John Klostermann and Michael Hesse were not present. Also, in attendance were staff liaison, Sandra Green; City Manager, Ben White; City Council liaison, Mike Henry; and City Attorney, Alan Lathrom.
- Lance Hudson led the prayer and the pledges to the United States and Texas flags.

II. PUBLIC COMMENT ON AGENDA ITEMS (FOR NON-PUBLIC HEARING AGENDA ITEMS)

- No one came forward to speak in person or teleconference.

III. ITEMS FOR DISCUSSION AND POSSIBLE ACTION

- A. Consider, discuss and act upon minutes from August 17, 2020.
- Motion to approve made by Leaca Caspari
 - 2nd to approve made by Lance Hudson
 - All members voted in favor, except Rachel Crist who abstained
- B. Consider, discuss and act upon changing the meeting time of the Planning & Zoning Commission.
- Chairman Helmberger stated he would like to move the meeting time to 6:00 p.m. in the future.

- Motion to approve made by Leaca Caspari
- 2nd to approve made by Adam White
- All members voted in favor

C. Consider, discuss and act upon a replat of the Aston Addition, Lot 3B, 4A & 4B, Block 1.

- Ben White stated DBI Engineering reviewed the plat and they recommend approval subject to the items in their letter being addressed.
- Sandra Green explained one of the lots was shy of the 100 feet depth requirement, but the property had previously received a variance for that.
 - Motion to approve the plat subject to the items listed in DBI Engineering's letter being addressed made by Lance Hudson
 - 2nd to approve made by Rachel Crist
 - All members voted in favor

D. Consider, discuss and act upon a preliminary plat for Deer Crossing.

- Ben White explained that DBI Engineering had reviewed the plat and recommend approval subject to one item be addressed.
- Sandra Green stated the plat included a lot of variances that were previously approved.
 - Motion to approve subject to the item listed in DBI Engineering's letter being addressed made by Lance Hudson
 - 2nd to approve made by Rachel Crist
 - All members voted in favor

E. Consider, discuss and act upon a final plat for Deer Crossing.

- Ben White stated that DBI Engineering completed a review of the plat. They recommended denial of the plat until all the comments listed in their letter could be addressed.
 - Motion to deny the plat subject to all comments on DBI Engineer's letter being addressed made by Lance Hudson
 - 2nd to approve made by Adam White
 - All members voted in favor

F. Consider, discuss and act upon a concept plan for Lakehaven MUD.

- Ben White stated DBI Engineering did review the concept plan and they recommended the approval subject to the items listed in their letter being completed. He said the item that needed to be addressed for the concept plan was the Traffic Impact Analysis.

- Motion to approve subject to all comments be addressed per DBI Engineering's letter made by Leaca Caspari
- 2nd to approve made by Lance Hudson
- All members voted in favor

G. Consider, discuss and act upon a preliminary plat for Lakehaven MUD.

- Ben White said the engineer also reviewed the preliminary plat and they recommended approval subject to the comments on their letter be addressed. He explained the one comment that was listed was the rerouting of storm sewer and sewer force main utilities running across lots to streets or across frontage of lots.
- Joe Helmberger stated it was common to reroute those during construction and final platting and he had not problems with that comment.
 - Motion to approve made by Adam White
 - 2nd to approve made by Lance Hudson
 - All members voted in favor

IV. PUBLIC HEARING

A. Public hearing to consider, discuss and act upon a recommendation to City Council regarding a requested change in zoning on approximately 5.050 acres of land, more or less, from A – Agricultural District Uses to HII – High Impact Industrial District Uses. The property is generally situated at 91 County Road 699, and located in the W.B. Williams Survey, Abstract A-954, of Farmersville, Collin County, Texas.

- Chairman Helmberger opened the public hearing at 7:50 p.m.
- Mary Berry, who resides at 410 County Road 699, read some of the HII – High Impact Zoning District uses in the code. She stated she was speaking out against the rezoning to HII - High Impact. She stated a concrete batch plant is currently there and they can zone to Heavy Industrial with a Specific Use Permit. She does not believe High Impact zoning would be in the best interest of the city. She is concerned that if they zone the area High Impact no one would want to develop residences nearby.
- Joe Helmberger stated that the High Impact Ordinance was not codified correctly and all the prohibited uses were not included in the online version. He read portions of the approved ordinance.
- Allison Mathers, who resides at 109 College Street, stated that when she is working with developers she looks at the zoning map because that is all they can go by when they are buying property. She said then they go to the Comprehensive Plan. She stated that in Chapter 3 of the Comprehensive Plan it stated the purpose of the land use is to make responsible growth. She explained the Comprehensive Plan describes industrial uses as being

residential friendly. There is a high impact to the land and surrounding areas if this land is zoned as HII – High Impact Industrial. She said when you Google “high impact”, the City of Farmersville comes up first and she believes the city would be opening Pandora’s box and become Collin County’s dumping ground for the east side if the HII – High Impact Industrial zoning is approved.

