**DEDICATION
NORTH HAVEN ANNUAL REPORT – 2020**

We dedicate this year's annual report to Gimmy Nichols. As a young boy, when Henry Gilman "Gimmy" Nichols first visited North Haven with his parents and brothers, he could not have known then that he was about to embark upon a lifelong commitment of affection and concern for North Haven. The family spent many summer vacations getting to know and appreciate the island and when Gimmy married Ellen he brought his bride to his special place for their honeymoon.

As years passed, and families grew, Gimmy and Ellen built their own house and were able to spend more time on North Haven which allowed more involvement in island life. Gimmy has joined local boards and committees and takes great interest in meeting with town government officials. Each summer he also likes to check in with island businesses to offer encouragement and best wishes.

In all ways Gimmy is a supportive North Haven friend who cares deeply for the success of this island town and for those who reside and work here as well.

IN MEMORIAM

Lucy A. Hollowell
1945-2020

SPECIAL TRIBUTE

Kevin Waters
1957 – 2020

We recognize Kevin as an honorary member of our community. He made our lives better in so many ways, by flying countless people off the island in emergencies, by bringing people and packages to us with a speed that often seemed as if we were living on the mainland, and for going above and beyond so many times. Mostly, we recognize Kevin as our friend. He enriched our community with his concern for us as individuals, with his compassion for people he didn't even know, and by making each of us realize that we count.

January 1, 2021

Dear Friends,

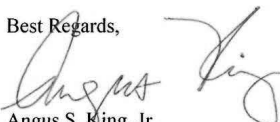

2020 was a year unlike any in our lifetimes. Our state and nation dealt with unprecedented challenges--the coronavirus pandemic, ensuing economic fallout, and a prolonged, heavily divisive campaign season each took a significant toll on all of us. The worst part? In order to protect each other, we had to face these challenges in isolation. But a new year represents new possibilities; a chance to take stock of what we're grateful for and focus on the opportunities in front of us. As we reflect back on 2020, we will remember heartbreak and loss -- but we cannot forget the shining rays of hope that broke through the darkness, reminding us all that better days are ahead.

Throughout the pandemic, my top focus has been on bridging the partisan divide in Washington in order to deliver desperately-needed relief for Maine people. Joined by colleagues last March, we pushed for bipartisan negotiations to produce a strong bill that helped fellow Mainers, businesses, and institutions weather this storm. In the weeks and months after the *CARES Act* passed, our team stayed in close contact with people throughout the state to determine how we should adjust our response to best support our citizens. Unfortunately, the aid provided by the *CARES Act* lapsed without Congressional action, leaving too many families and businesses in limbo. I never stopped pushing for a bipartisan relief bill and, after extensive negotiations, we ended the year on a good note by breaking the gridlock and passing new relief legislation. This new bill isn't perfect; in fact, it should just be the start our renewed response. As we enter 2021 with a new administration and new Congress, we must fight for additional legislation to help restore stability to our working families and rebuild our economy and public health infrastructure.

In the midst of this crisis, Congress did manage to accomplish a few successes that will outlast this awful pandemic. Among these was the *Great American Outdoors Act*, a bipartisan bill which was enacted into law in August 2020 and will help address a \$12 billion backlog at our national parks so future generations of Americans can enjoy these beautiful lands and create lifelong memories. Also, as we learn more about the recent hacks of our nation's networks, there is help on the way: 27 of the cybersecurity recommendations made by the Cyberspace Solarium Commission -- which I co-chair with Republican Congressman Mike Gallagher-- made it into this year's defense bill. While there is no guarantee that these provisions would have prevented the massive hack, they will certainly improve our cyber defenses.

Despite the challenges, I'm hopeful for the future. Vaccines are being distributed across our state -- starting with our healthcare heroes, who have sacrificed so much throughout this unprecedented catastrophe and deserve our eternal gratitude. If there can be a silver lining from these challenges of 2020, maybe it will be this: I hope that, in the not-so distant future, we will be able to come together physically and we will be reminded of our love for each other. We have differences, without a doubt. But as Maine people stepped up to support each other, we saw again and again that our differences pale in comparison to the values we share. We are one state, and one community -- and there is nothing we cannot or will not do for each other. Mary and I wish you a happy and healthy 2021. We can't wait to see you soon.

Best Regards,

Angus S. King, Jr.

Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to reflect on 2020, an incredibly challenging year for Maine families, small businesses, and communities.

When the pandemic struck, our country faced the specter of an overwhelmed health care system and devastation to our small businesses and the millions of people they employ. I immediately worked with Republicans and Democrats to pass multiple laws allocating approximately \$3 trillion to respond to this public health and economic crisis, including more than \$8 billion directed to Maine to support testing, schools, the economy, and other purposes — that is nearly double Maine's annual state budget.

I am especially proud of the bipartisan Paycheck Protection Program (PPP) I co-authored. This program has provided three out of four Maine small businesses with nearly \$2.3 billion in forgivable loans, which has helped sustain more than 250,000 Maine jobs. I have met thousands of Maine small employers and employees in all 16 counties who are surviving because of the PPP. As one small business owner told me, the PPP provided “exactly what we needed at exactly the right time.” The PPP also allowed employers to maintain benefits, such as health care, during this challenging time. Another round of PPP is needed to sustain small businesses and their employees.

