

Knox County Red Cross Emergency Shelter Locations

In Knox County, we have worked with the American Red Cross to identify and arrange for “regional” emergency shelters when necessary. These regional shelters may be located at:

- Camden Hills Regional High School off Route 90 in Rockport <[Directions](#)>
- South School 30 Broadway in Rockland <[Directions](#)>
- Union Elementary (old D R Gaul) 1070 Heald Highway in Union <[Directions](#)>
- Warren Community School 117 Eastern Road in Warren <[Directions](#)>

Important Note: Generally, only one regional Red Cross emergency shelter will open in Knox County at a time. Your local community may also open and operate a community based shelter using local volunteers. To find out where a local shelter has been opened or is opening, dial “[211](#)” from any phone, tune into a local radio or TV station or follow the instructions of emergency personnel in your community.

Can I take my Pets? In most cases yes! Knox County has a dedicated animal team trained and equipped to operate a “pet shelter” adjacent to nearly any people shelter. A “pet friendly” shelter can only accommodate household pets and service animals.
