The Annual Town Report is dedicated to:

Agnes G. Winn

November 11, 1925 – January 11, 2019

Agnes G. (Mee) Winn was born on November 11, 1925 at Mee's Corner in West Newfield.

Agnes was a lifelong resident of the Town of Newfield. She graduated from the Ethan Stone High School in Newfield in 1942.

After graduating, Agnes volunteered in the Women's Cadet Nursing Corp. and trained as a nurse at Maine Medical Center in Portland.

In 1946 Agnes returned to Newfield and married Frank Winn Jr on July 16, 1946.

Agnes and Frank were married 54 years and had eight children; many of whom still reside in Newfield. She was 93 years old when she passed away.

Agnes was a Veteran, Wife, Mother, Grandmother and Great Grandmother.

She will be missed dearly by her family, friends, and community.

Dear Newfield Residents;

As the end of the 2018-2019 fiscal year comes to an end, the Municipal Officers are once again pleased to report that the financial condition of the town remains in good standing. According to our year end January 2018 audit, the Town of Newfield had a balance in our undesignated funds account of \$849,448.00. This, as mentioned by the town's auditor, is a healthy balance for Newfield given our monthly expenditures; as it is recommended 3 months' worth of expenditures be kept. The Municipal Officers continue to recognize the need to handle these funds in a fiscally responsible manner.

This year the residents of Newfield will be asked to support relocating the salt and sand to our Transfer Station; where we own just over 21 acres. The request of \$40,000.00 in this budget is to start the process of engineering the project; etc. The Select Board over this past year has met with DEP and DOT regarding the location and have received preliminary approval. The need for a storage building to house our sand and salt is great, and the Board would like to start moving this process forward. This will take much community involvement and the Board will be looking at forming a committee to help with public input and research. Be looking for information about this on our website in the coming months.

This coming year we will be making the second and final payment on our SCBA (self-contained breathing apparatus) equipment. Purchasing this new equipment helps to keep our volunteers safe when they help the people of our community in need. In the coming years, the plan is to save based on the life expectancy of the equipment (i.e.: fire truck, SCBA's, ambulance, etc.) to split the cost over years of saving. This will help to keep taxes low while staying current with the safest equipment. After the loan is paid off, money will be appropriated each year working towards the next replacement of this equipment.

The Town Hall was rented out to residents 7 times during the year. A few fundraisers were held to benefit our community members in need or experiencing tragedy, as well as fundraisers to support local organizations that help residents in need. Information regarding renting the Town Hall for a function can be obtained by contacting the Town Office at 207-793-4348 or by email at newfieldso@metrocast.net.

The website for the town, www.newfieldme.org, continues to be added to; in an effort to making access to information much easier. Over this past year the office staff have worked to input all of the information on the website. Some of the added features include; assessment cards, online tax payments, code enforcement forms (i.e.: building, plumbing and electrical permits), voting information and property tax maps. The process has begun in making these maps interactive; so that if you click on a lot the property card will appear. If you have not checked out the website, we encourage you to do so. Information on current and upcoming events is updated as it becomes available. The website is a great tool and source of information.

Our Heating Assistance fund continues to be funded by the generous donations of private citizens and social organizations. With the funds donated we were able to help 14 Newfield residents heat their home this winter season. We thank all of you for making this possible. Keep bringing your returnables to the Transfer Station, they are used to help heat the homes of members of our own community.

Each year funds appropriated for Capital Improvements are used to make upgrades for the betterment of the Town. Over the past year the money appropriated for Capital Improvements has been used for a variety of purposes. The Town Office interior continues to be upgraded. Upgrades included knotty pine tongue and groove walls in the Code Enforcement Office, the computer tower for the CEO was replaced and upgraded with new software. The mapping room was given a fresh coat of paint. The bathroom facilities at the Town Office, Town Hall, and Public Safety Building have been made handicap accessible and are now ADA compliant. The Public Safety Building received some much needed improvements. The roof which had been leaking was resurfaced with a silicone coating that carries a warranty of 20 years. With the roof no longer

leaking, the meeting room and hallways were given a fresh coat of paint. The parking lot was resurfaced with fresh asphalt; this included adding additional parking spaces for the volunteers and widening the entrance/exit.

Plans for the coming years' Capital Improvement funds include the continued restoration and upgrades of the town buildings. The Public Safety Building (PSB) will need to have numerous holes and vents replaced, one of the back doors is in need of replacing or maybe painting, the electrical on the outside of the building needs to have some sort of diverter built to prevent ice from sliding off onto it. Currently, the PSB is experiencing some septic and water issues. The leach field is frozen and until the weather warms and the field thaws an assessment is not able to be completed. The Town Hall will need to have the floors re-finished to help preserve its life, a utility sink will be installed to allow renters to properly clean the facility after use, and the bathroom faucet fixtures are leaking slightly and will be addressed. The Town Office will need to have some rotted trim boards replaced and painted, the well and landscaping are projects that the board is hopeful to accomplish as well. The Transfer Station will be getting some security cameras installed. The Board has received reports from the Transfer Station attendants that metal and other items have gone missing. Allowing individuals to access the Transfer Station when it is closed is a safety and insurance issue. The old fire station needs to have some repairs made to the back side of the building as it has deteriorated and holes are present.

We encourage all residents of Newfield to participate in all areas of our Town. Volunteers are needed to serve on our Appeals Board and Recreation Committee. We are also looking for representatives to serve on the Saco River Corridor Commission (SRCC) and Southern Maine Planning and Development Commission (SMPDC). The Select Board meets on every other Tuesday evening at the Public Safety Building starting at 6:00 pm. All meetings are open to the public, and we encourage all to attend. The Board of Selectmen welcome any suggestions, comments, or concerns.

