Allison shared a video on her phone of the assembling of the newly refurbished and painted water fountain. All in agreement that the fountain workmanship was well done, the it looks impressive, is working well. Dave will get the final invoice and submit it.

Reports back from people in town, regarding the new light on the flag, have been positive.

The new trash can has been put on the Commons, complete with dog poop bags for people to us.

Payment has been made to the Hancock Women’s Club for flowers in front of the post office.

Work on the Gazebo/Bandstand is to be done by Old Home Days.

New trees will be planted in the fall. The tree that was transplanted from The Hancock Inn is struggling. Other trees are all looking good. Allison pruned the Hawthorne tree by the highway sign on 137, for better visual of the sign.
