#### **How to Use this Guide**

Check with your jurisdiction regarding type of submittal (paper or electronic) and additional requirements. Draw to scale and complete the following (hint: use graph paper with  $\frac{1}{4}$  squares. Example:  $\frac{1}{4}$  = 1').

- 1 Complete this Building Guide by filling in the blanks on page two and four, and indicating which construction details will be used.
- 2 Provide 2 Plot Plans (site plan) showing dimensions of your project and its relationship to existing buildings or structures on the property and the distance to existing property lines, drawn to scale. See page3.

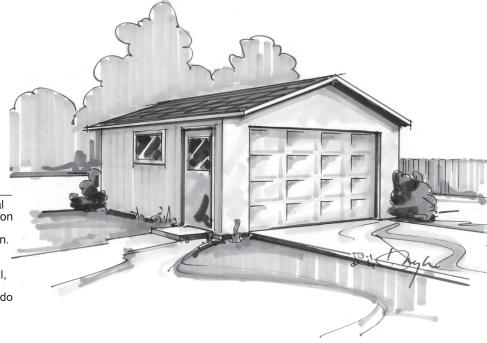

3 Fill out a building permit application.

The majority of permit applications are processed with little delay. The submitted documents will help determine if the project is in compliance with building safety codes, zoning ordinances and other applicable laws.