While the pandemic continues across Maine, our nation, and the world, I thank the first responders, health care professionals, teachers, grocery store employees, factory workers, farmers, truck drivers, postal employees, and so many others who continue to stay on the job during this difficult time. With the deployment of the first vaccines, better tests, and the incredible speed with which these life-saving responses were developed, I am hopeful we can emerge from this crisis in the next few months.

While providing relief to American families was my focus throughout 2020, other accomplishments include the passage of the Great American Outdoors Act, which provides full funding of the Land and Water Conservation Fund and addresses the maintenance backlog at our national parks, forests, and wildlife refuges. As Chairman of the Transportation Appropriations Subcommittee, in 2020 alone, I secured \$132 million to improve Maine's roads, bridges, airports, buses, rail, ferries, and seaports. Finally, as Chairman of the Aging Committee, I led the reauthorization of the Older Americans Act, which funds programs that improve the well-being, independence, and health of our nation's seniors and their caregivers, and I authored laws to reduce the cost of prescription drugs and protect individuals with Alzheimer's disease.

As the end of 2020 is approaching, I have cast more than 7,535 votes, never having missed one. In the New Year, my focus remains to work with colleagues to find common ground on policies to help support the health and safety of Mainers and the safe, responsible opening of our communities. If ever I or my staff can be of assistance to you, please do not hesitate to contact one of my state offices. May the coming year be a successful one for you, your family, your community, and our state.

Sincerely,

Susan M. Collins
United States Senator

Dear Friends,

2020 has been a year of unconscionable loss and hardship. The COVID-19 pandemic has ravaged our nation, magnifying long-unaddressed inequities. I hear daily from constituents whose lives have been upended by the pandemic. As we navigate these ongoing challenges, my top priority in Congress has been to advocate for the resources Maine residents, businesses, and institutions need to weather this crisis.

In March, the CARES Act was signed into law, providing much-needed relief to Mainers, including expanded unemployment benefits, stimulus checks, grants and loans for small businesses and nonprofits, and funding for health care providers on the front lines of this crisis. As this crisis wore on, I saw increased need; that's why I voted for the Heroes Act in May and again in October to provide further support. I'm relieved we passed another relief package at the end of December, but I know another round of support is still much needed in the coming year.

The pandemic isn't the only crisis we face. Climate change threatens Maine's environment and industries. This summer, the Gulf of Maine recorded its hottest day, and we experienced the longest, most severe drought in 20 years. Maine farms continue to be stymied by climate change, but they can also play a crucial role in combatting it. In February, I introduced the Agriculture Resilience Act to ensure American agriculture is net-zero by 2045. The release of Maine's Climate Action Plan is a major step in the fight against climate change. I will continue to work with state leaders to ensure they have federal support to achieve this agenda.

2021 will offer different challenges. We must distribute a vaccine to millions, restore jobs, uplift the economy, and repair the divisions that undermine our ability to make meaningful change. I look forward to working with the incoming presidential administration to meet these challenges and emerge as a stronger, more resilient nation.

As always, the needs of Mainers guide my work as we recover from this crisis. If there is anything my office can do to help, please reach out.

Sincerely,

Chellie Pingree

TTY: MAINE RELAY 711

Dear North Haven Neighbors:

Thank you for the opportunity to continue to represent you in the 130th Legislature. It is truly an honor to serve our community.

This new legislative session looks quite different because of the ongoing COVID -19 pandemic. We were sworn in at the Augusta Civic Center, and much of our early work has taken place remotely, with both legislators and the public participating via the internet.

We are as determined as ever to continue to do the work you elected us to do accessibly and transparently. All our work is available to access online, either live or after the fact, and I encourage you to visit www.legislature.maine.gov if you are interested. I also hope you will feel free to contact me with any questions about how to stay informed about our proceedings.

Our major work in the upcoming session will be the creation of a balanced two-year state budget, and public hearings on this legislation are underway as of this writing. One of my goals for this budget includes making sure our recovery from the economic fallout of the pandemic leaves nobody behind. I will also be pushing to make sure the budget adequately funds our schools, strengthens our health care and behavioral health resources, provides help to local governments and property taxpayers, and continues our efforts to address the climate crisis.

Another critical area of work will be our economy, particularly considering how difficult the pandemic has been for our working families and entrepreneurs. We will also need to continue to improve access to broadband, augment workforce training and invest in Maine's large infrastructure network. And, given the experience of so many constituents last year, we will need to address the serious shortcomings in our unemployment insurance system that were brought to light by the current situation.

Some of my own bills include measures to further protect children from abuse, reduce overdose deaths through expanded naloxone access, improve conditions for fishermen and protect our region's ferry service.

Once again I will be serving on the Marine Resources Committee, where I will continue to advocate for the working waterfront. I'm also proud to chair the Government Oversight Committee, which works to make sure each part of state government is doing what it is supposed to do and holds it accountable when something goes wrong.

Through both my committee work and other legislative business, I am committed to working with all my colleagues, regardless of party, to advocate for our community and move our state forward.

Please contact me if I can be of any help to you and your family, or if you want to discuss any legislation. I fully welcome your questions and feedback.

