General Fund-Revenue

M & O Tax Collections		As of 9/24/2021, we are at 96% of current budgeted collections. We have collected \$2600 more on delinquent taxes then we had originally budgeted for. It appears Covid had very little impact on tax payments.
Donations		We have received the donations from Citizens State Bank and the BEDC for the Downtown Revitalization. Citizens State Bank donated to the Parks grant also. Those went into Grant Fund- General Fund budget. This will be just donations to the Library and PD. We are not expecting anything else in GF-Revenue except maybe for Easter or Christmas events.
Grant Income		We will apply for another citywide clean up grant from the BVCOG. If we receive it, those monies will be the only grant funds in General Fund. Amount is usually around \$3200 - \$3400.
Animal Control Permits		As expected, revenue has picked up due to code enforcement regarding animal control. That budget remains the same.
Covid Grant Funds		At this time, we are not expecting any additional Covid funds other than the Covid Local Fiscal Relief Fund that will go into Grant Fund- Water Works for water or sewer projects.
Municipal Court Appeals	NEW	We received an appeal this year and had to adjust the budget. These may or may not become a regular occurrence.
Ordinance Violations	NEW	Fines collected for code violations. Putting here instead of Misc Revenue.

General Fund-Expense

Administration-		Salaries for all GF depts on the Employee Pay Scale form.
IT & Computer Services		Budget includes Chromebooks for the council. Balance remaining is antivirus for all computers split between their respective departments.
Audit Fees		Went out for bids this year and have selected a new firm to prepare our annual audits.
Janitorial		Quotes were received and we will be using Tolden's House and Commercial Cleaning for the new fiscal year.
Unemployment		Leaving this in here until we determine what is going to happen with a current claim we are continuing to dispute.
Major Medical, TML Ins and Worker's Comp		We have changed back to a PPO plan for our employees health insurance. that amount will be updated. TML has been updated. Salaries are finalized and Worker's Comp fees have been estimated.
Police Department-		Added another officer salary. Also, added \$3500 to Police Equipment for new body cameras. Will split the cost of a new copier with the court.
Municipal Court-		I have added a Municipal Court Appeals Exp. This is something new that we haven't dealt with before. It shouldn't be used much. Will split the cost of a new copier with the police dept.

2021- 2022 Budget Notes

Library-

The Friends of the Library are volunteering to keep the library open. We have set new policies regarding volunteers and may change hours in the future. As of October 1st, all volunteers must be approved by council. The Friends of the Library have implemented a purchase policy as well due to issues with purchases not approved by all board members.

Streets-

Added 2 new line items; New Equip- Minor and Equip. M & R- Lawn. That way, we can track those better. We will roll over any remaining funds in Street Maintenance & Repair and 5% Street Use Fee to the new fiscal year. Also, will use surplus funds in the General Fund account to help with much needed street repairs.

Fire Department-

Budgeted for 2 sets of Bunker Gear and will do that every year. That is a heavily used item. They have also requested help paying on their air pack loan that they pay annually. They just paid off a fire truck note using Donations. Added \$20,000 to assist with their annual payment for the next fiscal year.

Parks/ACO-

Included our portion of the matching funds for the park grant. Added funds to help purchase new mower(s).

Capital Projects Fund

We have decided to use this account to help pay for a generator for the administration building. We will either close the account or allow it to go dormant until we need it again. The balance remaining was estimated.

Water Works Fund

Added unemployment due to a former employee filed for it. She was let go due to personal injury during winter storm and out for an undetermined amount of time. Added extra for future use also. Added the following line items to break out expenses that have been included into Maintenance & Repair in the past; M & R- Pumps/Lift Stations, Maint Supplies- Auto, Water/Sewer Chemicals, Equip Repair- Auto, New Equip- Minor. 2021 CLFRF funds will be added to the Grant Fund- Water works Fund. Salaries are on the Employee Pay Scale form included in the budget.

Motel Occupancy Tax Fund

The logo signs on the interstate that we pay for on behalf of the hotels have had a significant price increase (doubled). They will give us a credit for the ramp signs this coming year (\$1180). Council decided to pay off the administration building loan this fiscal year so the principal and interest amounts will be removed for the new year.

Debt Service Fund

2016 Series, GO Refunding Bonds will be paid here, including agent fees.

Grant Fund-GF (Fire)

There will be no budget for this fund this year. We did not get the 2nd FAST grant that we applied for.

**Grant Fund- GF (Streets)
(DRP)**

Phase 1 is close to completion. Already begun paying Admin fees for Phase 2. We have the Phase 2 match from the BEDC and ours has already been used so there are no matching funds left to budget.

Grant Fund- Water Works

Unsure when we will start getting any funds on the Mitigation grant. We are hoping we have contracts by December. Per the Grant Admin's suggestion, budgetted a percentage for Admin and Engineering because those are expenses that we will spend first. The grant for the Generator/Manhole project will issue its final payment in the new fiscal year even though the project has been completed for months.

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the No-New-Revenue (NNR) tax rate and Voter-Approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School Districts without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

No-New-Revenue Tax Rate Worksheet	Amount/Rate
1. 2020 total taxable value. Enter the amount of 2020 taxable value on the 2020 tax roll today. SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

1. **Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations
2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The Voter-Approval tax rate for a county is the sum of the Voter-Approval tax rates calculated for each type of tax the county levies. In most cases the Voter-Approval tax rate exceeds the No-New-Revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years.³⁹ In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

The difference between the adopted tax rate and voter-approval tax rate is considered zero in the following scenarios:

- a tax year before 2020; and⁴⁰
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴¹ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴²

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴³

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁴

SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁴⁶

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year⁴⁷.

NOTE: This section will not apply to any taxing units in 2021. It is added to implement Senate Bill 1438 (87th Regular Session) and does not apply to a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a declared disaster in 2020, as provided for in the recently repealed Tax Code Sections 26.04(c-1) and 26.041(c-1).

In future tax years, this section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago.

In future tax years, this section will also apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

We are still waiting to hear when we will be receiving some of the Mitigation Grant monies. I did go ahead and add the match monies in the Water Works Fund.

We figured 12% for Admin and 18% for Engineering and that is probably the only money we would possibly spend next year.

Received the first half of the CLFRF monies in September. We should expect the second half before the end of 2021 - 2022 fiscal year. There will be no expenditures for it this fiscal due to time received.

We have finished work on the Generator and Manhole Grant but it has not been closed out. The final payment will be made in the new fiscal year.
