A. Needs Statement

1. Identify challenges in financial assistance that are prohibiting you from properly serving MFIP/DWP families in your community.

Lack of employment opportunities, available childcare providers and or openings with the already established ones, and minimal public transportation available.

There is only one large employer in our area, the Shooting Star Casino, who hires on Native American Preference. Local businesses in the area have for the most part their positions filled so employment opportunities in town are minimal.

Child care in the area is very minimal, Mahnomen has one licensed child care provider and other licensed providers are located in White Earth. With a majority of care providers being located in White Earth, lack of available public transportation and or limited hours of operation, and overall lack of child care availability and openings.

Public transportation in this area is provided by Tri-Valley and White Earth Public Transit both of which operate on a route schedule but with the rural aspect of the area, utilizing this mode of transportation will not suffice to getting to work in a timely fashion.

2. * Identify challenges in employment services that are prohibiting you from properly serving MFIP/DWP families in your community.

Transportation is a big challenge in our area. We have several participants who do not have drivers license or personal transportation. We have two public transportation services in our area, but service hours are limited to weekdays and day hours. Our biggest employer is the Shooting Star Casino who is open 24 hours per day and participants that have the possibility of working evening/graveyard shifts or weekends cannot get to work.

Another huge challenge is participants are having a hard time finding child care. Our local licensed providers only provide weekday day hours care.

A number of our participants live with large groups of people. With the changes to the Legal Non-Licensed registration not allowing household members to provide care puts another damper on participants trying to find care as many in our area are felons.

3. * Identify the strengths in your community that you are most proud of that benefit MFIP/DWP families.

With the very limited resources in the area and being a small community, networking has been a big benefit to MFIP/DWP families. Knowing an employer or someone who knows of a job lead or possible available resource has been a great help.

A. Needs Statement (continued)**4. What strengths and resources do you have available to address the needs of your participants?**

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (County/Tribal Nation resources with developed connections to MFIP), and/or an external community resource or both. If you lack the resources in your service area, check the Resource Gaps column. Add any "other" resources that you consider necessary.

A. Needs Statement (continued)**6. Employment Services Provider(s) Information**

MN Statute 256J.50, Subdivision 8: Each county, or group of counties working cooperatively, must make available to participants the choice of at least two employment and training service providers as defined under MN Statute 256J.49, Subdivision 4, except in counties contracting with workforce centers that use multiple employment and training services or that offer multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs.

List your current employment services provider(s) and check the respective box to indicate which population served. If a Workforce Center is the only employment services provider, list the multiple employment and training services among which participants can choose. Section I of this form addresses provider choice.

F. Measures

Performance Measures

Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on [MN Statute 256J.626, Subdivision 7](#).

Each year a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The three-year Self-Support Index (S-SI): This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2023: [Minnesota Family Investment Program 2023 Annualized Self-Support Index \(state.mn.us\)](#). A service area with an annualized S-SI above its customized Range of Expected Performance for 2023 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2024.

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

9999 characters remaining

If your service area performed "above" or "within," you can go to Section G.

If your service area performed "below" for two consecutive years, you will have to **negotiate a multi-year improvement plan** with DHS. If no improvement is shown by the end of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance.

F. Measures (continued)

Racial/Ethnic Disparities

A racial/ethnic disparity is defined as a one-year Self Support Index that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in the County/Tribal Nation or consortium. The report "Annualized MFIP Performance Measures by Racial/Ethnic or Immigrant Group and by County, County Consortium, and Tribal Provider" is now available at <https://public.tableau.com/app/profile/tyler.borgmann/viz/AnnualizedS-SISuccessRatebyRacialEthnicorImmigrantGroup/SSISuccessRateDashboard-intro>

To view your agency's measurement, click on the "S-SI Success Rate by Agency" button. This will bring you to the statewide data for 2022. From the first drop down you can select your county, county consortium or Tribal Nation. If you note any groups that are below the line (indicated by a green bar) your county, county consortium or Tribal Nation will answer the next question below:

What strategies and action steps for each of the groups below the disparities reference line do you plan to implement for the coming biennium to reduce these disparities?