- Randy Smith, who lives at 508 County Road 610, stated he sees problems with this zoning designation. He said the concrete batch plant came first and everything was rushed to approve after that. He said he thinks the city really wants to do business by rushing things through the system. He stated he feels it should be handled by zoning it to regular Industrial with Specific Use Permits. He said he believes the HII – High Impact Industrial Ordinance was created for the batch plants to get rid of Specific Use Permits. He stated the Comprehensive Plan does not call this area out as industrial. He and his brother owns land around the area and it will impact their property and that of others if it is zoned HII – High Impact industrial. He explained that most cities use Specific Use Permits. He explained that if this zoning request is approved there is no going back and it would be grandfathered in.
- Merry Berry stated that when Mr. Anani proposed bringing Big D Concrete to the property on County Road 699 she placed a complaint into TCEQ and it was denied. They told her they cannot tell a batch plant where they can go. Mr. Anani told her it would be a state of the art facility and now she believes Reliable has held to those standards. There are some things she does not like, but her property is not covered in dust. She is still requesting the Planning & Zoning Commission to zone it Industrial with a Specific Use Permit. She stated the batch plant was asked to leave the other city they were conducting business in.
- Chairman Helmberger asked if there was anyone else that wanted to speak for or against the item.
- No one came forward so he closed the public hearing at 8:22 p.m.
- Lance Hudson stated that he believed all the bad requirements were prohibited in the HII – High Impact Ordinance. He asked why the HII – High Impact Ordinance was created and asked if it was solely for the concrete batch plants.
- Ben White stated it was done so it would put limits on allowing batch plants in the future. He indicated because the ordinance was drafted in such a way it would be hard to get this zoning designation in the future.
- Leaca Caspari asked why the city even has a HII – High Impact Industrial zoning district. She believes we can limit it by placing it in the Heavy Industrial zoning district with a Specific Use Permit.
- Ben White stated the thought behind it was to control it and make it harder to get the zoning for batch plants.
- Leaca Caspari asked if the city is going to limit batch plants from coming in.
- Ben White stated he was not saying that, but it allows the City Council to scope that zoning to that specific industry in the future.

- Leaca Caspari stated we have no safe guards or recourse if this is zoned HII – High Impact Industrial. She has looked for the High Impact designation in other cities and she has not found it. She said she feels the High Impact designation could be a potential problem in future.
- Rachel Crist wanted clarification on when they approved the High Impact Ordinance. She recalled a few years ago it was stated that the batch plants would come into the city if that zoning designation was available, but if it was not approved they would stay in the county and we would not collect sales taxes on them.
- Ben White stated the city was interested in getting their usage of water, collecting of sales taxes, and making sure they follow the rules of ordinances. He said that if we had not created the ordinance they would be out in the county building whatever they wanted.
- Leaca Caspari stated they would not have had water.
- Ben White stated they would have dug a well or received their water from Caddo Basin.
- Leaca Caspari stated she does not see how the HII – High Impact Industrial zoning district would benefit the city.
- Lance Hudson asked if a Specific Use Permit would have kept them from coming in to the city.
- Ben White stated that a Specific Use Permit would have kept them from coming in to the city because it would have put a duration of time on them to operate.
- Leaca Caspari asked if they operated in any other city in Texas and were they under a Specific Use Permit.
- Ben White stated they operated in Dallas and they were told their Specific Use Permit was going to be taken away. Here we tried to form a way for them to operate for a long period of time, otherwise they would have stayed in the county and not annexed into the city.
- Rachel Crist asked how they could be operating if they are not zoned.
- Ben White stated they started building in the county and then were annexed into the city.