Respectfully,

A handwritten signature in dark ink that reads "Genevieve McDonald".

Genevieve McDonald
State Representative

3 State House Station

Augusta, ME 04333-0003

(207) 287-1515

David.Miramant@legislature.maine.gov

Dear Friends and Residents of North Haven,

Thank you for the opportunity to continue serving as your state senator. I'm incredibly honored to represent our communities in Augusta, and I promise to work as hard as I can on your behalf.

This past year, Mainers have faced challenges that we could have never imagined. We have confronted a global pandemic, an economic crisis, and mass unemployment, all while trying to go about our day-to-day lives to the best of our abilities. Unfortunately, these challenging times have not yet passed us by. Even though we see the light at the end of the tunnel with the rollout of the COVID-19 vaccines, I would encourage everyone to stay strong and do their part now to slow the spread of the virus and prevent further loss of life.

In the Legislature, I have been appointed to serve as Chair of the Marine Resources Committee. I know just how much our communities depend on our bodies of water for food, work, and jobs. It is my charge to make sure that our marine ecosystem remains sustainable and plentiful for generations to come. In addition, I will serve on the Labor and Housing Committee, whose work is central to rebuilding our state and supporting workers and businesses in the midst of the COVID-19 pandemic.

As with everything else in our lives, the way we will do our work will also be different this year. We will be doing much of it virtually, and only convening all-together in person when it's necessary. Our committee hearings and meetings will all be live-streamed and recorded and can be seen online at www.legislature.maine.gov. In addition, folks will be able to participate and provide testimony via phone or videoconference, as well as by submitting written testimony online at www.mainelegislature.org/testimony. I will make sure that even during these unusual times, the public always has ample access to see our work and to add their voices to the process.

I also want to remind you that I am here as a resource to you or your family. Whether you have an issue with your unemployment benefits, need to contact a state agency or just have a question or comment, don't hesitate to reach out. You can send me an email at David.Miramant@legislature.maine.gov or call my office at 287-1515.

I know these are still difficult times, but we will get through them and on to brighter days.

Sincerely,

Dave Miramant
State Senator

NORTH HAVEN PLANNING BOARD - 2020 REPORT

At last, the Planning Board has begun planning for a Public Hearing at which we will present a changed revised draft copy of the NH Land Use Ordinance. Covid-19 precautions have slowed progress on this document, but we now feel ready to share it with the Town. A Public Hearing allows discussion, questions and comments which could lead to some further changes. The current draft does offer changes, from the original 1996 document, especially so in the downtown village area where we have recognized existing “mixed use” and where we believe mixed use should be encouraged.

There will be a Special Town Meeting later on at which voters will have the opportunity to adopt a new 2021 Land Use Ordinance

The board is currently working with a South Shore subdivision application and is looking forward to commencing work on a NH Shoreland Zoning Ordinance. We are currently relying on State Shoreland Zoning rules.

As always, we remind shoreland property owners of restrictions around cutting of trees and shrubs within the protected 250 feet setbacks. The first 75 feet in this zone allows no cutting whatsoever. Those who disregard and abuse this essential Dept. of Environmental Protection Agency rule face enforcement fines from the DEP.

Respectfully submitted,

Pat Curtis, Chair

FERRY SERVICE ADVISORY BOARD - 2020 REPORT

Ferry Advisory Board Report

As has been true everywhere else in our world for the last year, Covid-19 had an out-sized impact on the Maine State Ferry System (MSFS), beginning early on. March was the Covid turning point for North Haven with our three trips per day schedule reducing to two trips. This proved to be no great hardship as most people weren't traveling anyway, and the extra time the boat spent each day tied up in North Haven gave the crew more time to do cleaning of common areas, frequently touched surfaces, etc. The abbreviated schedule began on March 28th. It ended in mid-June, with some trepidation from not knowing how many people might suddenly start coming to the island with the additional trips. As it turned out, no hordes immediately arrived on our shores.

Our own ferry traveling habits evolved quickly it seems. First many of us didn't go to the mainland at all for months even, then slowly increasing numbers would make a few more trips, perhaps more often sharing trips with someone in the same 'bubble'. Another interesting modification was that people felt more comfortable traveling in their vehicle rather than on foot, so passenger ticket sales dropped markedly and vehicle ticket sales held better. Being in your own space just felt safer than riding in the cabin, even though it was regularly cleaned and masks were required.

The reduced ticket sales resulted in a drop in revenue, though not quite as dramatic as feared, partly because the vehicular traffic remained steadier than the passenger. The Maine State Ferry Service (MSFS) was proactive in searching for and obtaining Cares Act funding to carry us through this time. A total of \$2M has been received with the possibility of an additional \$1M in the future.

There are several items of concern which predate the pandemic, mostly around loss in revenue. The reasons for them are not totally clear, but the sudden increase in ticket prices two years ago, felt the most by Islesboro, certainly contributed to their traveling on their ferry far less during that time. Because the operating revenue among the islands is shared into the same 'bucket' we all were affected by Islesboro's marked drop. Also, it is felt that the 'Amazon Effect' has resulted in fewer people from all the islands taking a ferry for shopping in person on the mainland than in past years, a trend continuing seemingly into the foreseeable future.

