

AB 2766

Subvention Fund

South Coast AQMD

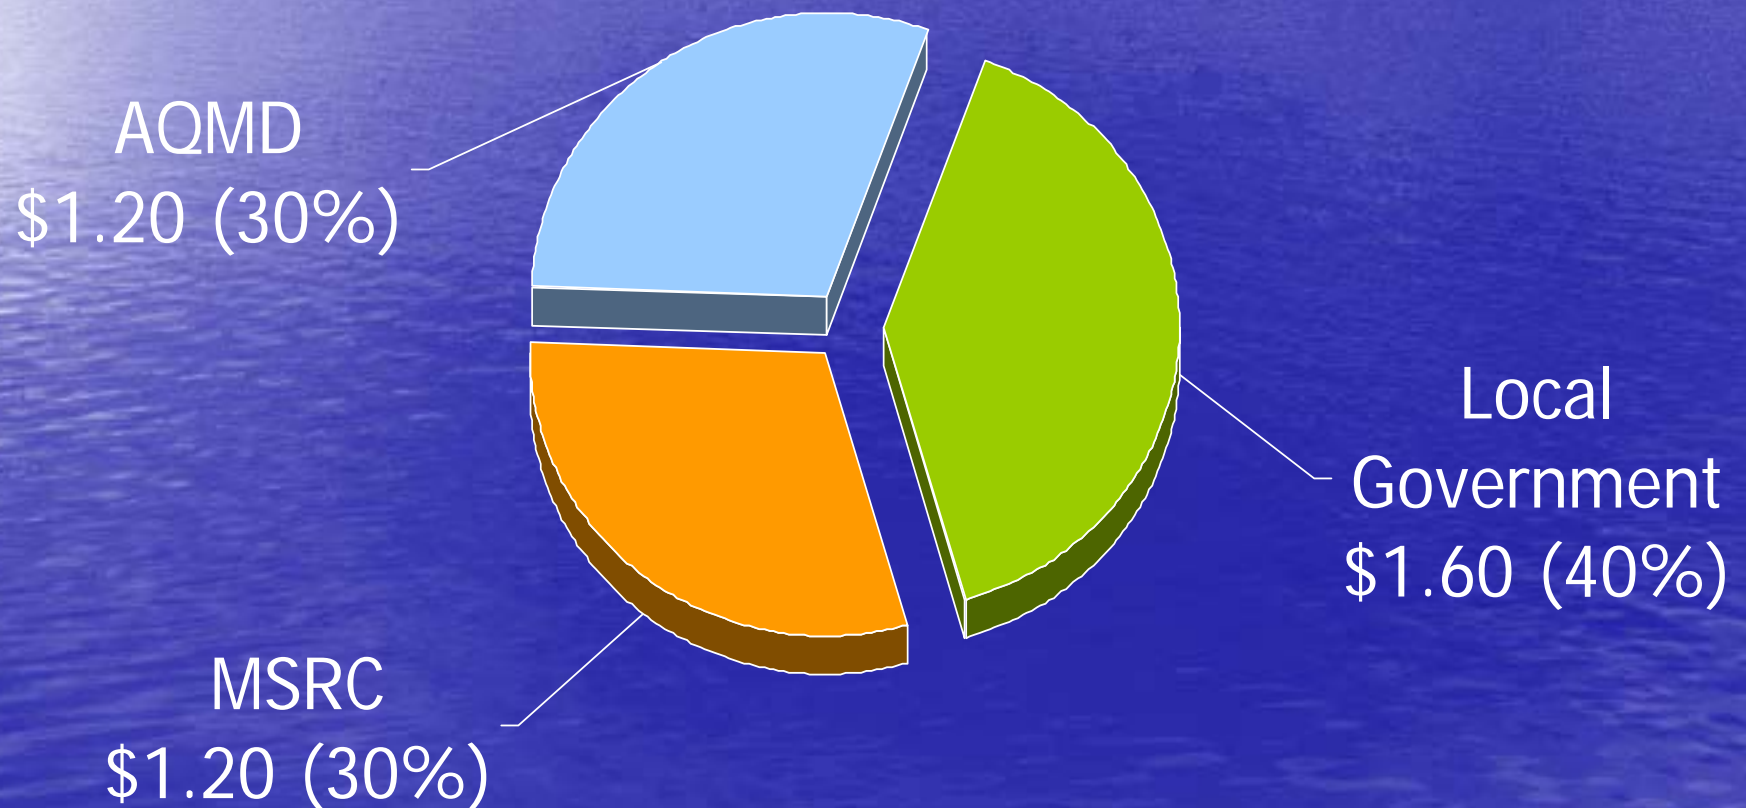

May 2008

AB 2766 Subvention Fund

- Adopted in 1990
- DMV annual registration surcharge of \$4 per vehicle
- Provides revenue to reduce emissions from motor vehicles
- 40%, approximately \$19.6 million, subvented to cities/counties annually

AB2766 Subvention Fund

\$4 DMV Surcharge Distribution

AB 2766 Subvention Fund

- Distributed by AQMD on a quarterly basis to 158 participating local governments
- Based on cities/counties prorated share of population
- Projects must meet CARB's criteria & guidelines
 - Emphasis on cost-effective projects (\$10 per pound including NOx, VOC, CO/7, PM10)
- AQMD's Resource Guide revised annually

