

# Conservation Committee 13-Jan, 20

## ATTENDEES

Anna Desmond, Susan Baker, Carol

## AGENDA

### Last Meeting Follow-up

1. Reviewed and approved the minutes for 9-Dec meeting

### New Business

- The Town Forest trail is in pretty good shape. An idea was raised to invite community members to “go for a walk” with us. We’ll leverage the Smart Shopper and reach out to a local reporter once the snow melts and additional trail markers are finished.
- Susan would like us to create a cemetery/marker map for genealogist enthusiasts, town historians, and others. This effort could start in the early spring.

## NOTES

- The Commission for unorganized Maine territories approved the CMP corridor
- Chuck shared a Maine DEP report on greenhouse gas emissions.
- Chuck shared the Maine Dept. of Agriculture, Conservation, and Forestry report
- TRLT is seeking grants for parking lot on the newly-acquired Gruber property

## ACTION ITEMS

1. We discussed trail signs and Susan agreed to research some options.
2. Susan will reach out to Ron Rivard re: cemetery mapping.
3. Plan an event for Arbor Day (April 24th)

Check availability/cost of “seed bombs” as a project to do with SES students.

## MEETING ADJOURNED AT 7:50

## NEXT MEETING:

MONDAY, 9-MARCH