Please join us for the annual town meeting on Saturday, March 9, 2019 at 7:00pm at the Town Hall (23 South Effingham Road). The election and secret ballot questions will be voted on Saturday, March 9, 2019 from 10 am to 2 pm at the Town Hall or by absentee ballot.

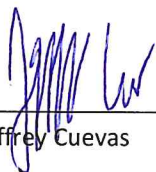

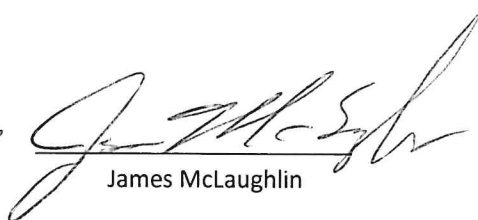

The Board would like to thank David Neville on his 15 years of service to the Town as the Fire Chief. His dedication to the residents of our town and surrounding community is greatly appreciated. Dave will be remaining on the Fire Department as a volunteer firefighter. Thank you Dave, for your continued support. Also, welcome to the new Fire Chief, Jason Neville and new Rescue Chief, Nick Santangelo.

The Select Board would like to recognize Doreen Lofgren, Deputy Town Clerk and Tax Collector for her excellent work in this position. As many of you are aware at the end of March, Doreen will be retiring. Her hard work is very much appreciated. The organization of the office has improved tremendously. The Board offers Doreen well wishes on her retirement.

We will be welcoming a new Board member this coming year, as Jeffrey Cuevas who has been a selectman for the past 6 years will not be seeking re-election. The remaining Board members wish to thank Jeff for his hard work and dedication to our community. Best wishes.

Lastly, the Select Board wishes to extend their appreciation to the many volunteers, board members, committee members, department members and employees that help to make our town operate on a daily basis. We cannot THANK YOU enough for your dedication and generosity to our community.

Sincerely,
Newfield Select Board

Jeffrey Cuevas

129th Legislature
Senate of
Maine
Senate District 33

Senator David C. Woodsome
3 State House Station
Augusta, ME 04333-0003
(207) 287-1505

Dear Friends and Neighbors:

Let me begin by thanking you for allowing me the honor of serving you in the Maine Senate. I am humbled that you have put your trust in me for a third term and can assure you I will continue to work tirelessly on your behalf.

Though we have accomplished a great deal in the four years I have served, there is still much more to be done. Restoring revenue sharing, providing adequate funding to our schools, and increasing vocational opportunities for our students will be a few of my priorities. I hope that everyone sent to Augusta by their constituents is as ready as I am to get to work.

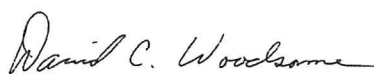

Restoring revenue sharing to 5% is very important. Towns across Maine depend on that funding to complete vital projects. I will do all I can to see that our towns have the resources they need to flourish.

Ensuring that our schools have the funds necessary to educate our students was a top priority during the last Legislature and will continue to be in the 129th Legislature. We need to put an end to cutting programs and having teachers buy supplies for students. The state must pick up 55% of the cost of education, which has been the law for many years now.

Finally, I am a strong advocate for more vocational technical and life skills classes being taught in our local schools. Maine currently has a skilled workforce shortage. Employers are having too difficult a time finding employees with the skills they need. Vocational education will help to fill this gap and address the current shortage of skilled workers at higher paying jobs.

Again, thank you for electing me to serve you in the State Senate. I have a reputation as a bridge builder and a promoter of commonsense solutions. The 129th Legislature certainly has a great deal of work to do; but I believe that if we come together, there is nothing we can't do. Please feel free to contact me at 287-1505 or David.Woodsome@legislature.maine.gov if you have comments, questions or if you would like assistance in navigating our state's bureaucracy.

Sincerely,

Dave Woodsome
State Senator

129th MAINE STATE LEGISLATURE
2 STATE HOUSE STATION
AUGUSTA, ME 04333-0002

REP. HEIDI H. SAMPSON
STATE REPRESENTATIVE
HOUSE DISTRICT 21

January 31, 2019

Dear Friends and Neighbors;

Thank you for allowing me to represent your interests in the Maine State Legislature. You can be assured that I am working diligently on your behalf, and look forward to serving the people of District 21 for the next two years.

I encourage you to reach out with your questions and concerns about state government, and please keep me in mind should you ever need assistance with state agencies. I can be contacted at (207) 287-1440, or through at Heidi.Sampson@legislature.maine.gov.

I expect the upcoming legislative session will address many of Maine's toughest challenges—and opportunities—in regard to the drug crisis, improving education, and growing jobs in rural Maine.

While I expect many legislative proposals to be introduced in the coming months, it is imperative that state spending continues to be responsible, and that new programs are financially sustainable.

Again, thank you for your continued support and feedback. Please, contact me anytime to share your thoughts or concerns on the issues with me. If you would like to be added to my email update list, you can do so by emailing me directly.

Warmest regards from the State House,

Heidi H. Sampson
State Representative

Dear Friends,

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our state have placed in me and welcome this opportunity to share some key accomplishments from this past year.

As Chairman of the Senate Aging Committee, I worked to help ensure the well-being of our seniors. The *SeniorSafe Act* I authored became law last year and is empowering banks, credit unions, and other financial institutions to better protect seniors from financial fraud.

Following extensive committee investigations of prescription drug pricing, additional legislation I crafted became law, ending the egregious practice of pharmacy “gag clauses” that prevented pharmacists from informing patients on how to pay the lowest possible price.