Another worrisome development is that the DOT Legislative Standing Committee has very recently rejected two bills requesting minor wording changes affecting Matinicus and Frenchboro, and called for an examination of the MSFS funding in order to better understand its finances. This is of major concern to the islands served by MSFS as the members of that committee are not from the coast and don't necessarily appreciate the needs, and contributions, of the islands. You will recall that the state pays 50% of the operating costs, with ticket and parking revenues making up the islands' 50% share. If we lose even some portion of that 50% support from the state, it would no doubt put us in uncharted territory. Ticket prices would certainly rise. Remedies already being floated include having the island municipalities contribute tax dollars, or closing island terminals to save money, or both. None of these scenarios would be desirable for North

Haven. They've all been suggested before, and would each be problematic, but with this funding examination happening we should remain engaged and vigilant in this process to avoid these outcomes. The MSFS Advisory Board has written a letter to the Committee and the DOT Commissioner requesting that it have a seat at the table for those discussions. The Selectboards from each island served by the MSFS are also writing a similar letter. It's critical that island voices be heard.

One last slightly less immediate issue we should be engaged in is, believe it or not, our next ferry. In six years, it is projected that we will have a new ferry, one that may be somewhat bigger although that has not been determined. The hope is that the community of North Haven, through its Advisory Board member and its Selectboard, will have a voice in the final design especially in terms of size, vehicle/passenger capacity, type of propulsion, and the number of crew required. There is a distinct advantage in keeping to a 4-person crew, such as on the 'Burgess', in terms of payroll. We have a 2–3-year period for design, and look forward to seeing the process play out. Mark Higgins, the Rockland terminal manager, has assured us that public hearings will be held.

Once again, we are lucky to have excellent crews on the North Haven route, both on the ferry and in the ticket office. As you may know, Patsy Lannon, otherwise known as Ursula, has retired. She left after having handily managed one of the more difficult summers ever with the ongoing Covid-19 demands, including orchestrating the re-paving of the parking lot in August. Jennifer Brown is our new Agent in the terminal with Kate Kirby, Bethany Boivin, and Adriana Adams rounding out the crew. They have all stepped seamlessly into their roles.

We are all looking forward to a more normal summer this year.

As always, if a ferry related issue should arise please contact myself or Rick Lattimer.

Respectfully,

Jon Emerson
Ferry Advisory Board member

TAX ASSESSOR'S 2020 REPORT

The Tax Assessors' primary responsibility is to see that all North Haven properties are assessed equitably and fairly in order that the town's tax burden is appropriately distributed between all taxpayers.

The Tax Assessors monitor all real estate sales transactions in an effort to keep assessed values as closely aligned with just value (sales price) as possible and take note of any irregularities or special situations (sales between family members or abutting property owners). Each arms-length transaction sales ratio is taken into account when establishing North Haven's sales ratio for the year. Trends are not set by one disparate sale but when there are a number of similar results, the assessors consider if and how any assessment procedures or formulas need to be adjusted. During 2020 North Haven certified ratio was 100% which shows, on average, equity between sales prices and assessed values.

In 2019, Pulpit Trust submitted an application for open space public access classification (and therefore a tax reduction) on Sedgwick's Point that was denied by the North Haven assessors. This decision was then appealed by Pulpit Trust so, in line with the appeal process and procedure, the assessors reconsidered the question in 2020. The assessors met several times around this issue. The meetings included lawyers for both sides, a Maine Revenue representative and the Pulpit Trust caretaker. The town's concerns centered around fire danger, genuine public accessibility and property management. Eventually an agreement, taking into consideration the town's concerns was reached between the two parties. The property will include fire department access and turn arounds, helpful and welcoming information encouraging public enjoyment of the property, in case of high fire danger the trails will be closed to the public, and the main trail will be kept trimmed and easily accessible.

Occasionally real estate appraisals are submitted to the assessors as evidence of incorrect assessed value. If these appraisals are done for a reason other than tax assessment review (i.e. estate settlement, divorce dispute, insurance, property sale) they may not accurately take into account a town's assessment values or procedures and cannot be used for tax assessment purpose.

Thanks go to Merton Howard and Scott Higgins for their work on the Assessor's Board in 2020. Many thanks also to Assessors' Agent Tammy Brown for her continued hard work on behalf of the Town of North Haven.

Christie Hallowell
Chair, Board of Assessors

TOWN ADMINISTRATOR - 2020 REPORT

Before starting this report, I took a few minutes to skim through my 2019 report. I smiled at the optimism; we were on a clear path then. Sure, we had a lot to do and decisions to make along the way, but we had a pretty good idea where we were going. I wrote that report on Wednesday, February 19, 2020. We held our annual town meeting less than a month later, on Saturday, March 14, 2020. The meeting began with Sue Ferra, one of the Town's two nurse practitioners, giving a 20-minute presentation on a new phenomenon called COVID-19. People listened to Sue, asked good questions, and wondered. Then we switched gears and got on with the regular business of the meeting.

What a year we've had since.

