NEW "HII - HIGH IMPACT INDUSTRIAL" ZONING DISTRICT

From and after the effective date of this Ordinance, Section 77-54(a), "Highway Commercial Overlay District," is hereby amended as it applies to uses allowed in the new "HII - High Impact Industrial" zoning district.

"Sec. 77-54. - Special district regulations.

(a) Highway commercial overlay district.

(1) *Purpose.* The highway commercial (HC) overlay district is intended to provide for retail, service, and office uses within the Highway 380 and Highway 78 corridors, with the high traffic volumes and high visibility. The regulations and standards of this district are designed to enhance the aesthetic and functional characteristics of this transportation corridor. Overlay zoning district regulations apply in combination with

underlying (base) zoning district regulations and all other applicable standards of this chapter. All applicable regulations of the underlying base zoning district apply to property in an overlay zoning district unless otherwise expressly stated. When overlay district standards conflict with standards that otherwise apply in the underlying, base zoning district, the regulations of the overlay zoning district govern unless the regulations of the base zoning district are more stringent, in which event the more stringent or restrictive standards shall apply.

- (2) *Permitted uses.* All applicable land uses of the underlying base zoning district apply to property in the HC overlay zoning district unless otherwise expressly stated. See section 77-46, Schedule of permitted uses for a complete listing.

The following uses are allowed by right within the HC overlay zoning district unless the base zoning district is HII – High Impact Industrial, in which base zoning district the following uses are allowed, or not, as reflected in Section 77--46, "Schedule of Permitted Uses":

- a. Big box retail development.

- (3) *Specific use permit required.* The following uses require a specific use permit within the HC overlay zoning district unless the base zoning district is HII – High Impact Industrial, in which base zoning district the following uses are allowed, or not, as reflected in Section 77--46, "Schedule of Permitted Uses":

- a. Automobile repair, major.
- b. Building materials and hardware sales, outside storage.
- c. Equipment and machinery sales and rental, major.
- d. Print shop, major.
- e. Warehouse/distribution center.

- (4) *Prohibited uses.* The following uses are prohibited within the HC overlay zoning district unless the base

zoning district is HII – High Impact Industrial, in which base zoning district the following uses are allowed, or not, as reflected in Section 77--46, "Schedule of Permitted Uses":

- a. Car wash, self-service.
- b. Contractor's shop and storage yard.
- c. Game rooms.
- d. Mini-warehouse/self-storage.

(5) *Area, yard and bulk requirements.*

Description	Requirements
Minimum Lot Area	None
Minimum Lot Width	None
Minimum Lot Depth	None
Minimum Front Yard	25 feet
Minimum Side Yard	<i>Interior Lot</i> 10 feet
	<i>Corner Lot</i> 25 feet
Minimum Rear Yard	20 feet
Maximum Lot Coverage	50%
Maximum Height	None, unless single family or two-family zoning districts or developments are within 200 feet of the property line, in which a 40-foot height maximum shall apply.
Maximum Floor Area Ratio	1.5:1

(6) *Highway commercial overlay district regulations.*

- a. *Façade design and exterior materials and products* — 75 percent of any front and side exterior wall must be faced with individual unit masonry consisting of brick, native or precast stone, glass and textured concrete masonry. Precast tilt wall systems may be used for 100 percent of the rear façade if it does not face a public street. Precast panels on all sides of the

building shall be scored or seamed to provide visual interest and a repeating pattern.

- b. Buildings shall be articulated at all entrances facing streets by a minimum of two offsets (façade articulations that extend outward from the building must be set back at some point in a corresponding manner) in the façade of a minimum two feet in depth. Main building entrances shall be covered by an awning, canopy or building overhang.
- c. The planning and zoning commission may consider waivers of the building façade material and design requirements for expansions and reconstruction of buildings that existed within the HC district on the date of adoption of the ordinance from which this chapter is derived in accordance with the requirements below:
 1. The expansion or reconstruction does not increase the square footage of the existing building by more than 50 percent; and
 2. Strict compliance with these standards would result in significant inconsistency in appearance between existing and proposed sections of the building.
- d. The standards set out in subparagraphs a, b and c of this Paragraph (a)(6) shall not be required for the following uses if the base zoning district in which the use is situated is HII – High Impact Industrial:
 1. Concrete/asphalt batching plant;
 2. Concrete/asphalt batching plant, temporary;
 3. High impact use; and
 4. Sand and gravel storage.
- e. *Prohibited exterior materials and products.* The following materials and products shall not be used for exterior walls or exterior accents on any building within the HC district: metal panels, wood

- j. *Screening of automobile storage areas.* Storage areas for automobiles that have been towed, are being staged before or after repairs, and/or stored for auction shall be screened by a minimum six-foot tall masonry wall or a solid, irrigated landscaped screen of shrubs that will achieve a height of six feet within two years of planting.
- k. *Cross access.* Cross access easements shall be required between properties within the HC district to allow access to existing and proposed median openings and left turn lanes and to provide access to two public streets. Access drives/aisles/access easements should be extended to the development's property boundary in order to provide for connectivity with future development(s). The planning and zoning commission may determine that cross access is not appropriate for security reasons or where topography and existing site conditions make cross access difficult.
- l. *Utility services.* All utility service lines shall be underground.
- m. *Extra requirements for uses in the HC district having a base zoning district of HII – High Impact Industrial.* In addition to complying with the other requirements set forth in this Section 77-54, any use in the HII – High Impact Industrial base zoning district shall to the extent it is situated within the HC district provide a minimum six-foot tall masonry screening wall such that all HII – High Impact Industrial activity on and about the property is visually screened from U.S. Highway 380 and State Highway 78.

