Roll call- persons present noted above
2. Approval of minutes- Stacia Nevin read minutes of 9-30-21; unanimously approved.
3. Adoption of agenda- Agenda unanimously approved.
4. Regular Business- Jarod Farn Guillette opened discussion with the need to move forward and get the survey done.

James Richardson asked Jarod about the complexity and detail level we should use in a survey. Jarod said the survey should be 30-34 questions. That is a good length. Jarod said 30-34 questions is a good length. Jarod said a good balance between yes/no questions and open ended questions.

Discussion followed about possible subjects such as affordable housing, seasonal work housing, short term rental, land use topics such as solar farm, wind farms, EV charging stations. Are we protecting public access to salt water?

The committee read line by line to decide on each question individually and voted yes or no to keep, delete or revise the question.