The good news is North Haven has survived. This is no surprise; people do not choose to spend time on the island because they are timid or weak natured. Yet despite our tendency toward independence and self-reliance as individuals, this year has demonstrated the extent to which we are interconnected, near and far. Our businesses and organizations found ways to remain open and you, their patrons, found ways to support them, whether you were here for the year or as time and travel restrictions permitted. People talked to each other and helped each other. We found ways to catch up, to visit, and to enjoy the island. We should all be thankful for this. North Haven is a beautiful place, but — to paraphrase Gimmy Nichols — it's the people that make all the difference.

When the virus truly broke in the U.S., we encouraged people not to travel. We did not know what we were dealing with and the news from Europe was bleak and disturbing. Using emergency meeting authority granted to municipalities by the State, we held a special town meeting to authorize the movement of funds from several reserve accounts into a special emergency reserve fund. People voted from their cars. The idea was to be able to provide short-term lodging and medical care for people who might have been exposed to the virus and wanted to isolate themselves or who were unable to go to hospitals on the mainland because of travel issues or overcrowded hospitals. Fortunately, we did not have to use these funds. They will revert to their original purposes. With my support, the Select Board decided not to move forward on any of the initiatives we discussed at the Turner Farm meeting in August 2019 and again at Town Meeting in March 2020. Moving forward would have required holding meetings, obtaining meaningful public input, and ultimately borrowing money. The virus created too much uncertainty to do any of this in a comfortable way.

So where are we now?

We did get some things done. The State paved Main Street and Pulpit Harbor Road up to the Union Hall. We were able to piggyback off their contract and get a number of other roads repaved, including the ferry parking lot. We reached an agreement allowing

Penobscot Island Air to fly in and out of Watson's airstrip last summer. The Town purchased an excellent used tanker truck for the Fire Department. We held a subdued, but very moving Memorial Day ceremony. We welcomed Josh Lemoi and his family to the island as our new Sheriff's Deputy and Animal Control Officer. We bought two new containers for the Transfer Station, had used motor oil and vegetable oil hauled away, and decreased the sizes of the metal, mattress, and bulky furniture piles. Our Road Commissioner trimmed encroaching trees and bushes from the roadsides. Our Property Manager put a new roof on the shed at Mullens Head. And our Sewer Department installed heated lines that allow us to add and neutralize chlorine year-round, as required by our state and federal operating permits.

Concerning the initiatives — airstrip, Public Safety Building, waterfront, and traffic and parking — we mostly held tight, as I mentioned above. In 2019 we had two new parking areas built, but we did not get to see whether they helped eliminate congestion in the village because the virus changed the feel of the village last summer. Let's hope this summer is closer to normal. In the Town Warrant that accompanies this Town Report, we are asking voters to approve \$80,000 in new funds to put a new roof on our existing fire station, add insulation and heat to the plow truck bay, and make other changes that will allow us to use the building for a while longer. The idea is to give us time to have a meaningful discussion with the entire community about what's needed for the future. Negotiations between Penobscot Island Air, the Watson family, and the Town are ongoing for this summer. We are also asking voters to decide whether to put a small boat ramp at the end of Waterman Lane.

Making our waterfront more accessible and appealing is a real challenge. More than the other initiatives, realizing the potential of our island status — we are surrounded by water — will require us to decide what we want our community to look like in the coming years. Do we keep everything as it is, maintaining seawalls, docks, roads, access areas as needed? Or do we set our minds on something more transformational, a plan to increase opportunities for aquaculture, recreational boating, commercial fishing, retail and artisan activities, and related activities? Sea level rise and the litigation concerning the right whale species may force our hand to some extent. Yet irrespective of those forces, I believe we need a vision for the Town that will help us coalesce as a community around ideas for the future. My goal is to facilitate a community-wide discussion throughout the spring and summer that leads to a vision statement by October.

In closing my report for this year, I wish to thank the Town's employees, elected officials, and many volunteers for their dedication, flexibility, steadfastness, and genuine kindness in the face of uncertainty and extraordinary events. The same is true of each of you, as our community members. Please continue taking care of our island home and of each other.

Respectfully submitted,
Rick Lattimer

MEDICAL SERVICES BOARD - 2020 REPORT

The Medical Services Board is pleased to report that the North Haven Medical Clinic is functioning well. More importantly, the medical needs of our community are being met with expert and professional care. With the advent of the COVID-19 pandemic, the clinic introduced telehealth to insure continued safe treatment. The table below documents the patient care provided by our FNP's during 2020.

Month	Patients Seen During Office Hours	Patients Seen After Office Hours	House Calls	Telehealth
January	62	9	6	0
February	64	5	3	0
March	43	2	3	0
April	25	10	6	0
May	45	8	6	10
June	60	7	6	16
July	89	10	9	2
August	80	11	6	1
September	92	9	12	0
October	105	8	8	0
November	237	**	3	0
December	86	8	7	1
Total	988	87	75	30

** All day COVID testing

The North Haven Medical Clinic is currently staffed by two family nurse practitioners, Sue Ferra, NP-C and Lorraine M. Reiser, PhD, FNP-C, who work alternate weeks. Kathi Lovell is the office assistant. Carrie Thackeray, MD, is the clinic's consulting physician.

In addition, Emergency Medical Technicians and volunteer First Responders provide call-out and ambulance coverage. You need only to read in the *North Haven News* the unsolicited letters from people who have been cared for by our EMTs to know that they are an island treasure.

