Meter Rates for Seasonal Customers

This rate schedule is applicable to all seasonal customers in the territory taking water service less than twelve months of the year, whether from underground or surface lines, including customers who use utility water on an intermittent basis to supplement their own water source.

Seasonal Consumption Charges:

For the first	2,400 cubic feet per season or fraction thereof:	\$	390.20
For the next	27,600 cubic feet per season		6.96 per 100 cubic feet
Over	30,000 cubic feet per season		5.96 per 100 cubic feet

If billed monthly, consumption, minimum charges, and minimum allowances will be one-third of the quarterly charges.

Minimum Charges and Allowances:

For each customer served through a single meter, there shall be a minimum charge based on the size of the meter installed.