This year, I was also successful in securing an extra \$425 million for Alzheimer’s research—the largest funding increase ever—bringing the total to \$2.34 billion. Additionally, the bipartisan *BOLD Act* I authored will create public health infrastructure to combat Alzheimer’s by promoting education, early diagnosis, and improved care management.

More than 40 million Americans—including 178,000 Mainers—are caregivers for parents, spouses, children, and other loved ones with disabilities or illnesses, such as Alzheimer’s. The *RAISE Family Caregivers Act* I authored was signed into law last year, giving caregivers more resources and training to better balance the full-time job of caregiving. Another law I wrote will help grandparents who are raising grandchildren, largely due to the opioid addiction crisis.

In addition to helping seniors, a major accomplishment over the past year is the increased federal investment in biomedical research that is leading to progress in the fight against numerous devastating diseases. Congress has boosted funding for the National Institutes of Health by \$7 billion in just the last three years, bringing total funding to more than \$39 billion.

One of my highest priorities as Chairman of the Transportation Appropriations Subcommittee is to improve our nation’s crumbling infrastructure and ensure that Maine’s needs are addressed. Since the Better Utilizing Investments to Leverage Development (BUILD) Transportation Grants program, formerly known as TIGER, was established in 2009, I have secured \$160 million for vital transportation projects throughout Maine.

Congress also delivered a Farm Bill last year, which includes many important provisions that will help the agriculture industry in Maine and across the country. Specifically, I secured provisions that will strengthen support for young farmers, improve local farm-to-market efforts, and increase funding for organic research.

Congress took decisive action to address the opioid addiction epidemic. In addition to appropriating \$8.5 billion in federal funding last year, Congress enacted the *SUPPORT for Patients and Communities Act*, a comprehensive package that embraces the multipronged approach I have long advocated for this epidemic: prevention, treatment, recovery, and enforcement to stop drug trafficking.

Maine plays a key role in ensuring a strong national defense. In 2018, Congress provided funding for five ships to be built at Bath Iron Works, which will help to keep our nation safe and provide our skilled shipbuilders a steady job. I also secured more than \$162 million for infrastructure projects at Portsmouth Naval Shipyard to support their important work to overhaul Navy submarines.

A Maine value that always guides me is our unsurpassed work ethic. In December 2018, I cast my 6,834th consecutive vote, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Maine in the United States Senate. If ever I can be of assistance to you, please contact one of my state offices or visit my website at www.collins.senate.gov. May 2019 be a good year for you, your family, your community, and our state.

Sincerely,

Susan M. Collins

RULES AND ADMINISTRATION

Dear Friends,

As I travel Maine, I hear from people who live in every corner of our state. I hear about their achievements, their successes, their work to improve their communities – I hear about the hope they have for our state. I also hear about our challenges, and all the work we have left to do. As I see it, that's my job: to listen to you, act where I can to build on what's good, and work on the tough parts. As 2018 comes to a close, I wanted to take a moment to share an update on some of the work we're doing in Washington to lift up the accomplishments of Maine people and make progress on the challenges they face.

From Portland to Presque Isle, from Milo to Camden, I hear about the pain that the opioid epidemic is inflicting on Maine communities. I've met with Maine people in recovery, family members of those struggling with substance use disorders, treatment providers, and law enforcement officials to learn about their experiences with this terrible disease, and everyone agrees that in order to fully respond to these problems, we need a stronger federal effort to end the opioid epidemic. Fortunately, some help is on the way – in October, we overwhelmingly passed a sweeping, bipartisan opioids bill. I've pushed hard for this type of legislation and was proud to have provisions I've advocated for included in the bill. These priorities have been guided by the voices of Maine people, and we'll keep working to confront this tragic problem.

I've also worked to strengthen the future of our forest economy. Maine's forests have powered our state's economy for generations, especially in our rural communities. So, when rapid shifts in the market led to the closure of many pulp and paper mills and biomass power plants, it required a collaborative approach to support future growth in this important industry. That's why, together with the other members of the state's Congressional delegation, I pushed to establish the Economic Development Assessment Team (EDAT). This integrated, multiagency effort aims to foster innovation and commercialization in Maine's forest economy, and we're already seeing the benefits: in recent months, several forest industry businesses have announced significant investments into Maine operations, and in September 2018, the Forest Opportunity Roadmap (FOR)/Maine released an action plan to make sure this industry, and the rural communities it supports, can continue to thrive for generations to come.

As I close this letter, please allow me to express my gratitude to each of you – for your dedication to our state, and to one another. It's often said that Maine is like a big small town (with very long streets)—that's because at our heart, we're one big community. It's not only a pleasure to serve you— it's a pleasure to know you. Thank you for being the reason Maine is so special. Mary and I hope that 2019 will be a good year for you, your family, your community, and our great State.

Best,

Angus S. King
United States Senator

CONGRESS OF THE UNITED STATES
1ST DISTRICT, MAINE

Dear Friends,

I hope this message finds you well. I am honored to represent you and your family and am grateful for the chance to offer both an update from Congress and my thoughts on the year ahead.

In Maine, we care less about political parties than about getting the job done. That's why I'm happy to report several recent victories I had reaching across the aisle to address issues important to our state.

Signed into law after months of deadlock, the 2018 Farm Bill contained several provisions I introduced. We were able to boost local food investment and organic research programs that are important to the Maine farmers driving a resurgence in our agricultural economy. The bill also created a pilot program to help doctors write prescriptions and offer vouchers to patients who need to change their diet but can't afford fresh food. Finally, the legislation included several steps I introduced to reduce food waste, a national problem that is not only costly to the environment and economy, but a missed opportunity to help millions of Americans who don't have enough to eat.