The clinic also offers physical therapy with Patience Trainor, PT, on Tuesdays. Licensed Clinical Social Worker Anne Cogger, LCSW, provides individual, group, and family counseling by appointment.

Patient visits:

PT: 123 visits, mostly on Zoom

Counseling: 73 visits, in person 32, telehealth 41

We are pleased to report that the health and wellness of the North Haven community is in the exceptional hands of our professional and caring FNPs, EMTs, and additional dedicated staff. We thank each of them for their hard work, dedication and willingness to serve.

Respectfully submitted,

Laura Jermann, Chair
Medical Services Board

SELECT BOARD'S ANNUAL REPORT - 2020

Dear Citizens of North Haven,

2020: What a year it has been! Let's start with a huge shout out to the Clinic and EMS crew. The entire Board — Linda Darling (vice chair), Alex Curtis, Patsy Lannon, Jeremiah MacDonald, and myself, Jonathan Demmons — would like to thank Sue and Lorraine, our nurse practitioners, Kathi, Jamien, and Sandy, our clinic staff, and Erin Cooper and the entire EMS crew for their care and support during these unprecedented times of COVID-19. Everyone has done an impeccable job keeping us safe during these unusual circumstances.

The Board would like to welcome Josh Lemoi, our deputy, and his family to North Haven. Josh has made himself known to all of you by now. He is doing a great job at community policing on the island. Josh, we appreciate all you have done. Keep up the great work.

Due to COVID-19, we have put Town initiatives on hold. A special town meeting was held to set aside funds to help with COVID-19 disaster relief. As a Board, we would like to thank our team at the Town Office. They always get the job done: Joette DeBlois, Janice Hopkins, Kathy Macy, Tammy Brown, and our town administrator, Rick Lattimer.

Shaun Cooper, on behalf of the Board and the entire Town, thank you for your 38 years of service on the North Haven Fire Department. Chris Stone has volunteered to step into Shaun's boots as Chief. Thank you, Chris. And to all members and volunteers of the NHFS, thank you for your time and service to the community.

The North Haven Water Department — Glen Marquis, Charlie Arthur, and Rex Crockett — make sure they kept the water flowing throughout the island. Their time and commitment is very important to the community. Keeping the water treatment plant and distribution system up a running is a big job. We will soon have a new storage shed for water meters and other supplies at the Pumping Station. And in the fall of 2021, a contractor will repaint the inside and outside of our 280,000-gallon standpipe.

Thibodeau Construction did an amazing job paving on our roads last summer. We all owe a thank you to Road Commissioner Elliott Brown's crew and Josh Lemoi for the work they did to support the project, including traffic control. The paving operation went smoothly, without a hitch. Our island roads and bridges are in good shape.

Our Sewage Treatment Plant has a new heat pump and heated treatment lines that allow us to treat the sewage appropriately all year long. The dirty work done by Scott Higgins and Harold Cooper is greatly appreciated. Janice Hopkins supports the operation by completing the paperwork necessary to keep the State happy.

Thanks to Sarah Cooper, the Town has an A+ rating with ecomaine for our recycling efforts. Peter Cooper, our Transfer Station Manager, has worked with Tim Cooper and

Sarah all year long to clean up used oil and to organize demo, metal, and mattresses and get them off the island. Thank you for your time and effort. We are all grateful.

Lastly, to the citizens of North Haven, we realize 2020 tested everyone's limits. We thank you for the way you pulled together from near and far to support our town. Please get out and enjoy the new ice rink on the ball field and all the Town has to offer.

I wish everyone well. Please remember: we are all in this together. Stay safe, North Haven. I look forward to a prosperous and healthy 2021.

Respectfully submitted,

Jonathan Demmons
Chair, North Haven Select Board

NORTH HAVEN FIRE DEPARTMENT - 2020 REPORT

Due to the Covid-19 pandemic, 2020 was a difficult year for all of us – but especially for first responders. North Haven Fire responded to 27 emergency calls this year, a record for our small department and considerably more than we responded to in 2019.

For the past 3 years, the Fire Department has been focused on upgrading our outdated equipment. During that time, we have been able to purchase a new department computer, new Globe turnout gear for all of our firefighters, new Unication pagers, 5 new Motorola portable radios, a new thermal imaging camera, a new battery powered Stihl cut off saw, a gas meter, and a new (to us) tank truck. With the addition of the new tank truck, the Fire Department now has 4 engine companies. I am a firm believer that you should never ask anyone to volunteer for a job that can be life-threatening without providing them with the best equipment possible, which is why upgrading our equipment has been so important during my time as Fire Chief.

