**Reason for wanting to Sell/Transfer Water Right: (Check all that may apply).**

Cannot access water delivery point

Currently irrigate property with an alternate legal source of water

Property is within city limits and is being irrigated with city water

Property is being annexed into city limits and will be irrigated with city water

Property is being subdivided into lots too small to sustain individual water rights and have alternative means of irrigation

Other:

I affirm that the above information is true and correct to the best of my knowledge.