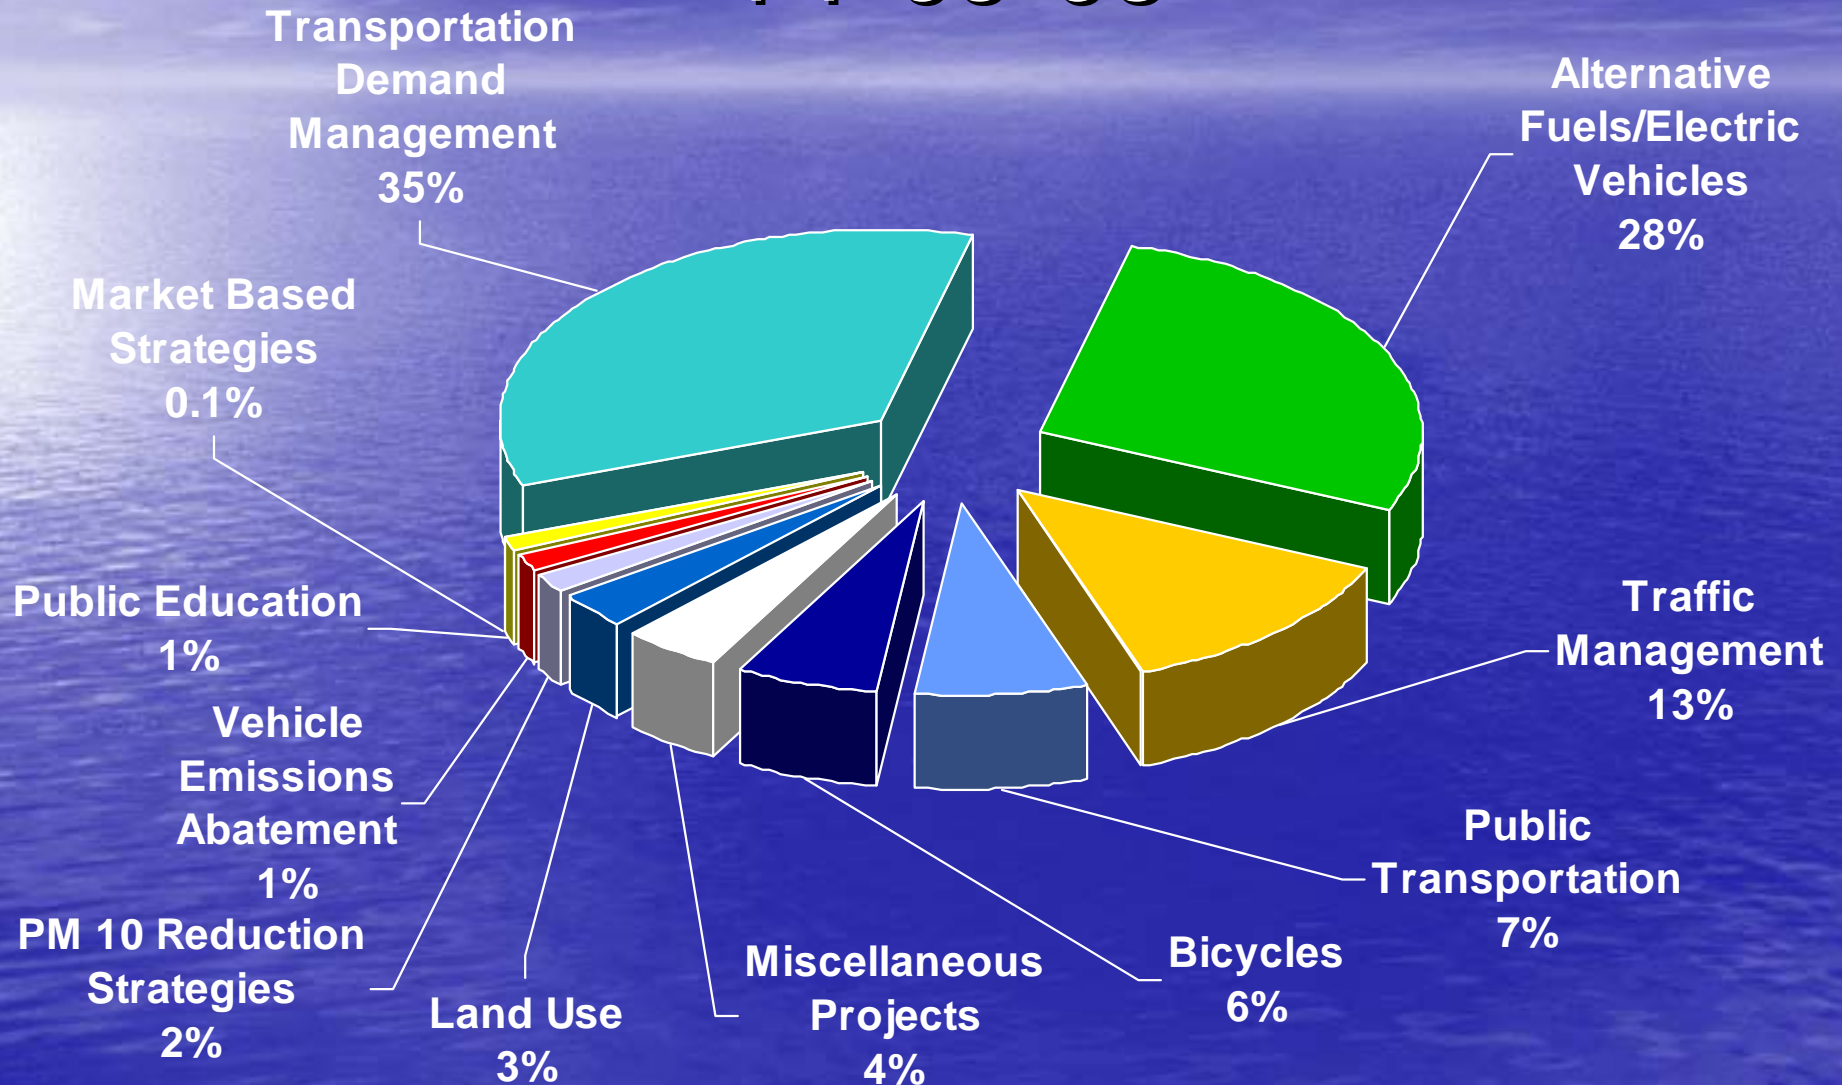

AB 2766 Subvention Fund

- Annual Reports on the use & results of funds due each February
- Consolidated Annual Financial Report (CAFR) due each February
- Independent firm conducts random audits of AB 2766 expenditures every two years
- Summary report to CARB annually

CARB's 2007 Statewide SIP Strategy

- Need for 74 additional tons/day of NOx reductions to meet PM2.5 standards
- CARB, AQMD, and SCAG reached joint decision which included reducing an additional 4 tons/day of NOx by local government from AB2766 projects not accounted for in SIP by 2014
- Approximately half of funds are spent on SIP quantifiable projects

Expenditures by Category FY 05-06

FY 2005-06 Annual Report