- Motion to deny for the HII – High Impact Industrial designation made by Rachel Crist
- 2nd to approve made by Leaca Caspari
- Votes went as follows: Rachel Crist, yes; Leaca Caspari, yes; Adam White, yes; Lance Hudson, no; Joe Helmberger, no

B. Public hearing to consider, discuss and act upon a recommendation to City Council regarding a requested change in zoning on approximately 26.60 acres of land, more or less, from A – Agricultural District Uses to HII – High Impact Industrial District Uses. The property is generally situated at 123 County Road 699, and located in the W.B. Williams Survey, Abstract A-954, of Farmersville, Collin County, Texas.

- Chairman Helmberger opened the public hearing at 8:52 p.m.
- Allison Mathers, who resides at 109 College Street, read the information that was on the Code of Ordinance's online, but was handed a copy of the ordinance that was sent to MuniCode that had not been codified correctly. She stated the HII – High Impact Industrial zoning goes against the Texas Treasure that is Farmersville.
- Merry Berry, who resides at 410 County Road 699, stated if you rezone to High Impact it will stay High Impact. She said time brings other people to leadership roles and other industries that we may not know exist. We do not know what other business out there may be classified as High Impact. She said that Heavy Industrial would allow the use they are wanting instead of zoning it HII – High Impact Industrial.
- Randy Smith, who lives at 508 County Road 610, stated part of the new Comprehensive Plan reflects hike and bike trails. He is not sure how it will fit in with a major trail system if concrete batch plants are there. He said the Comprehensive Plan seems to be incompatible with the HII – High Impact Industrial zoning district. He explained the City of McKinney is not in favor of approving Specific Use Permits for batch plants anymore because of issues they have had. He feels the city should require a Specific Use Permit.
- Allison Mathers, who lives at 109 College Street, asked how the company can be operating with Agricultural zoning.
- Alan Lathrom stated the batch plant started building while it was in the county and before it was annexed into the city. Under Chapter 43 of the Local Government Code it states that if they have started operating before they are annexed they have the right to continue operating after they are annexed.
- Lance Hudson stated if they are not rezoned to HII – High Impact Industrial then they could still operate in the city limits.
- Ben White said they could also choose disannexation from the city.
- Chairman Helmberger asked if anyone else wanted to speak for or against the rezoning request.
- No one came forward so he closed the public hearing at 9:13 p.m.
- Leaca Caspari explained how she understands they have a right to operate there since they came into the city after they started operating. She pointed out that the city has a Comprehensive Plan in place and the citizen want to expand our growth, but they also want a quality of life. She said she is not against cement plants, but she believes safe guards need to be in place for the protection of the citizens.
- Lance Hudson stated the batch plant is here and it is not going anywhere. He is concerned they will consider disannexation. He said if they did leave the city limits they would not have restrictions placed on them and sales tax money would not come to the city from their operations.
- Rachel Crist explained that her concern is that if it is zoned HII – High Impact Industrial they could do whatever they wanted to do. She indicated the zoning would stay with the land for any future businesses that might come in on that property.

- Motion to approve the zoning request made by Lance Hudson
- 2nd to approve made by Joe Helmberger
- Votes went as follows: Rachel Crist, no; Leaca Caspari, no; Adam White, no; Lance Hudson, yes; Joe Helmberger, yes

C. Public hearing to consider, discuss and act upon a recommendation to City Council regarding a proposed textual amendment to the Code of Ordinances, City of Farmersville, Texas, as heretofore amended, through the amendment of Chapter 77, "Zoning," by adopting a new article that will create a Historic Preservation Overlay Zoning District to provide for the protection and preservation of individual historic structures and properties as well as the protection and preservation of both potential and designated historic districts together with individual historic structures and properties and contributing structures and properties within such potential and designated historic districts by and through the adoption of ordinances containing by way of illustration, and not limitation: definitions; design guidelines; the establishment of a historic preservation body; a process through which structures and districts are designated as being historic; minimum maintenance requirements; a certificate of appropriateness process for modifications to and renovations of historic structures and contributing structures; prohibitions against demolition of historic structures and contributing structures whether by neglect or otherwise; and, a permitting process for demolition of dangerous and substandard historic structures and contributing structures.

