Director

April 22, 2014

DSS Social Services Board Meeting

*Members Present:* Co-Chair, Paul Delamar, Alma Credle and Pat Nelson-Bullis

*Staff Present:* Bob Johnson - Director, Deborah Jones - Note taker

Medicaid Supervisor, Anita Mayo, reported that the Department was receiving Magi applications. The means was by phone, E-Pass, Mail or in person. The income level is higher for the Magi program than with regular Medicaid. Anita also reported the employee handling the Long Term Care cases changed due to personality issues.

Mr. Johnson reported the NC Association of County Directors was concerned that the commissioners were being misinformed on issues related to NCFast. There are concerns that the Directors issues are not being included and that the State is not doing a good job of relaying problems with the system.

He also reported fears that the State will want the County's to pick up more of overall program costs associated with delivery of services.

Raleigh is no longer sending Program Representatives to counties on a regular basis. Child Support is the only program that has a regular Representative.

The Salvation Army brings food to DSS for distribution to clients. Leftover breads and pastries have been given to DSS employees. Now, county employees are coming to DSS when food arrives. Mr. Johnson does not want DSS employees or county employees participating in this. We are now sending all left over perishable food supplies to the Senior Center or Heart Works to be used with their clientele.

Angelo Midgette has expressed an interest in serving on the DSS Board. If Ms. Miranda Simpson no longer wants to be on the Board, Angelo is a possible candidate.

The Social Services Board meeting went into closed session (Personnel Issue) pursuant to General Statute 143.31811(A)6. No actions were taken to report out.

The next meeting will be May 27, 2014