(7) *Highway commercial overlay district landscape regulations.* Landscaping shall conform to the following:

- a. Landscaping shall be required on all developments and shall be completed prior to the issuance of the certificate of occupancy. All detention ponds shall be landscaped.
- b. Landscaping adjacent to public right-of-ways.

1. Every site adjacent to the highway right-of-way shall include a buffer strip, landscaped and irrigated, being ten feet in depth adjacent to the highway right-of-way.
 2. A minimum 10-foot landscape buffer adjacent to the right-of-way of any minor thoroughfare is required. If the lot is a corner lot, all frontages on minor thoroughfares and private drives of two lanes or greater shall be required to observe the ten-foot buffer.
 3. Developers shall be required to plant one large canopy tree per 40 linear feet or portion thereof of street frontage, not including entry drives or visibility triangles. These required trees must be planted within the landscape setback along thoroughfares, unless otherwise approved. Trees may be grouped or clustered to facilitate site design. Ornamental trees may be substituted for canopy trees at the ratio of two to one along the street frontage for up to 50 percent of the required canopy trees.
- c. Screening of parking areas and drive aisles adjacent to public right-of-way
1. Landscaped screening is required for all parking areas and drive aisles within 50 feet of the property line.
- d. Landscaping adjacent to buildings.
1. Foundation plantings with a minimum six-foot depth are required along 50 percent of a building façade facing a major or minor thoroughfare.
 2. Entries should be accented.
- e. General landscaping standards.
1. All trees shall be a minimum of four feet from all pavement and underground utilities.
 2. Canopy trees shall be a minimum of three inches in caliper (measured six inches above the ground) and seven feet in height at time of planting.

3. Accent or ornamental trees shall be a minimum of one-inch in caliper (measured six inches above the ground) and five feet in height at time of planting.
4. Evergreen shrubs shall be a minimum height of 24 inches at time of planting.
- f. The standards set out in subparagraphs c and d of this Paragraph (a)(7) shall not be required for the following uses if the base zoning district in which the use is situated is HII – High Impact Industrial:
 1. Concrete/asphalt batching plant;
 2. Concrete/asphalt batching plant, temporary;
 3. High impact use; and
 4. Sand and gravel storage."

SECTION 5. SEVERABILITY

It is hereby declared to be the intention of the City Council that the several provisions of this Ordinance are severable, and if any court of competent jurisdiction shall judge any provisions of this Ordinance to be illegal, invalid, or unenforceable, such judgment shall not affect any other provisions of this Ordinance which are not specifically designated as being illegal, invalid or unenforceable.

SECTION 6. REPEALER

This Ordinance shall be cumulative of all other Ordinances, resolutions, and/or policies of the City, whether written or otherwise, and shall not repeal any of the provisions of those ordinances except in those instances where the provisions of those ordinances are in direct conflict with the provisions of this Ordinance. Any and all ordinances, resolutions, and/or policies of the City, whether written or otherwise, which are in any manner in conflict with or inconsistent with this Ordinance shall be and are hereby repealed to the extent of such conflict and/or inconsistency.

SECTION 7. PENALTY

Any person, firm, partnership, corporation, or other entity violating any provision contained in this Ordinance shall, upon conviction, be fined an amount not more than \$2,000.00; and each day a violation exists shall be deemed a separate offense. A culpable mental state is not required.

SECTION 8. PUBLICATION

The City Secretary of the City of Farmersville is hereby directed to publish in the Official Newspaper of the City of Farmersville the Caption, Penalty and Effective Date Clause of this Ordinance as required by Section 52.011 of the Local Government Code.

SECTION 9. ENGROSSMENT AND ENROLLMENT

The City Secretary of the City of Farmersville is hereby directed to engross and enroll this Ordinance by copying the exact Caption and the Effective Date clause in the minutes of the City Council of the City of Farmersville and by filing this Ordinance in the Ordinance records of the City.

SECTION 10. SAVINGS

All rights and remedies of the City of Farmersville are expressly saved as to any and all violations of the provisions of any Ordinances which have accrued at the time of the effective date of this Ordinance; and, as to such accrued violations and all pending litigation, both civil and criminal, whether pending in court or not, under such Ordinances, same shall not be affected by this Ordinance but may be prosecuted until final disposition by the courts.

SECTION 11. EFFECTIVE DATE

This Ordinance shall take effect immediately upon its adoption and publication in accordance with and as provided by Texas law.

PASSED on first reading on the 24th day of October, 2018, at a properly scheduled meeting of the City Council of the City of Farmersville, Texas, there being a quorum present, and approved by the Mayor on the date set out below.
