Bi-Annual Inspection Check List

Mechanical Jack Stands

In April and October of each year, inspect all jack stands and record findings on this form.

Anytime a jack stand is damaged or does not operated as designed it shall be tagged out of service by use of a **RED** tag that states; “**DO NOT USE**”. Notify your Department Manager or Supervisor.

Any jack stand found to be defective shall be immediately removed from service.

TASK	PASS	FAIL
Legible capacity tag		
Anvil free of damage		
Ratchet Pawl free of damage or excessive wear		
Pins free of damage or excessive wear		
Lift point free of damage		
Frame not bent or warped		
Operates as designed		

EQUIPMENT SERIAL NUMBER	EQUIPMENT LOCATION