At the end of 2018, the President signed into law legislative language I introduced to assist veterans who had been blindsided by debt with the Department of Veterans Affairs. After hearing from several veterans who did not receive mailings about their debt until it was too late to take action, I introduced a bill to require the VA to improve its notification system. The final legislation requires that veterans have the option of getting electronic notifications and that the VA report on the underlying issues.

And on the House Appropriations Committee, I worked to protect programs that our state relies on, such as small business grants, rural broadband investment, effective responses to the opioid epidemic, shipbuilding at Bath Iron Works, and more.

As a new Congress gets underway, I will keep working with Republicans to make progress on key issues like these. But with Democrats now in the majority, I look forward to having an open debate on problems that have been ignored for too long. This includes the gun violence plaguing our nation, the dangers climate change presents to our country, crushing student loan debt, the influence of big money in politics, and the need for all Americans to access affordable health care and prescriptions.

In Washington and Maine, my offices stand ready to answer your questions, listen to feedback, and assist with federal issues and agencies. My hard-working staff helps many hundreds of constituents every year and I welcome the chance to serve you.

Best wishes,

RSU 57 prepares respectful, responsible and creative thinkers for success in the global community.

January 2019

To: Newfield Selectmen

I am pleased to report to your community the state of our schools. The information provided is for the current 2018-2019 school year and is inclusive of all schools and will include specific information pertaining to your community.

Curriculum and Instruction: The primary purpose of any public school district is educating all students to be ready for a future of living productively in a democratic society. Students must be able to examine and apply their learning in various learning situations; many of those situations will be novel and will require them to apply critical thinking, reasoned decision-making, and collaborative communication skills in order to be successful.

We are committed to providing more learning experiences that are authentic in nature, allowing students to connect with their interests and to help them discover new interests and talents that will guide them into new opportunities. This commitment has led to the implementation of programming that will allow our high school students to achieve experiences through a pathway experience unique to them.

In order to ensure our commitment to the development of all students, there has been an extensive review and revision to the curriculum and our response to learning practices. The revisions to the curriculum will ensure that required assessments are more aligned and the data we use to address student needs are more reliable.

The District has implemented a new learning management system (Synergy), which we find to be more use-friendly. It provides the information parents seek for supporting their child's academic progress. We hope that this change has addressed the needs expressed to us by our constituents.

Finance and Budget: The Board begins their budget development for the FY20 school year in January. The budget is developed annually based on district goals, needs as expressed by state and federal requirements, staff assessment of necessities to implement the desired outcomes, facility plans, and consideration to local conditions. The Finance Committee will meet weekly over the next few months to prepare a budget for Board consideration. Historical budgets adopted by the Board and approved by the RSU #57 community have consistently proven reliable and on target.

Facilities and Maintenance: The Board and Finance Committee continue to review and update their annual and five year maintenance plans to ensure that the District's aging buildings are both properly and proactively maintained. Our staff makes sure we utilize our maintenance budget as efficiently as possible and keep unexpected repair costs to a minimum. The District continues to ensure that the buildings are well maintained through a structured approach to upgrades on roofing, leach fields, air and water quality, heating and ventilation systems and windows. During the past year the District has begun work on an energy conservation project to improve energy efficiency as it relates primarily to heating, ventilation, windows and lighting. In addition, the Finance Committee has developed a strategic plan to address improvements to the District's campus roadways and parking lots. The vast majority of these projects are performed through the annual school budget and the capital reserve fund. It is through this very strategic approach that the District has been able to control repair and replacement costs and be as efficient as possible in using your local tax dollars.

Enrollment: The total enrollment for RSU #57 was 2,983 students in grades Pre-kindergarten through 12 based on the October 1 count. A total of 179 students from Newfield represent 6% of the total district enrollment:

Alfred Elementary School (K-5)	0
LINE Elementary School (PK-5)	100
Lyman Elementary School (PK-5)	0
Shapleigh Memorial School (PK-5)	0
Waterboro Elementary School (PK-5)	1
Massabesic Middle School (6-8)	28
Massabesic High School (9-12)	50

The total General Fund Budget for the 2018-2019 school year for RSU #57 is \$42,545,917. The Town of Newfield's local portion of this budget is \$1,928,177, which equals 7.62% of the total local tax assessment and represents an increase in Newfield's local tax of \$29,257 or 1.54% over the 2017-2018 assessment. The district per pupil expenditure continues to be one of the lowest in the state, while the instructional programs and services continue to meet the needs of the students.

Educating our children is a cooperative effort between school and community. We welcome your participation in this process. School Board meetings are held on the second and fourth Wednesday of the month at 7:00 p.m. and a schedule of meetings can be found on our website or you can contact RSU #57's Central Office and we can provide this information. Additionally, the District Budget Meeting will be held on Tuesday, May 14, 2019 at the Massabesic Middle School at 7:00 p.m. in the cafeteria. We hope you can attend.

In closing, I would like to thank the communities of RSU #57 for the continued support, enabling us to provide quality experiences aligned to our educational purpose.

Respectfully submitted,

Larry Malone
RSU #57 Superintendent of Schools

County of York Commissioners Office

After serving as your County Commissioner for twelve years and Chairperson of the Board for eleven years, I am reporting to you for the last time. I wish to thank you all for your continued support during my years as County Commissioner.

The County is committed to recognizing community service in York County towns and cities and held the third Spirit of America awards ceremony in November. Twenty nine citizens and/or organizations were recognized for their commitment to their communities and volunteerism. If in your town you have someone to nominate please contact Bruce Flaherty at bwflah@gmail.com

York County continues to be a partner in the Food Pantry and the Child Advocacy Center of York County including providing space for each entity.

