Building/Grounds/Maintenance

Station Maintenance:

- Two of the radiant heaters are not operating in the apparatus bays, we have been working with a vendor to repair or replace the heater.

Apparatus

Apparatus Out of Service:

- 1261 had a substantial coolant problem that placed the apparatus out of service. It turned out the water pump and a coolant valve needed repairs.

Significant Calls of Interest

- 1/9/18-#18-0019-Structure Fire- 1263 responded to Mukwonago for a mutual aid request for one engine direct to incident for a structure fire. Upon arrival VFD crew was assigned to overhaul.
- 1/26/18-#18-0052-Structure Fire- 1276 responded to East Troy for a MABAS request on the first alarm for one squad direct to incident. 1276 assisted with vertical ventilation and then assigned to assist with overhaul operation on the interior.
- 1/27/18-#18-0023-Vehicle Fire- Crew in station noticed a fully involved vehicle fire in the park and ride across the street and the Crew responded with 1261 and extinguished the fire before the Big Bend Fire Department responded, the Crew then assisted Big Bend Fire Department with clean up. This was a good example of working together and having the customer receive an excellent level of service.
- 1/30/18-#18-0060-Structure Fire- 1276 and 1201 responded to Wales/Genesee for an automatic aid request for one squad and chief to respond direct to incident. 1201 was assigned to operations on division two. 1276 was assigned to overhaul on division two.
- 1/30/18-#18-0061-Vehicle Fire- 1261 responded for a vehicle fire in Vernon on NB I-43. Crews extinguished fire of a semi-tractor. Smoke could be seen from miles away and also caused the need to shut down the Interstate while the fire was extinguished.