- Chairman Helmberger stated we are not creating a new zoning district with the Historic Preservation Ordinance, but he feels the document needs some work.
- Chairman Helmberger opened the public hearing at 9:33 p.m.
- Allison Mathers, who lives at 109 College Street, stated she wants to extend the ordinance to include more areas than what it currently would cover in just the downtown area. She stated that the proposed Land Use Map needed to be approved first before they decide which areas to include in the historic overlay area. She said that groups of people and organizations should be involved in drafting the ordinance. She indicated it has to be well planned and suggested a committee be formed to look at the ordinance.
- Chairman Helmberger stated we needed a committee to be put together that could tailor the ordinance to Farmersville. He asked if anyone else wanted to speak for or against the item.
- No one came forward so he closed the public hearing at 9:41 p.m.
- Chairman Helmberger stated he would leave his notes regarding the ordinance with Ben White.
- Chairman Helmberger stated that since he works for the same company that created and is presenting the Land Use, Thoroughfare, and Hike & Bike Trail

Maps he is recusing himself from the discussions. He left the meeting at 9:45 p.m. A quorum was still present.

V. WORKSHOP & PUBLIC HEARING

A. Workshop to accept public input from citizens and to consider and discuss proposed amendments to the City of Farmersville's Comprehensive Plan, dated

January 2013, including proposed amendments to:

1. Chapter 3, titled "Land Use," including proposed amendments to the Future Land Use Plan and the Land Use Type Descriptions for land uses identified on the Future Land Use Plan;
 2. Chapter 4, titled "Transportation," and particularly Paragraph B, titled "Master Thoroughfare Plan," including proposed amendments to the Master Thoroughfare Plan now identified as the "2020 Major Thoroughfare Plan" together with amendments in the text of Paragraph B of Chapter 4 making the appropriate name changes throughout; and,
 3. Chapter 4, titled "Transportation," and particularly Paragraph F, titled "Trail System," including proposed amendments to the "Trail Master Plan" and such other amendments as maybe necessary to Chapter 6, titled "Parks and Open Space," as it relates particularly to Paragraph A, "Summary of Existing Parks" and the "Chaparral Trail Audie Murphy Trailhead."
- Daniel Acevedo from Kimley-Horn stated the Land Use Plan does not designate the zoning of areas. He showed the land use map and explained some of the uses that were shown on the map. He said the map is used to make decisions about future zoning.
 - Ben White stated he had Kimley-Horn draw in a bypass for State Highway 78 because the North Central Texas Council of Governments (NCTCOG) is working on a north/south roadway route. He stated that getting ahead of the routes and planning them might get the NCTCOG to go with those routes. We cannot get input from them until they start the process.
 - Randy Smith stated these maps had not included the people in the extraterritorial jurisdiction (ETJ) in the past so he wanted to make sure that people know they are now included in the planning of the city.
 - Daniel Acevedo stated there is a lot of time and analysis that goes into placing roads. It does not mean that a road has to go directly as it is shown on the map, it just shows connections and not a perfect alignment. They look for distances between connectivity. He said the thoroughfare plan classifies the roads and the size of them. He indicated these maps tend to be updated every 5 – 10 years, and it

would take many years before any of the roads on the map would be completed.

- Kelly Decker, who lives at 2611 County Road 648, stated she saw the Future Land Use Map on Facebook. She said when they moved here they wanted acreage and more of a country feel. She was concerned because the word has not gotten out about the maps.
- Ben White stated that people need to send comments to the city about their concerns regarding the maps so those concerns can be looked in to.
- Allison Mathers, who lives at 109 College Street, stated the 2013 Comprehensive Plan explained the Farmersville Vision was to reach out to the residents and stake holders. She suggested several public meetings be held to review and comment on the maps.
- Ben White stated we could have separate meetings from the Planning & Zoning Commission meetings where citizens could come and give comments on the maps.
- Direction to staff from the Planning & Zoning Commission to hold more public forums so people can comment and give input on the maps.

B. Public hearing to consider, discuss and act upon a recommendation to City Council regarding proposed amendments to the City of Farmersville's Comprehensive Plan, dated January 2013, including proposed amendments to:

1. Chapter 3, titled "Land Use," including proposed amendments to the Future Land Use Plan and the Land Use Type Descriptions for land uses identified on the Future Land Use Plan;
 2. Chapter 4, titled "Transportation," and particularly Paragraph B, titled "Master Thoroughfare Plan," including proposed amendments to the Master Thoroughfare Plan now identified as the "2020 Major Thoroughfare Plan" together with amendments in the text of Paragraph B of Chapter 4 making the appropriate name changes throughout; and,
 3. Chapter 4, titled "Transportation," and particularly Paragraph F, titled "Trail System," including proposed amendments to the "Trail Master Plan" and such other amendments as maybe necessary to Chapter 6, titled "Parks and Open Space," as it relates particularly to Paragraph A, "Summary of Existing Parks" and the "Chaparral Trail Audie Murphy Trailhead."
- Lance Hudson stated the Commission would pass on the public hearing at this time.

