

From Beaver Island Public Statement COVID-19 April 23, 2020

Q. I am a property owner wishing to return to the Island soon, what should I be concerned about?

A: We welcome our summer residents back as state orders allow and look forward to when we can all be together in a 'more normal' way.

We ask returning residents to individually **consider when is the best time to safely return.**

We are asking those residents returning home to Beaver Island to **remain in self-quarantine for 14 days**, even if they have no symptoms or known exposure.

We ask that if you do come to the Island while the State Order is in effect, as well as after May 15, 2020, that you please be prepared to self-quarantine. **That means making arrangements to have groceries and supplies delivered to you and bring items not available on the Island with you.** *Deliveries are available by McDonough's Market, the Transit Authority and Commission on Aging.*

We ask that you not go out to the stores when you arrive, or call service workers to fix something; **make plans ahead of time to have work completed in your home before you arrive.** Please refrain from socializing with your neighbors.

We hope that residents will take these precautions and that together we can help slow the spread of the virus and save lives. *We will notify residents as things change. Currently construction, real estate, landscaping, boating and golf activities are open with some restrictions. Parks are open for walking, hiking, biking and other non-group activities.* Go to: www.michigan.gov/COVID19 for more information.

For updated COVID-19 information click on the "Coronavirus 19" Link on either township's homepage www.peainetwp.org or www.stjamestwp.org