The county commissioners approved the funding to support the Layman Way Recovery Center. After two years of collaborative planning it opened in May of 2018. There have been graduates from the program who will now receive after care treatment and who have obtained employment.

YC EMA hosted their annual Emergency Management Open House in September 2018. The Life Flight helicopter made a visit and there were many educational booths illustrating the various resources available in York County.

York County EMA started a UAS (Unmanned Aerial System) / Drone program to assist Towns and Local Responders with Search and Rescue and other response needs during emergencies in the spring of 2017 and to date have provided Local Communities with 27 live assistance missions.

And just recently, the county commissioners approved a plan to start offering medical recovery to inmates at the York County Jail through ENSO Recovery.

Respectfully Submitted,

Sallie Chandler

SACO RIVER CORRIDOR COMMISSION
"Communities Working Together To Protect Our Rivers"

The Saco River Corridor Commission (SRCC) was created with one purpose in mind – to protect the rivers in the Saco Basin and all that these rivers represent to the people that live and work here. The legislature provided the start and the performance standards to initiate the program and the cleanliness of the river is a testament to that effort. The Commission's role is one of partnership. Each town has an opportunity to choose two people to represent them on the board and in this way, the Commission is functioning more as a local/regional group working to keep the water clean and to keep Maine looking like Maine. It's a fact that many people come to Maine from other places. They arrive proclaiming how wonderful Maine is, the clean air, the clean water and all the trees which looks "nothing like where they are from." Invariably, as areas are built up, the values that people sought out change, bringing inappropriate uses to the shore land area that can lead to land and water based problems.

The Town of Newfield currently has no representation on the Commission. In a practical sense, Commissioners give the Town of Newfield an opportunity to participate in the present and future development patterns throughout the entire corridor from Fryeburg to Saco. Anyone interested in obtaining information about how to represent your community through this Commission should contact the Commission Staff and we will explain the town's role and the individual's role as well. Clean, healthy water is Maine's greatest asset. It's hard to understate this important fact.

We are happy to report that we concluded our eighteenth successful Saco River Water Quality Monitoring Program. Currently, staff and volunteers monitor for dissolved oxygen, conductivity, pH, turbidity, temperature, total Kjeldahl nitrogen, total phosphorus, orthophosphate, Alkalinity and *Escherichia coli*. Our testing takes place on a bi-weekly schedule along the Saco, Ossipee, and Little Ossipee Rivers at 35 different locations during the months of May through September. All of the information relating to the past seventeen years of the Commission's monitoring program can be found on our website located at www.srcc-maine.org. This information can be useful for Planning Boards, Code Enforcement Officers and developers in locating appropriate types of land uses close to the River.

The Commission's job is to work with the communities in the Corridor to help keep the rivers clean and healthy. Copies of the water quality monitoring information are available or questions can be asked by calling Dalyn Houser, the Commission's Executive Director. As always, if the town or citizen has a place on the river they believe should be tested, we would love to hear about it. The Commission office is located at 81 Maple Street in Cornish, Maine (Telephone 207-625-8123) and can be found on the web at www.srcc-maine.org.

Newfield Library & Reading Room
Financial Summary for Year Ending Dec. 31, 2018

Beginning balance	\$2,604.20
Donation from Newfield	2,500.00
Income (dues, raffles, pie sale & donations)	2,052.54
Expenses (books, DVD's, supplies, etc)	<u>4,338.72</u>
Ending balance	\$2,818.02

The Newfield Library would like to thank the Town of Newfield for the donation of \$2,500.00 for the year of 2018. We would also like to request a donation of \$2,500.00 for the year 2019.

We would also like to recognize Cheryl Cause for all the hours that she selflessly gives for the betterment of the Town by volunteering her time and work allowing the Library to be open three days a week and one Saturday a month.

A big shout out to all the volunteers for their support as well.

Respectively submitted by Cherie Nightingale, Treas.

To the Citizens of Newfield;

I'd like to wish everyone a healthy and prosperous New Year.

A little reminder on permits, which are required for most of your projects. Any structural change, roof coverage and/or siding coverage change requires a permit. Purchasing a shed or small garage to be placed on your property requires a permit. Any permits you do get, requires an inspection and in some cases a Certificate of Occupancy to be able to occupy it.

Improper installation of solid fuel burning appliances and chimneys and/or vents that go with them has been a growing problem for years. If you do not seek a licensed technician to install these appliances (especially wood burning units); then at least visit my office to get the safety requirement booklets. Keep In mind, the area around these solid burning appliances need to be clear of combustibles. Smoke detectors and in some areas the use of carbon monoxide detectors are required.

**Remember a Certificate of Occupancy is a must for any area that will be occupied by an individual
For Your Safety**

Town of Newfield Planning Board Annual Report for 2018

The Newfield Planning Board is an all-volunteer board appointed by the Newfield Select Board pursuant to Title 30 § 4952 of Maine statutes. Membership consists of five full voting members and two alternate members. The Board has a correspondence secretary and would like to welcome Laurie Elliott into the secretarial position.

The Planning Board meets at the Town Hall on So. Effingham Rd. at 7pm on the first Wednesday of each month. Meetings are open to the public and attendance is encouraged.

2018 was a busy year for the Planning Board. Several applications were received; several ordinances were reviewed and work on the comprehensive plan continued. The process of scanning and backing up planning board records to an external memory device was started.

The Planning Board approved one Conditional Use Permit for a farm store, Harris Turkey Farm, at 267 Bridge St. and a second Conditional Use Permit application for a boat storage lot is under consideration, Balch Lake Marina, on 375 Sanborn Rd.