VI. ADJOURNMENT

Meeting was adjourned at 10:49 p.m.

RE: Lake Haven MUD
Dated September 17, 2020

The above referenced project has been reviewed according to the ordinances of the City of Farmersville. The following comments have been provided to the developer but not resolved. The developer responses are shown below.

- Concept Plan
 - Traffic Impact Analysis required for development of this size.
 - We are addressing the TIA requirement via a separate formal letter pertaining to the delivery of such report within the timeframe of 60 days.
- Preliminary Engineering
 - Storm sewer and sewer force main utilities running across lots should be rerouted to streets or across frontage of lots.
 - Storm sewer will be looked at in more detail during construction document phase and possibly re-routed as well.

All other comments and issues have been fixed by the developer. The Concept Plan and Preliminary Plat for Lake Haven MUD are both recommended for approval pending:

- Obtaining the TIA and implementing any requirements necessary
- Re-routing of force main utilities out of lot backyards

I am available for any questions you may have.

B. Consider, discuss and act upon minutes from October 19, 2020.

**CITY OF FARMERSVILLE
PLANNING AND ZONING COMMISSION MINUTES
REGULAR SESSION MEETING
October 19, 2020, 7:30 P.M.**

I. PRELIMINARY MATTERS

- Chairman Joe Helmberger presided over the meeting which was called to order at 7:30 p.m. Commissioners Lance Hudson, Adam White Leaca Caspari (via teleconference) and Rachel Crist (via teleconference), Michael Hesse (via teleconference), and John Klostermann were in attendance. Also, in attendance were staff liaison, Sandra Green; City Manager, Ben White; City Council liaison, Mike Henry; and City Attorney, Alan Lathrom.
- Joe Helmberger led the prayer and the pledges to the United States and Texas flags.

II. PUBLIC COMMENT ON AGENDA ITEMS (FOR NON-PUBLIC HEARING AGENDA ITEMS)

- Allison Mathers, who resides at 109 College Street, addressed the Commission via teleconference and stated it was refreshing to experience the democratic process from the last Planning & Zoning Commission. She said it is her wish that the processes of the city get in order and things no longer get done out of order. She indicated it was important to have complete transparency and she feels that the Planning & Zoning Commission has been left out of some decisions being made at the city.

III. ITEMS FOR DISCUSSION AND POSSIBLE ACTION

- A. Consider, discuss and act upon minutes from September 21, 2020.
- Leaca Caspari stated she had some questions that she would get with Sandra Green about, but wanted to wait to approve the minutes until the next meeting.

B. Consider, discuss and act upon a replat of the Farmersville Old Donation Lot 82-A & Lot 82-B, Block T.

- Lance Hudson recused himself and left the room due to a conflict of interest.
- Ben White stated DBI Engineer's reviewed the plat and asked for one correction and staff recommends approval based on that one condition.
 - Motion to approve subject to using the correct signature block indicated in Jacob Dupuis letter made by Leaca Caspari
 - 2nd to approve made by John Klostermann
 - All members voted in favor
- Lance Hudson returned to the room and continued with the meeting.

C. Consider, discuss and act upon appointing members to the Historic Preservation Ad Hoc Committee.

- Joe Helmberger stated that he and Ben White got together to make sure they had a representative sample for the committee members. He explained the following people were asked to sit on the committee: Paul Kelly, Michael Hesse, Bruce Woody, Tony Gray, Jim Foy, and Allison Mathers.
- Ben White stated Kevin Casey, Main Street Manager, would also be a voting member on the committee.
- Leaca Caspari said she thought they had already been appointed to the committee. She asked if someone could be added to the committee at a later date if they feel like they would be a good fit. She explained she believes that someone from the Historical Committee should be on there. She also suggested someone from the Parks & Recreation Board or City Amenities Board should sit on the committee.
- Joe Helmberger stated we could start the committee and then add more members. The committee will have to choose a Chair, but he thinks Allison Mathers has a good handle on creating the ordinance.
 - Motion to form the ad hoc committee with the seven named members and the ability to add more members made by John Klostermann
 - 2nd to approve made by Adam White
 - All members voted in favor

IV. WORKSHOP

A. Discussion regarding possible changes to the land uses allowed by right or specific use permit together with the appropriate development standards applicable to those land uses within the Light Industrial, Heavy Industrial, and High Impact Industrial Zoning Districts set out in Sections 77-53(e) – (g) of the

Farmersville Code together with any related amendments to the use chart set out in Section 77-46, "Schedule of Permitted Uses," and any necessary additions, changes or deletions to Section 77-29, "Definitions," of the Farmersville Code applicable to one or more of the land uses identified in Sections 77-53(e) - (g).

