6. Public Comments:

1 st Name	Residence	Support/Oppose	Comments
Becky	Village	Opposed	Easier to commit crimes, public safety concerns, how will this affect property values and the community
Dick	Village	Opposed	Concerns about this facility bringing in drug cartel issues and illegals into the area
Janice	Jerome Township	Support	Dispensaries are well run and expensive, this will not bring "riff raff" into our area, should not cause any traffic issues with proposed locations
Sue	Jerome Township	Support	It will help economic development in the Village. Stated that getting a license in the State of Michigan is a highly-regulated process and customer must be 21 years or older, highly regulated, cited health benefits
Tim	Edenville	Support	Good for community and business dollars
Cindy	Jerome Township	Opposed	Concerned about having this with the children and schools in the area. How much revenue will it really bring in? No issues with people who use it – just not in our area
Bonnie	Village	Opposed	Concerns about smells from grow facility, security issues, lighting issues
Don	Village	Opposed	Not needed in village of Sanford, available in Coleman
Mike	Oxford	Support	Thinks the Village should have more than one license
