Signature: _____

I hereby acknowledge that I have read and understand this application and state that all the above is correct and agree to comply with all city ordinances and state laws regulating building and construction. The issuance of a Demolition Permit shall not prevent the City of Ruidoso Downs from thereafter requiring the correction of error(s). I agree to pay the Demolition Fee, assessed by the City of Ruidoso Downs.

This application does not grant the permission to start construction if proposed construction is found to be pursued by the State of New Mexico.

Initial: _____

I hereby acknowledge that I have contacted all utility companies (if applicable) prior to the commencement of demolition.

Initial: _____

Demolition site shall be left clear of all building material and debris, filled and graded to the original finished grade and shall be inspected upon completion. All electric, water, sewer and gas services must be turned off prior to demolition. Septic tanks must have top removed and back filled to grade. Damage cause by demolition to the public or private utilities or streets shall be repaired at the expense of the applicant. There shall be NO burning or burying of demolition materials allowed on site. All demolition material must be disposed of in an authorized Class C disposal facility at the owner's or developer's expense.