3. Effective August 1st, 2023, counties and Tribal Nations are no longer required to administer random drug tests to MFIP participants who are convicted drug felons but may do so at the county or Tribal Nation's option. If applicable, what procedures/policies do you have in place for administering random drug tests to MFIP participants who are convicted drug felons as allowed by [MN Statute 256J.26, Subdivision 1](#)? **Select one.**

- ☐ Written policy within the MFIP unit
- ☐ Coordination with Corrections
- ☒ Currently establishing new policy/procedure(s)
- ☐ Other – specify:

Submit a copy of your written policy as an attachment.

H. Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work, or a community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs per [MN Statute 256J.626, Subdivision 2](#).

If your County/Tribal Nation is interested in applying for the waiver for the coming biennium, please complete the following four questions.

1. Describe the activity(s) you will provide.

4000 characters remaining

2. Explain the reasons for the increased administrative cost.

4000 characters remaining

3. Describe the target population and number of people expected to be served.

4000 characters remaining

4. Describe how the unpaid work experience is designed to impart skills and what steps are taken to help participants move from unpaid work to paid work.

4000 characters remaining

If your County/Tribal Nation is providing unpaid work experience activities for MFIP participants and you don't already have an Injury Protection Plan (IPP) in place, please click on [eDocs](#) to fill out the IPP form. Email the completed form to: Jonathan.Hausman@state.mn.us.

I. Provider Choice

MFIP provisions require counties to provide a choice of at least two employment service providers available to participants unless a workforce center is being utilized ([MN Statute 256J.50, Subdivision 8](#)). Counties may request an exception if meeting this requirement results in a financial hardship ([MN Statute 256J.50, Subdivision 9](#)).

Does your County/Tribal Nation:

- ☐ Have at least two employment and training services providers. Go to Section J.
- ☐ Have a CareerForce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section J.
- ☒ Intend to submit a financial hardship request.

I. Provider Choice (continued)

Financial Hardship Request

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the County/Tribal Nation had a choice of providers in calendar year 2023, describe:
 - factors that have changed which indicate a financial hardship,
 - why the hardship is expected to continue, and
 - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the County/Tribal Nation.

There are no other providers available that would not require extensive travel to access.

1911 characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
 - major factors which prevent the County/Tribal Nation from utilizing these options and include a cost analysis of each option considered; and
 - the process used to determine the cost of other options (RFP or other County/Tribal Nation process).

There are no other providers available that would not require extensive travel to access.

1911 characters remaining

3. If the County/Tribal Nation proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant County/Tribal Nation funds. The description should include information about what steps will be taken to ensure that staff have the experience and skills to deliver employment services.

The employment services program is staffed by 2 case aids, supported by office support specialist, social workers and supervisors. Staff participate in training both in person and virtually to remain updated on policy, practice and procedure. Consolidated funds pay a small portion of the salary and supplies.

1688 characters remaining

Financial Hardship requests will be reviewed by the Department of Human Services (DHS) and the Department of Employment and Economic (DEED) leadership. DHS and DEED will also look at the amount budgeted by the County/Tribal Nation for employment and training during calendar year 2023 and use this amount as a guide to determine whether the amount budgeted by the County/Tribal Nation for calendar year 2024 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor County/Tribal Nation programs to ensure outcomes are achieved and services are being delivered consistent with state law. For additional information or if you have questions, please email Pamela McCauley at Pamela.McCauley@state.mn.us.

J. Budget

Click on the link below to review your service area's 2024 MFIP allocation and Federal Funding Sources:

[MFIP Consolidated Fund \(PDF\)](#)

In the budget table below, indicate the amount and percentage for each item listed for the budget line items for calendar years 2024-2025. Also note:

- Refer to the 2024-25 Minnesota Family Investment Program (MFIP) Biennial Service Agreement (BSA) Guidelines Bulletin section, "Allowable Services under MFIP Consolidated Fund."
- Total percent must equal 100.
- Income maintenance administration is reasonable in comparison to the whole budget.
- Ensure the Emergency Assistance/Crisis Services plan is included if funds are allocated.
- All services must be an allowable expenditure under the MFIP Consolidated Fund.
- Allocation amounts must be spent by the end of calendar year, remaining amounts does not roll over into the following year.
- Medical expenditures are NOT allowable.