- Joe Helmberger stated the goal is to provide direction to staff on how the commission wants to revise the ordinance.
- The commissioners on the teleconference explained their concerns of how they would like to wait on the discussion until all the members could be at the meeting in person because of the difficulty with hearing.
- Joe Helmberger stated that it is obvious, after the last meeting, that the definition of HII – High Impact is not highly looked upon and not wanted as a zoning classification in the city. He explained they have meet with the two business owners that requested that zoning and had a discussion about how the last Planning & Zoning Commission meeting went.
- Ben White stated that he told the City Council he recommended that they send the HII – High Impact Ordinance back down to the Planning & Zoning Commission for changes. He said he recommended aligning the high impact uses in the ordinance with the high impact definition, except for asphalt batch plants, concrete batch plants and rock, stone, gravel, sand yards. He also recommended changing the title/category name from High Impact to something like Heavy Industrial – 2. He said the last recommendation was to consider removing the requirement of a Specific Use Permit from asphalt batch plants, concrete batch plants, and rock, sand and gravel yard from the Heavy Industrial Zoning.
- Leaca Caspari wanted some clarification on why the commission would want to take away the Specific Use Permit under Heavy Industrial.
- Ben White stated that is being considered so the businesses would not have to be limited to certain time frames and would not have to come in and reapply.
- Adam White asked what the time limit would be on Specific Use Permits if those businesses applied for them.
- Ben White stated when a Specific Use Permit comes up the governmental body can add several restrictions on the permit, including limited years.
- Adam White stated it seems like it would make sense for them to operate under a Specific Use Permit because that would still give the city some leverage.
- Ben White stated when the Specific Use Permit comes due at that point it could be negotiated in to one year terms. He stated there is no guarantee that they would be given an indefinite Specific Use Permit.
- Leaca Caspari asked about specifics regarding the Specific Use Permit and timeframes.
- Alan Lathrom explained that many cities do not impose a time limit or restrictions on Specific Use Permits. He said the permit runs with the land. Most cities issue them until the use changes on the property. Then the new occupant would have to come in and apply for a new Specific Use Permit.

- The Commissioners on teleconference were having a difficult time hearing the conversations.
- Joe Helmberger stated the Commission would cease discussion and plan something at a later date. He said they would postpone this item until then.

IV. Workshop

- A. Discussion regarding possible changes to the land uses allowed by right or specific use permit together with the appropriate development standards applicable to those land uses within the Light Industrial, Heavy Industrial, and High Impact Industrial Zoning Districts set out in Sections 77-53(e) – (g) of the Farmersville Code together with any related amendments to the use chart set out in Section 77-46, “Schedule of Permitted Uses,” and any necessary additions, changes or deletions to Section 77-29, “Definitions,” of the Farmersville Code applicable to one or more of the land uses identified in Sections 77-53(e) - (g).

Sec. 77-53. - Non-residential and mixed-use zoning district regulations.

(a) NS — Neighborhood Service District.

- (1) *Purpose.* The NS district is primarily intended to provide areas for low density retail, office and service uses compatible in scale, character, and intensity with adjacent residential neighborhoods. Automotive repair and automotive service businesses are generally not appropriate in the NS district.
- (2) *Permitted uses.* See section 77-46, Schedule of permitted uses for a complete listing.
- (3) *Area, yard and bulk requirements.*

Description	Requirements
Minimum Lot Area	5,000 sq. ft.
Minimum Lot Width	None
Minimum Lot Depth	None
Minimum Front Yard	25 feet
Minimum Side Yard	<i>Interior Lot</i> None
	<i>Corner Lot</i> 15 feet
Minimum Rear Yard	None
Maximum Lot Coverage	60%
Maximum Height	Two stories, 40 feet

(4) See article IV., Development standards for additional requirements and exceptions.

(b) GR — General Retail District.

(1) Purpose. The GR district is primarily intended to provide areas for neighborhood, local and community shopping facilities for the sales of goods and services included convenience stores, shopping centers and limited automotive repair and automobile services.

