Secretary's Report: Mindee Goodrum from York County Soil and Water Conservation District has asked that someone from our commission join the Square Pond Steering Committee. Susan Baker has accepted the position and will keep us posted as to what is going on with this Steering Committee.

Nature Trail: Our Nature Trail saw a great deal of use in 2020. As Spring approaches, we plan to clean up the trail for Spring, Summer and Fall use. Susie suggested that we make benches out of downed trees on the trail to be enjoyed by hikers.