Over the past 20 years, I have been involved in conversations about building a new Fire/EMS station. Unfortunately, it has never gone past that and no action has been taken to accomplish this necessary project. As the Fire Chief, it is hard for me to understand how the town of North Haven can justify having millions of dollars of equipment sitting in a pre-World War II building that is literally falling down around us. We ask our volunteer firefighters and EMS personnel to respond to Covid-related calls, chemical spills, structure fires, and calls involving biohazards and bodily fluids and then return to a station where there is no bathroom, no shower, no sink – not even running water for us to clean up with. Instead, we have to get in our private vehicles and return to our homes where we risk exposing our houses and families to hazardous and dangerous substances in order to clean-up after calls. We get toned out in the middle of the night to respond to a structure fire and open the doors to retrieve the fire engines only to discover that large pieces of the ceiling have fallen down onto the hoods and backs of the trucks. In the middle of a bad winter storm, we receive word from Knox County dispatch that 911 is down and we need to man the station to receive 911 calls. We have to have our volunteers spend 2 hour shifts through multiple nights manning a station where there is no office, no heat, not even a place to make coffee – and if you need to use the bathroom during that time, you have to head outside to the sparse trees behind the station. Any time the power goes out, the entire building loses all heat, some of the bay doors will not open, and we have no 911 system if dispatch is down – all because the building has no generator. This list could go on and on...

It is my hope that the town of North Haven will come to the conclusion that a new Fire/EMS building is a critical and necessary investment in the future of the town.

On a personal note, I have decided that after 38 years on the Fire Department – 14 years as a firefighter, 21 years as the Deputy Chief, and 3 years as the Chief, the time has come for me to retire. This was a very difficult decision for me. I have had

many good times, some great memories, and of course some not-so-great memories, but I wouldn't trade any of it. North Haven is incredibly lucky to have the volunteer firefighters it has. They are a smart, resourceful, dedicated, hardworking, and caring crew. I would not hesitate to put them up against any big-city department because I would be confident that they would hold their own. I wish all the crew the best of luck. Once a brother always a brother. Stay calm, stay smart, and most all – stay safe! I would like to thank all the firefighters, officers, Deputy Chief, and secretary. You are all parts of a team that make the machine run.

Respectfully Submitted,

Shaun Cooper, Fire Chief.

EMERGENCY MEDICAL SERVICES – 2020 REPORT

2020 was a trying year for North Haven EMS as we navigated the ongoing Covid-19 pandemic. Endless hours were spent attempting to obtain personal protective equipment (PPE), training/preparing our first responders, and coordinating vaccine clinics for our department. Maine EMS and national EMS protocols changed and evolved throughout the year on what often felt like an hourly basis. Our goal throughout was to ensure that we had the personnel and equipment necessary to safely respond to emergency calls while keeping our patients and EMTs protected. North Haven is exceedingly lucky to have such a dedicated group of volunteer EMTs and ambulance drivers, which has never been more important than it was this year.

Keeping up with national trends, NH EMS did see a decrease in overall call volume for 2020. We responded to 43 emergency calls including agency assists, medical calls, and multiple trauma calls related to falls, motor vehicle accidents, and bicycle accidents. Of our transporting calls, we transported via Penobscot Island Air 12 times, Lifeflight of Maine 6 times, MSFS twice, and private boat twice. We also had 9 patient refusals and the remaining calls were agency assists with the North Haven Fire Department.

Depending on the response needed, every emergency call requires a coordinated effort between multiple agencies and departments including the Knox County Regional Communications Center (dispatch), the North Haven Clinic, North Haven Fire, the Knox County Sheriff's Office, Penobscot Island Air, Lifeflight of Maine, the Maine State Ferry Service, and multiple private boat captains. We are grateful for all of these agencies, departments, and individuals and continually rely on them to assist us in transporting and treating our patients. We would also like to thank our Nurse Practitioners - Sue Ferra and Lorraine Reiser. NH EMS depends on Sue and Lorraine for ALS but we leaned on them a lot this year while trying to manage the Covid-19 pandemic. Their advice, assistance, and readiness to respond to all EMS calls is invaluable to our department.

North Haven EMS has 10 year-round licensed EMTs and 5 active ambulance drivers who provide emergency care for our community 24 hours/day, 365 days/year. This expectation was daunting this year, but our volunteer first responders handled it with the same steadfast dedication and commitment that they always have. Not a single first responder wavered in their decision to continue responding to EMS calls during this pandemic, even when that option was offered to them. All of our volunteers have full and part-time jobs that sustain them and their families, which makes responding to emergency calls during a pandemic extremely risky. We owe each of these individuals a sincere debt or gratitude for the sacrifices they make to ensure the safety of our community. Thank you!

Through the chaos of this year, it felt especially important to pause and recognize that North Haven EMS lost someone who we considered to be a member of our crew and community. Kevin Waters was an advocate for island EMS who stood by us unconditionally, no matter the personal or professional cost to him or his business. Kevin was loyal, devoted, selfless to

a fault, and saved thousands of lives through his dedication to island EMS. NH EMS would never be able to operate the way we do today without Kevin and his endless generosity and compassion. On average, we depend on Penobscot Island Air for over 65% of our emergency transports. As an island EMT, there is no greater sound than that of a PIA plane flying overhead and we owe that feeling of safety and security to Kevin Waters. Kevin is a hero who was universally respected and adored and he is sorely missed by everyone who had the privilege of knowing him.

Respectfully submitted,

Erin Cooper
Crew Chief

TOWN WARRANT

To Richard M. Lattimer, a resident of the Town of North Haven, in the County of Knox, in the State of Maine,

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of North Haven in said county and state, qualified by law to vote in town affairs, to assemble at the Town Office in said Town, on Saturday, the eighth day of May, A.D. 2021 at eight o'clock in the forenoon, then and there to act upon Article 1 and by secret ballot on Articles 2 through 65, as set out below, the polling hours therefore to be from eight o'clock in the forenoon to two o'clock in the afternoon.

