

Climate Ambassadors

Concerned about climate change but unsure where to start? **Become a climate ambassador!**

Climate ambassadors is a free program that trains MDI residents to be informal climate change experts and communicators. This program is for anyone, no prior knowledge or training is required.

The program will begin in October 2022 and consist of 6 meetings. Free food, childcare, & need-based stipends available.

aclimatetothrive.org/ambassadors

Application Deadline

October 2nd, 2022

Learn About

- Major drivers of climate change in Maine
- High-impact climate action strategies
- Local climate action plans
- How to effectively communicate about climate change
- How your unique skill set, interests, and connections can be applied to climate solutions

Training MDI residents to tap into their unique skills and networks to take meaningful climate action and inspire others to join them.

The program will be facilitated by A Climate to Thrive in collaboration with Bar Harbor, Mount Desert, and Tremont.