(2) Permitted uses. See section 77-46, Schedule of permitted uses for a complete listing.

(3) Area, yard and bulk requirements.

Description	Requirements
Minimum Lot Area	10,000 sq. ft.
Minimum Lot Width	None
Minimum Lot Depth	None
Minimum Front Yard	25 feet
Minimum Side Yard	Interior Lot None
	Corner Lot 15 feet
Minimum Rear Yard	None
Maximum Lot Coverage	50%
Maximum Height	Two stories, 40 feet

(4) See article IV., Development standards for additional requirements and exceptions.

(c) *C — Commercial District.*

(1) *Purpose.* The C district is primarily intended to provide a location for a broad range of commercial and service-related uses, such as contract construction, landscape contractors, plumbing shops paint and body shops and automotive repair services, and other similar commercial uses.

(2) *Permitted uses.* See section 77-46, Schedule of permitted uses for a complete listing.

(3) *Area, yard and bulk requirements.*

Description	Requirements
Minimum Lot Area	10,000 sq. ft.
Minimum Lot Width	None
Minimum Lot Depth	None
Minimum Front Yard	30 feet
Minimum Side Yard	<i>Interior Lot</i> None
	<i>Corner Lot</i> 20 feet
Minimum Rear Yard	None
Maximum Lot Coverage	40%
Maximum Height	Two stories, 40 feet

(4) See article IV., Development standards for additional requirements and exceptions.

(d) *CA — Central Area District.*

(1) *Purpose.* The CA district is primarily intended to serve as a pedestrian oriented center for retail, office, governmental, cultural, entertainment and residential uses in downtown Farmersville and adjacent neighborhoods. It is designed to ensure that development, redevelopment, and renovation within the district are consistent with the historical character of the city's original business district and surrounding area. The standards of this district apply to specific characteristics of the city's downtown area and are not appropriate for other locations and districts.

(2) *Permitted uses.*

- a. See section 77-46, Schedule of permitted uses for a complete listing.
- b. A residence or residential use may be established in a building as an accessory or incidental use only after issuance of a certificate of occupancy and establishment of the primary use of the building; and
- c. A building in the CA District may be used for residential purposes provided however that such residential use shall be limited solely to:
 1. A maximum of 40 percent of the overall square footage of the first floor and placed on that portion of the first floor at the farthest portion of the building away from the building's store front with the remaining 60 percent of the first floor actually being used for retail or other commercial use; and
 2. The second floor and above of the building.

(3) *Area, yard and bulk requirements.*

Description	Requirements
Minimum Lot Area	5,000 square feet for one-family dwelling (detached)
	4,000 square feet for zero lot line
	2,000 square feet for one-family dwelling (attached)
	3,000 square feet for two-family dwelling
	1,500 square feet per unit for multiple family dwellings (1—3 stories)

	900 square feet per unit for multiple-family dwellings (over three stories)
Minimum Lot Width	20 feet for one-family dwelling (attached)
	50 feet for two-family dwellings
	60 feet for multiple-family dwellings

(Ord. No. 2018-0508-001, § 3, 5-8-2018; Ord. No. O-2018-1023-002, § 2B, 10-23-2018)

Sec. 77-46. - Schedule of permitted uses.

(a) Explanation of use chart.

- (1) *Permitted by-right uses.* "P" in a cell indicates that the use is permitted by right in the respective zoning district. Permitted uses are subject to all other applicable regulations of this chapter.
- (2) *Uses requiring a specific use permit.* "S" in a cell indicates that, in the respective zoning district, the use is allowed only if issued a specific use permit, in accordance with the procedures of section 77-44, Specific Use Permits. Uses requiring a specific use permit are subject to all other applicable regulations of this chapter.
- (3) *Prohibited uses.* A blank cell indicates that the use is prohibited in the respective zoning district.
- (4) *Use-specific regulations.* Regardless of whether a use is allowed by right, or permitted with a specific use permit, there may be supplemental regulations that are applicable to the use. The existence of these regulations is noted through a cross-reference in the last column of the table. Cross-references refer to section 77-49, Use-Specific Regulations. An asterisk [*] in a cell indicates that the use, whether permitted by right or as a special use, is permitted subject to use-specific regulations in that district.
- (5) *Allowed land uses in overlay districts.* Except as otherwise provided by this Code for a specific overlay district:
 - a. Any land use permitted by right in the applicable underlying base zoning district may be permitted within an overlay district, subject to any use-specific regulations required by this section and any additional requirements of the specific overlay district.
 - b. Any land use requiring a specific use permit in the applicable underlying base zoning district is only allowed if a specific use permit is issued for the use.
 - c. Any land use prohibited in the underlying base zoning district is also prohibited in an overlay district. A specific overlay district may include additional prohibited land uses.
- (6) *Allowed land uses in planned development districts.* Land uses in a planned development district are permitted as follows:
 - a. If the PD development plan references a base zoning district:
 1. Any land use permitted by right in the applicable underlying base zoning district, as amended, may be permitted.
 2. Any land use requiring a specific use permit in the applicable underlying base zoning district, as amended, is only allowed if a specific use permit is issued for the use.
 3. Any land use prohibited in the underlying base zoning district, as amended, is also prohibited in the PD district.
 - b. The PD district may list the permitted and prohibited uses separately.
 - c. A combination of the above options.