Art. 1 To choose a Moderator to preside at said meeting.

Art. 2. Shall the Town vote to fix the compensation of the Members of the Select Board at \$2,000 for the chair and \$1,000 for each of the others?

Art. 3. Shall the Town vote to raise and appropriate \$38,300 from taxation for Assessors' salaries and expenses?

(Budget Committee recommends approval)

(Select Board recommends approval)

Art. 4. Shall the Town vote to raise and appropriate \$5,000 from taxation for the Revaluation Reserve Fund?

(Budget Committee recommends approval)

(Select Board recommends approval)

(Budget Committee recommends approval)
(Select Board recommends approval)
- Art. 47. Shall the Town vote to raise and appropriate \$8,000 for TAN Interest Charges, \$3,000 coming from taxation and \$5,000 from interest on investments?
(Budget Committee recommends approval)
(Select Board recommends approval)
- Art. 48. Shall the Town vote to raise and appropriate \$52,373 from taxation to pay the Town's share of Social Security?
(Budget Committee recommends approval)
(Select Board recommends approval)
- Art. 49. Shall the Town vote to raise and appropriate \$13,015 from taxation to pay the Town's share of Medicare?
(Budget Committee recommends approval)
(Select Board recommends approval)
- Art. 50. Shall the Town vote to raise and appropriate \$42,922 from taxation for the Town's share of Deferred Compensation?
(Budget Committee recommends approval)
(Select Board recommends approval)
- Art. 51. Shall the Town vote to raise and appropriate \$154,807 from taxation to pay premiums on Insurance Coverage?
(Budget Committee recommends approval)
(Select Board recommends approval)
- Art. 52. Shall the Town vote to raise and appropriate \$20,000 from taxation for Legal Expenses of the Town?
(Budget Committee recommends approval)
(Select Board recommends approval)
- Art. 53. Shall the Town vote to increase the property tax levy established for the Town of North Haven by State law in the event that the municipal budget approved under the preceding articles will result in a tax commitment that is greater than that property tax levy limit?
(Select Board recommends approval)
- Art. 54. Shall the Town vote to set the date that 2021 taxes shall be due and payable as September 30, 2021, and to see if the Town will fix a rate of interest of 6% charged on taxes after said date?
(Select Board recommends approval)

- Art. 55. Shall the Town vote to authorize the Tax Collector to accept tax monies in advance of receiving the tax commitment from the Assessors?
(Select Board recommends approval)
- Art. 56. Shall the Town vote to authorize the Municipal Officers to spend an amount not to exceed 3/12 of the budgeted amount in each budget category of the 2021 annual budget during the period from January 1, 2022 to the 2022 Annual Town Meeting - with the exception of the Snow Removal Account which will be left to the discretion of the Select Board and Road Commissioner?
(Select Board recommends approval)
- Art. 57. Shall the Town vote to authorize the Municipal Officers to make final determinations regarding the closing or opening of roads to winter maintenance pursuant to 23 M.R.S.A. § 2953?
(Select Board recommends approval)
- Art. 58. Shall the Town vote, pursuant to 36 M.R.S.A § 506-A, to set an interest rate of 3% to be paid on overpaid or abated taxes?
(Select Board recommends approval)
- Art. 59. Shall the Town vote to authorize the Assessors to pay out of Overlay for refunded tax abatements and any interest due thereon?
(Select Board recommends approval)
- Art. 60. Shall the Town vote to authorize the Select Board and Treasurer, on behalf of the Town, to sell and dispose of any real estate acquired by the Town for non-payment of taxes thereon, or for non-payment of sewer and water bills, on such terms deemed advisable, and to execute quit-claim deeds for such property, except that the Municipal Officers shall use the special sale process required by 36 M.R.S. § 943-C for qualifying homestead property if they choose to sell it to anyone other than the former owner(s), provided such transactions are given proper notice before completion?
(Select Board recommends approval)
- Art. 61. Shall the Town vote to authorize the Select Board to expend funds from the Reserve Funds, if necessary, for the purposes intended during the ensuing year?
(Select Board recommends approval)
- Art. 62. Shall the Town vote to authorize the Municipal Officers to dispose of town-owned personal property with a value of \$25,000 or less, under such terms and conditions as they deem advisable?
(Select Board recommends approval)

- Art. 63. Shall the Town authorize the Select Board to accept and expend Federal and/or State funds which may be received?
(Select Board recommends approval)
- Art. 64. Shall the Town vote to authorize the Select Board to accept and expend, on behalf of the Town, unrestricted, unconditional gifts not in trust, for any public purpose?
(Select Board recommends approval)
- Art. 65. Shall the Town vote to instruct the Select Board, School Board, and Planning Board to name one member from each board, or the community, to serve on a Search Committee, which will publish seven days in advance of the Annual Town Meeting a list of at least one candidate for each elected position?
(Select Board recommends approval)

The Select Board hereby gives notice that the Registrar of Voters will be in session at the North Haven Town Office for the purpose of revising the list of voters from 7:30 AM. on the day of said meeting until the time that the polls close.