The Planning Board received, acted upon and approved an application for a 4 lot Minor Subdivision on the Staples Rd., named the Tall Pines Subdivision.

The Planning Board worked on reviewing the town's Growth Ordinance and worked on a Local Food and Community Self-Governance Ordinance that was brought forward by a group of interested citizens. The Local Food and Community Self-Governance Ordinance will be presented to the citizens of Newfield, for a vote, in the form of a warrant article, at the March 2019 town meeting. Currently working on an ordinance for dogs at large and an update on Newfield's Shore Land Zoning Ordinance will be initiated soon.

The updated inventory section of the 1981 Comprehensive Plan has been completed. Southern Maine Planning & Development Commission (SMPDC) was hired to assist the board in completing this stage of the update. This update will be on the referendum ballot at the March 2019 town meeting.

The members of the Planning Board would like to thank all the local citizens that have taken time to volunteer in the Comprehensive Plan, input and update sessions. Public participation is a critical part of the process in updating the town's Comprehensive Plan. Your participation is requested and encouraged in the upcoming year as the final stage of the update is compiled. If you are interested in participating, contact Nichole at the town office at 793-4348.

Respectfully submitted,
The Newfield Planning Board

Laurie Elliot, Recording Secretary

TOWN OF NEWFIELD

2018 ANIMAL CONTROL ANNUAL REPORT

Of the twenty eight dog at large complaints I had to take eight dogs to the shelter in Kennebunk during the year. When called for a dog at large if the dog has tags I am usually able to reunite them with owners thereby avoiding a trip to Kennebunk; I also took five cats to the shelter and received eleven calls.

I also worked with Feral Felines in trapping feral cats that were then neutered and given to farms that were having severe rodent problems which seem to have increased dramatically in 2018.

Another service I provide is transporting to Augusta the frozen heads of animals that are then tested for rabies by the State.

Other calls I receive in addition to lost dogs and cats include possible animal abuse complaints I received six possible cruelty complaints two of which pertained to horses.

I work closely with the Sheriff's department with any cases involving dangerous dogs and have to supply reports to the court in some cases that involve court cases.

I also get calls concerning wild animals; I am not able to respond to any wild animal complaints, Game Wardens will take care of those types of calls but I do respond to reports of possible rabies.

I keep up with the required annual ACO courses most of the courses require travel to Bangor or Augusta.

A current rabies vaccination is required for annual dog licensing to the town, rabies vaccinations protect both animals and humans from this dreaded disease.

You can call me at 207-459-0369 leave a voice mail and I will respond as soon as possible.

Sincerely,

Wade E Andrews

Newfield Animal Control Officer

Newfield Fire Department

85 Water Street
P.O Box 51 W. Newfield ME.
04095

Newfield Fire Department members would like to thank Chief David Neville for his current 15 years as Chief of the department.

We wish him a happy retirement from the Chief's position and would like to thank him for continuing to remain as a member of the fire department as a firefighter; to continue supporting the volunteer system the town has. Again, thank you Chief Neville outstanding job!

This year has been a very busy year for the fire department with 87 calls and updating many pieces of equipment. First, the new tanker/pumper is in service and has responded to calls. The S.C.B.A packs, compressor and cascade system were also replaced; with a thank you going to the townspeople for making this possible. This support by the town gives all of the VOLUNTEERS the safest equipment to work with and is a step forward working to keep all equipment updated as needed.

Our goal this year is to update our forestry unit "Bertha" to an F.M.T.V. style forestry truck which will be user friendly. (BERTHA WILL REMAIN IN THE FIRE DEPARTMENT WITH LIMITED ROLLS.) The members have and will be putting in countless volunteer hours into building the forestry unit to keep costs down for the town. Our plan is to be in service this spring and to continue to work on it as it is in service.

I would like to thank all the volunteer firefighters for the town of Newfield that have given up their time when other people, families, or strangers have an emergency. With that sacrifice of missing family time or work and many other hobbies, to give others help is a sometimes a forgotten sacrifice; which deserves a big THANK YOU!

The same thank you should go out to the many family members that are the support system at home for the firefighters; without that support, we would not have a great fire department. So, thank you all as well.

Please remember to post your house numbers to be seen clearly from the road and at least 3" in size and change those batteries in the smoke/c.o. alarms.

We are always accepting applications to join both Newfield Fire and Rescue Departments. These positions can be support positions, firefighter, EMT positions, and drivers. We would appreciate all the support you can give.

Respectfully submitted,

Jason Neville
Chief Newfield Fire

Newfield Fire Department

Limerick	2
Parsonsfield	5
Shapleigh	5
Wakefield	4
Total	21

Newfield had four mutual aid into the town; one call used two mutual aid fire departments due to a woods extrication from a snowmobile accident

January 31, 2019

Newfield Rescue Squad

2018 had some big changes for the Newfield Rescue Squad. The squad purchased a brand new Zoll “X-Series” cardiac monitor. We started covering the Public Safety Building 7 days a week. Richard McGlincey retired as chief after 40 years.

The x-series cardiac monitor has state of the art technology. We now can upload vital signs and EKG’s via wifi or usb to the online run report system MEFIRS. This allows us to be more accurate with patient reports and is a time saver.

On July 1, 2018 we started staffing the station Sunday through Saturday 8a – 5p. We currently have 2 paramedic’s and 5 EMT’s covering these days. This is a positive move due to the increased needs of EMS services during the day, as well as the call volume has increased over the last year.