Sec. 77-29. - Definitions.

For the purpose of this chapter, certain terms and words are to be used and interpreted as defined hereinafter. Words used in the present tense shall include the future tense; words in the singular number include the plural and words in the plural number include the singular, except where the natural construction of the writing indicates otherwise. The word shall is mandatory and not discretionary. The following are this chapters' definitions.

Accessory building means a building, either attached or detached from the main structure, for a subordinate use incidental to the principal building and use located on the same lot. Accessory buildings shall include, but not be limited to, parking garages, farm structures, garages for automobile storage, carports, tool houses, greenhouses, home workshops, children's playhouses, storage houses or garden shelters.

Accessory use means a use that is subordinate to, serves, and is customarily incidental to the primary use of the main building or to the primary use of the premises; is located on the same lot or tract of land; and, which otherwise meets all requirements of this chapter and all applicable building and fire codes, as each of the foregoing may be amended.

Adult day care center means a facility that provides services under an adult day care program on a daily or regular basis, but not overnight, to four or more elderly or persons with disabilities who are not related by blood, marriage, or adoption to the owner of the facility. Adult day care centers must be licensed by the state department of human services.

Airport landing field means a place where an aircraft can land and take off, usually equipped with hangars, facilities for refueling and repair and various accommodations for passengers.

(1) *Heliport*. An area of land or water or a structural surface which is used, or intended for use, for the landing and taking off of helicopters, and any appurtenant areas which are used, or intended for use, for heliport buildings and other heliport facilities.

(2) *Helistop*. The same as a heliport, except that no refueling, maintenance, repairs or storage or [of] helicopters is permitted.

Alley means a public space or thoroughfare which affords only secondary means of access to property abutting thereon, which has been deeded or dedicated to the public for public use.

Alternative financial institution means a payday advance/loan business or a motor vehicle title loan business. An alternative financial institution does not include state or federally chartered banks, community development financial institutions, savings and loans, credit unions, or regulated lenders licensed in accordance with Chapter 342 of the Texas Finance Code.

Amenity center (private) means a facility or area that is an integral part of a residential project or planned development and that is used by the residents of the project or development for a place of meeting, recreation, or social activity, but not primarily to render a service that is customarily carried on as a business. Such facilities include but are not limited to swimming pools, saunas, hot tubs, game courts, playgrounds, community clubhouse, cabana, pavilion or roofed areas, leasing office, laundry facilities, and other similar uses. This use need not be located on the same lot as the property it serves.

Amusement, commercial (indoors) means an amusement enterprise wholly enclosed in a building which is treated acoustically so that noise generated by the enterprise is not perceptible at the bounding property line and including, but not limited to a bowling alley, billiard parlor, or skating rink.

Amusement, commercial (outdoors) means an outdoor area or structure, open to the public, which provides entertainment or amusement primarily by and for participants for a fee or admission charge. Typical uses include batting cages, miniature golf, go-kart tracks, and carnivals.

Antenna means an instrument or device consisting of wires, poles, rods, or reflecting discs, designed for transmitting or receiving any portion of the radio, microwave, or electromagnetic spectrum.

Antenna, stealth means a commercial antenna that is designed to be non-obtrusive, or virtually transparent or invisible to the surrounding neighborhood. Stealth antennas include, but are not limited to:

- (1) Antennas within a building's attic space,
- (2) Antennas on the roof of a minimum three-story building and not visible from the property line of the lot on which the antenna is located,