Lastly, after 40 years of dedicated service, Richard McGlincey retired as chief of the Newfield Rescue Squad. Dick was one of the founding members of the squad. We would like to thank Dick and Hazel for their commitment and service to the town of Newfield and the Newfield Rescue Squad.

October 24, 2018

Board of Selectmen
Town of Newfield, Maine

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Newfield, Maine ("Town") as of and for the year ended January 31, 2018, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Newfield, Maine as of January 31, 2018, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 7 and 21 through 24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Cummings, Lamont & McNamee, P.A.

(2018-\$1,500.00)

ARTICLE 43. Shall an ordinance entitled “Local Food and Community Self-Governance Ordinance of 2019” be enacted?”

Local Food and Community Self-Governance Ordinance of 2019

An Ordinance to Protect the Health and Integrity of the Local Food System
in the Town of Newfield in the County of York and State of Maine

§1. Title

This ordinance, adopted by the town of Newfield (hereinafter “the Town”), shall be known and may be cited as the “Local Food and Community Self-Governance Ordinance.”

§2. Preamble

We, the People of the Town have the right to produce, process, sell, purchase, and consume local foods thus promoting self-reliance, the preservation of family farms, and local food traditions. We recognize that family farms; sustainable agricultural practices; and food processing by individuals, families, and non-corporate entities offer stability to our rural way of life by enhancing the economic, environmental, and social wealth of our community. As such, our right to a local food system requires us to assert our inherent right to self-government. We recognize the authority to protect that right as belonging to the Town.

We have faith in our citizens’ ability to educate themselves and make informed decisions. We hold that certain federal and state regulations unnecessarily impede local food production and constitute a usurpation of our citizens’ right to foods of their choice. We support food that fundamentally respects human dignity and health; nourishes individuals and the community; and sustains producers, processors, and the environment. We are therefore duty bound under the Constitution of the State of Maine to protect and promote reasonably unimpeded access to local foods.

All individuals have a natural, inherent, and unalienable right to acquire, produce, process, prepare, preserve, and consume the food of their own choosing for their own nourishment and sustenance. Furthermore, all individuals have a right to barter, trade, and purchase food and to save and exchange seed from the sources of their own choosing for their own physical health and well-being. Every individual is fully responsible for the exercise of these rights, which may not be infringed.

§3. Purpose

It is the policy of this State to encourage food self-sufficiency for its citizens. The purpose of the Local Food and Community Self-Governance Ordinance is to:

1. Through local control, preserve the ability of individuals and communities to save and exchange seed, to produce, process, sell, purchase, and consume locally produced foods;
2. Ensure the preservation of family farms and traditional foodways through small-scale farming, food production, and community social events;
3. Improve the health and well-being of citizens of this State by reducing hunger and increasing food security through unimpeded access to wholesome, nutritious foods by encouraging ecological farming;
4. Promote self-reliance and personal responsibility by ensuring the ability of individuals, families and other entities to prepare, process, advertise, and sell foods directly to customers intended solely for consumption by the customers or their families;
5. Enhance rural economic development and the environmental and social wealth of rural communities; and
6. Protect access to local food through direct producer-to-consumer transactions.

§4. Definitions

As used in this ordinance, unless the context otherwise indicates, the following terms have the meanings stated below:

- A. **COMMUNITY SOCIAL EVENT:** An event where people gather as part of a community for the benefit of those gathering or for the community, including, but not limited to, a church or religious social, school event, potluck, neighborhood gathering, library meeting, traveling food sale, fundraiser, craft fair, agricultural fair, and other public events.
- B. **DIRECT PRODUCER-TO-CONSUMER TRANSACTION:** An exchange of local food within a local food system between a producer or processor and a consumer by barter, trade, or purchase on the property or premises owned, leased or rented by the producer or processor of the local food; at roadside stands, fundraisers, and community social events; or through buying clubs, deliveries or community supported agriculture programs, herdshare agreements, and other private arrangements.

- C. LOCAL FOOD SYSTEM: A food system that integrates food production, processing, consumption, direct producer-to-consumer transactions, and traditional foodways to enhance the environmental, economic, social, and physical health of the municipality and its residents.
- D. LOCAL FOOD: Any food or food product that is grown, produced, processed, or prepared by individuals who exchange that food directly with consumers.
- E. CONSUMER: An informed individual who acquires local food directly from a processor or producer.
- F. PROCESSOR: An individual who processes or prepares products of the soil or animals for food or drink.
- G. PRODUCER: A farmer or gardener who grows or raises any plant or animal for food or drink.
- H. TRADITIONAL FOODWAYS: The cultural, social, and economic practices related to the production and consumption of food and the conveying of knowledge regarding food production and preparation.
- I. FOOD OR FOOD PRODUCTS: means food or food products intended for human consumption, including, but not limited to, milk or milk products, meat or meat products, poultry or poultry products, fish or fish products, seafood or seafood products, cider or juice, acidified foods, fresh or canned fruits or vegetables, but excluding marijuana, marijuana products, marijuana concentrate, marijuana plants, marijuana flowers, marijuana trim or any other marijuana-derived substance of any kind, whether for adult or recreational use or medical use or otherwise.

§5. Authority

This ordinance is adopted and enacted pursuant to the inherent, inalienable, and fundamental right of the citizens of the Town to self-government, and under the authority recognized as belonging to the people of the Town by all relevant state and federal laws including, but not limited to the following:

The Declaration of Independence of the United States of America, which declares that governments are instituted to secure peoples' rights, and that government derives its just powers from the consent of the governed.

Article I, §2 of the Constitution of the State of Maine, which declares *inter alia*: "all power is inherent in the people; all free governments are founded in their authority and instituted for their benefit, [and that] they have therefore an unalienable and inalienable right to institute government and to alter, reform, or totally change the same when their safety and happiness require it."

Article VIII, Part Second of the Constitution of the State of Maine, which establishes Home Rule: "The inhabitants of any municipality shall have the power to alter and amend their charters on all matters, not prohibited by Constitution or general law, which are local and municipal in character."

§1-A of Title 7 of the Maine Revised Statutes, which states *inter alia*: “The survival of the family farm is of special concern to the people of the State, and the ability of the family farm to prosper, while producing an abundance of high quality food and fiber, deserves a place of high priority in the determination of public policy. For this purpose there is established the Department of Agriculture, Forestry, and Conservation”

§1-B of Title 7 of the Maine Revised Statutes, which states *inter alia*: The [...] preservation of rural life and values in the State [is] to be the joint responsibility of all public agencies, local, state and federal, whose policies and programs substantially impact the economy and general welfare of people who reside in rural Maine, such as the development and implementation of programs that assist in the maintenance of family farms [...] and improve health and nutrition.

§284 of Title 7, Chapter 8-F, Maine Food Sovereignty Act, which states *inter alia*: “a municipality may adopt ordinances regarding direct producer-to-consumer transactions and the State shall recognize such ordinances by not enforcing those state food laws with respect to those direct producer-to-consumer transactions that are governed by the ordinance.”

§3001 of Title 30-A of the Maine Revised Statutes, which implements Home Rule and grants municipalities all powers necessary to protect the health, safety, and welfare of the residents of the Town where those powers have been conferred on the towns by the Legislature or not otherwise limited.

§6. Statements of Law

- A. **Right to Self-Governance.** Citizens the Town have the right to a form of governance which recognizes that all power is inherent in the people, that all free governments are founded on the people’s authority and consent.
- B. **Right to Acquire and Produce Food.** Citizens of the Town possess the right to save and exchange seed and to produce, process, sell, purchase, and consume local foods of their choosing.
- C. **Exemption from Licensure and Inspection.** The producers and processors of local food intended for direct producer-to-consumer transactions in the Town governed by this ordinance shall be exempt from state licensure and inspection. In accordance with Section 284 of the Maine Food Sovereignty Act, the State of Maine shall not enforce those state food laws, rules, or regulations with respect to those transactions as defined in Section 4 of this ordinance. The transactions enumerated in Section 4 are governed by this ordinance and provide the context otherwise indicated as stated in Section 282 of the Maine Food Sovereignty Act.
- D. **Meat and Poultry.** This ordinance is not applicable to any meat or poultry products that are required to be produced or processed in compliance with the Maine Meat and Poultry Inspection Program.

This ordinance is applicable to shared animal ownership agreements in compliance with the federal acts as defined in Title 22, Chapter 562-A, §2511 of the Maine Revised Statutes.

E. **Marijuana.** This ordinance is not applicable to marijuana, marijuana products, marijuana concentrate, marijuana plants, marijuana flowers, marijuana trim or any other marijuana-derived substance of any kind, whether for adult or recreational use or medical use or otherwise.

F. **Liability Protection.** Producers and processors of local food may enter into private agreements with consumers to waive any liability for the consumption of local food .

§7. Civil Enforcement.

Any individual citizen of the Town shall have standing to enforce any rights secured by this ordinance which have been threatened or contested by any person, whether natural or juridical, and may seek relief both in the form of injunctive and compensatory relief from a court of competent jurisdiction.

§8. Effect

This ordinance shall be effective immediately upon its enactment.

§9. Severability Clause

To the extent any provision of this ordinance is deemed invalid by a court of competent jurisdiction, such provision will be removed and the balance of the ordinance shall remain valid.

§10. Repealer

All inconsistent provisions of prior ordinances adopted by the Town are hereby repealed, but only to the extent necessary to remedy the inconsistency.

§11. Human Rights and Constitutionality

Nothing in this ordinance shall be construed as authorizing any activities or actions that violate human rights protected by the U.S. Constitution or the Constitution of the State of Maine.

ARTICLE 44. To see what sum the town will vote to raise and appropriate for the Village Library and Reading Room of Newfield for the year ensuing. Requested \$2,500.00

Recommendation of the Finance Committee and Select Board: \$2,500.00. Raise \$2,500.00
(2018-\$2,500.00)

ARTICLE 45. To see if the town will vote to raise and appropriate the requested \$3,500.00 for the BLIMP Association, to combat Milfoil on the Maine side of Balch Lake.

Recommendation of Finance Committee: \$2,000.00. Raise \$2,000.00.
Recommendation of Select Board: No recommendation
(2018-\$2,000.00)

ARTICLE 46. To see if the town will vote to raise and appropriate the requested \$2,000.00 for the Rock Haven Lake Association, to help in preventing and monitoring of invasive plants.

Recommendation of Finance Committee: \$2,000.00. Raise \$2,000.00.
Recommendation of Select Board: No recommendation
(2018-\$2,000.00)

ARTICLE 47. To see if the town will vote to raise and appropriate \$1,200.00 to assist York County Community Action whose mission is to alleviate the effects of poverty, attack its causes, and to promote self-sufficiency of the people of York County.

Recommendation of Finance Committee: \$0.00
Recommendation of Select Board: No recommendation
(2018-\$1,200.00)

ARTICLE 48. To see if the town will vote to raise and appropriate \$1,000.00 to assist Southern Maine Agency on Aging; a non-profit organization, who provides resources and assistance to improve the well-being of Maine's older population.

Recommendation of Finance Committee: \$0.00
Recommendation of Select Board: No recommendation
(2018- 1000.00)
